C Sources of Authority

This handbook provides procedure for multiple livestock programs. The programs are separated by part in this handbook. See the applicable part for the source of authority and regulations for a specific program.

2-20 (Reserved)

Part 2 Livestock Indemnity Program (LIP)**Section 1 Basic LIP Provisions****21 General Information****A Purpose**

This part provides instructions for administering LIP.

LIP provides monetary assistance to eligible livestock owners and livestock contract growers, for eligible livestock deaths in excess of normal mortality that occurred in the calendar year for which benefits are being requested as a direct result of an eligible adverse weather event, including losses because of hurricanes, floods, blizzards, disease, wildfires, extreme heat, and extreme cold. Eligible livestock deaths must have occurred:

- on or after January 1, 2008, and before October 1, 2011
- in the calendar year for which benefits are being requested.

Note: Because feed can be purchased or otherwise obtained in the event of a drought, drought is not an eligible adverse weather event except when anthrax, as a related condition that occurs as a result of drought, results in the death of eligible livestock.

B Source of Authority

LIP will be administered using funds from the Agricultural Disaster Relief Trust Fund established under section 902 of the Trade Act of 1974, as amended by the 2008 Farm Bill under Titles XII and XV of the Food, Conservation, and Energy Act of 2008, Pub. L 110-246.

The regulations for LIP are provided in 7 CFR Part 760, Subparts B and E.

C Public Information

Follow instructions in 2-INFO for providing information about LIP.

D Modifying Provisions

Provisions in this handbook shall **not** be revised without prior approval from the National Office. Requests for revisions shall be addressed to the Livestock Assistance Program Manager, through DAFP.

21 General Information (Continued)**E Forms**

Forms, worksheets, applications and other documents other than those provided in this handbook or issued by the National Office shall not be required for implementing LIP.

Any document that collects data from a participant, regardless of whether the participant's signature is required:

- is subject to the Privacy Act and information collection procedures
- requires clearance by the following offices:
 - National Office program area
 - MSD
 - OMB.

F Related Handbooks

See Part 1 for handbooks related to LIP.

22 Responsibilities**A STC Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and E, STC's shall:

- direct the administration of LIP
- ensure that FSA State and County Offices follow LIP provisions
- thoroughly document all actions taken in the STC minutes
- handle appeals according to 1-APP

22 Responsibilities (Continued)

A STC Responsibilities (Continued)

- require reviews be conducted by DD according to subparagraph 75 D to ensure that County Offices comply with LIP provisions

Note: STC may establish additional reviews to ensure that LIP is administered according to these provisions.

- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments according to subparagraph 43 F
- establish normal mortality rates for each livestock kind/type and weight range according to subparagraph 41 I
- establish eligibility criteria for livestock deaths because of extreme heat and extreme cold according to subparagraph 41 A.

Important: STC shall ensure that COC thoroughly documents each case to ensure that:

- in fact the cause of loss was because of extreme heat or extreme cold
- management decisions were not the cause of loss
- the extreme heat or extreme cold was such an abnormality that it could reasonably cause the deaths.

B SED Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and E, SED's shall:

- ensure that County Offices follow LIP provisions
- handle appeals according to 1-APP
- ensure that DD conducts reviews according to subparagraph A

Note: SED may establish additional reviews to ensure that LIP is administered according to these provisions.

- ensure that **all** County Offices publicize LIP provisions according to subparagraph D
- immediately notify the National Office Livestock Assistance Program Manager of software problems, incomplete or incorrect procedures, specific problems, or findings
- take any oversight actions necessary according to subparagraph 43 F to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments.

22 Responsibilities (Continued)

C DD Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and E, DD's shall:

- ensure that COC's and CED's follow LIP provisions
- conduct reviews according to subparagraph 75 D, and any additional reviews established by STC or SED according to subparagraph A and B
- provide SED with report of reviews conducted according to subparagraph 75 D
- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments according to subparagraph 43 F
- closely monitor the number of third party certifications approved by COC according to subparagraph 73 G

Important: If the number of participants using third party certifications is excessive when compared to surrounding counties, DD shall take all necessary action to ensure that the claimed losses are reasonable and that the provision is not being abused.

- ensure that County Offices publicize program provisions according to subparagraph D.

D COC Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and E, COC's shall:

- fully comply with all LIP provisions
- ensure that CED fully complies with all LIP provisions
- review, approve and/or disapprove, and document in the COC minutes all third party certifications according to subparagraph 73 G

Important: COC shall **not** delegate authority to review third party certifications to CED or PT's.

22 Responsibilities (Continued)

D COC Responsibilities (Continued)

- *--ensure that CED provides DD with a monthly written report of all reviews of third--* party certifications according to subparagraph 73 G
- act on completed FSA-914's for LIP according to paragraph 75
- handle appeals according to 1-APP
- thoroughly document all actions taken in the COC minutes

Important: All the following **must** be thoroughly documented for all LIP program determinations made by COC:

- all factors reviewed or considered
 - all documentation reviewed
 - references to applicable handbooks, notices, and regulations
 - all sources of information obtained for review or consideration.
- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments according to subparagraph 43 F
 - ensure that producers receive complete and accurate program information

Note: Program information may be provided through the following:

- program leaflets, newsletters, and print media
 - meetings
 - radio, television, and video
 - County Office visits.
- ensure that LIP general provisions and other important items are publicized as soon as possible after information is received from the National Office, including but not limited to, the following:
 - notice of loss and application for payment deadlines
 - payment limitation and attribution
 - eligible livestock
 - basic participant eligibility criteria
 - general data required to complete application.

Note: The LIP Fact Sheet may be used to provide some of the information in this subparagraph. The fact sheet is available online at <http://disaster.fsa.usda.gov>.

22 Responsibilities (Continued)

E CED Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and E, CED's shall:

- fully comply with all LIP provisions
- ensure that County Office employees fully comply with all LIP provisions
- act on completed FSA-914's for LIP according to paragraph 75

Note: CED may delegate approval authority to program technicians for routine cases where proof of death is provided according to subparagraph 73 E. Document all delegations in COC minutes.

program technicians shall **not** be delegated authority to:

- disapprove any FSA-914
 - approve any FSA-914 where contemporaneous record or third party certification is used to prove loss.
- *--provide DD with a monthly written report of all third party certifications according to subparagraph 73 B--*
 - ensure that all program and payment eligibility requirements have been met by producers before issuing any payment to ensure that IPIA provisions are met

Note: See subparagraph 43 F for additional information.

- handle appeals according to 1-APP
- ensure that producers receive complete and accurate program information
- immediately notify SED, through DD, of software problems and incomplete or incorrect procedures
- ensure that all participants receive a copy of Exhibit 7 when they file an application according to paragraph 76
- ensure that general provisions and other important items are publicized according to subparagraph D and copies are retained in the County Office.

22 Responsibilities (Continued)

F Program Technician Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and E, the program technician shall:

- fully comply with all LIP provisions
- immediately notify CED of software problems and incomplete or incorrect procedures
- ensure that producers receive complete and accurate program information
- ensure that all participants receive a copy of Exhibit 7 when they file an application according to paragraph 76
- ensure that all program and payment eligibility requirements have been met by producers before issuing any payment to ensure that IPIA provisions are met.

Note: See subparagraph 43 F for additional information.

Section 2 Policy and Procedure

40 Signup Period

A 2008-2009 LIP Signup

Livestock owners or contract growers who suffered livestock losses during 2008 and 2009 can signup for LIP beginning July 13, 2009.

Livestock owners or contract growers who suffered livestock losses during calendar year 2008 shall provide a notice of loss and file an application for payment in their administrative County Office no later than September 13, 2009.

Livestock owners or contract growers who suffered livestock losses during January 1, 2009, through July 12, 2009, shall provide a notice of loss no later than September 13, 2009, and an application for payment must be filed no later than January 30, 2010.

Livestock owners or contract growers who suffered livestock losses during July 13, 2009, through December 31, 2009, shall file:

- a notice of loss no later than 30 calendar days of when the loss of livestock is apparent to the participant
- an application for payment no later than January 30, 2010.

Note: For notice of loss, complete FSA-914, Parts A and B.
For application for payment, complete FSA-914, Parts C through H.

Important: There are **no** late-filed provisions for LIP. FSA shall not refuse to accept a producers request to file FSA-914. However, FSA-914's submitted by participants after the end of the applicable filing date shall be disapproved because they were not filed during the application period.

The application period for LIP is a matter of general applicability to all participants; therefore, disapproval of FSA-914's filed after the end of the applicable application period is not appealable.

40 Sigup Period (Continued)**B 2010-2011 LIP Signup**

For 2010 and subsequent years losses, livestock owners and contract growers that suffer a loss of livestock shall file:

- a notice of loss the earlier of the following dates:
 - 30 calendar days of when the loss of livestock is apparent to the participant
 - 30 calendar days after the end of the calendar year in which the loss of livestock occurred
- an application for payment no later than 30 calendar days after the end of the calendar year in which the loss of livestock occurred.

Important: There are **no** late-filed provisions for LIP. FSA shall not refuse to accept a producer's request to file FSA-914. However, FSA-914 submitted by participants after the end of the applicable filing date shall be disapproved because they were not filed during the application period.

The application period for LIP is a matter of general applicability to all participants; therefore, disapproval of FSA-914's filed after the end of the applicable application period is not appealable.

41 Eligibility Criteria

A Eligible Adverse Weather Event

To be considered eligible to receive benefits under LIP, livestock **must** have died in excess of normal mortality as a direct result of an eligible adverse weather event as follows:

- on or after January 1, 2008, and before October 1, 2011
- no later than 60 calendar days from the ending date of the applicable eligible adverse weather event
- in the calendar year for which benefits are being requested.

Exception: Drought is **not** an eligible adverse weather event **except** when associated with anthrax, a condition that occurs because of drought and results in the death of eligible livestock.

State Offices are responsible for establishing eligibility criteria for livestock deaths because of extreme heat and extreme cold. STC shall ensure that COC thoroughly documents each case to ensure that:

- in fact the cause of loss was because of extreme heat or extreme cold
- management decisions were not the cause of loss

***--Exception:** Poultry and swine livestock confinement operations shall follow good management practices and the confinement facility's operating equipment shall meet industry standards to be eligible for LIP.

Poultry and/or swine death losses that are attributed to an adverse weather event causing the confinement operation's equipment to malfunction shall not be eligible for compensation under LIP if:

- good management practices are not followed
- the confined livestock operation's facilities do not possess all the equipment that meets industry standards such as, but not limited to, backup generators, alarm systems, fans, etc.
- management decisions were made not to take the necessary measures that could have prevented the loss.--*
- the extreme heat or extreme cold was such an abnormality that it could reasonably cause the deaths.

41 Eligibility Criteria (Continued)

A Eligible Adverse Weather Event (Continued)

Livestock deaths because of insufficient or contaminated water or feed during a drought are considered to be the result of management decisions and are not eligible for LIP.

Exception: Drought is **not** an eligible adverse weather event **except** when associated with anthrax, a condition that occurs because of drought and results in the death of eligible livestock.

Participants that apply for livestock deaths that are caused by disease are required to provide documentation to support how disease was accelerated or exacerbated by an eligible adverse weather event before COC approves the LIP application. Diseases that can be prevented by implementing and following acceptable management practices, such as vaccination, shall not ~~be~~ considered an eligible cause of livestock death loss under LIP. For example, cattle can be vaccinated to prevent anaplasmosis, pneumonia, infectious bovine rhinotracheitis, and parainfluenza. Vaccination is an acceptable management practice to prevent anaplasmosis, pneumonia, infectious bovine rhinotracheitis, and parainfluenza in cattle and these diseases are not considered an eligible cause of loss under LIP.--*

Notes: Livestock losses that are not weather related are not eligible for LIP.

Blackleg is a highly fatal disease of young cattle caused by, for example, the spore-forming, rod-shaped, gas-producing bacteria *Clostridium chauvoei*. Blackleg is almost entirely preventable by vaccination; therefore, blackleg is **not** an eligible cause of livestock death loss under LIP.

The eligible adverse weather events have been further defined to include anthrax, blizzards, disease, if accelerated or exacerbated by another eligible adverse weather event, earthquake, extreme cold, extreme heat, floods, hail, hurricanes, lightning, tornado, tropical storm, typhoon, wild fire, and winter storm.

41 Eligibility Criteria (Continued)**B Eligible Livestock for Owners**

To be eligible livestock for owners under LIP, the livestock must meet all of the following:

- been owned by an eligible livestock owner on the day the livestock died
- been maintained for commercial use as part of a farming operation on the day the livestock died

Note: Food, Conservation, and Energy Act of 2008, Section 901(c) limits payments to eligible producers “on **farms**” that have incurred livestock death losses in excess of normal mortality.

- died as a direct result of an eligible adverse weather event:
 - on or after January 1, 2008, but before October 1, 2011, and
 - no later than 60 calendar days from the ending date of the applicable eligible adverse weather event, but before October 1, 2011, and
 - in the calendar year for which benefits are being requested
- before dying, not have been produced or maintained for reasons other than commercial use as part of a farming operation, such as but not limited to, recreational purposes, pleasure, hunting, roping, pets, or for show

41 Eligibility Criteria (Continued)

B Eligible Livestock for Owners (Continued)

- been 1 of the following, as defined in paragraph 23:
 - adult or nonadult beef cattle
 - adult or nonadult beefalo
 - adult or nonadult buffalo
 - adult or nonadult dairy cattle
 - elk
 - alpacas
 - deer
 - emus
 - equine animals
 - goats
 - llamas
 - poultry, including egg-producing poultry
 - reindeer
 - sheep
 - swine

Important: If an animal was pregnant at the time of death, only the pregnant animal that died is eligible for payment under LIP. The unborn animal is **not** considered eligible livestock under LIP.

See paragraph:

- 23 for definitions of eligible livestock, commercial use, and farming operation
- 42 for further delineation of eligible livestock by payment rate.

C Eligibility for Newborn or Stillborn Animals

Animals that were born at a normal full-term or near full-term shall qualify for LIP if both of the following apply:

- the death was the direct cause of the eligible adverse weather event
- the birth produced a fully developed carcass that normally would have survived under normal weather conditions.

Note: Animals that died before they reached full-term or near full-term and would not normally survive under normal conditions do not qualify for LIP benefits.

41 Eligibility Criteria (Continued)

D Eligible Livestock for Contract Growers

To be eligible livestock for contract growers under LIP, the livestock must meet all of the following:

- been in the possession of an eligible contract grower on the day the livestock died
- been maintained for commercial use as part of a farming operation on the day the livestock died
- ***--Note:** Food, Conservation, and Energy Act of 2008, Section 901(c) limits payments to eligible producers **on farms** that have incurred livestock death losses in excess of normal mortality.--*
- died because of an eligible adverse weather event:
 - on or after January 1, 2008, but before October 1, 2011, and
 - no later than 60 calendar days from the ending date of the applicable eligible adverse weather event, but before October 1, 2011, and
 - in the calendar year benefits are being requested
- been 1 of the following, as defined in paragraph 23:
 - poultry, including egg-producing poultry
 - swine.

See paragraph:

- 23 for definitions of eligible livestock, commercial use, and farming operation
- 42 for further delineation of eligible livestock by payment rate.

Note: The contract grower **shall** provide a copy of the grower contract to the administrative FSA County Office to prove that the participant had possession of the livestock on the day the livestock died.

41 Eligibility Criteria (Continued)

E Ineligible Livestock

Animals **not** eligible for LIP include, but are not limited to, the following:

- livestock produced or maintained for reasons other than commercial use as part of a farming operation, including, but not limited to, recreational purposes, such as:
 - consumption by owner
 - hunting
 - pets
 - pleasure
 - roping
 - show

Example 1: Sam Smith owns 5 horses, 2 beef steers, and 3 goats. Mr. Smith maintains the horses for pleasure riding and fox hunting, and maintains the goats as pets for his children. He maintains the beef steers to be consumed by his family. Accordingly, Mr. Smith does not maintain any of the livestock for commercial use as part of a farming operation. All of the animals died because of a blizzard, an eligible adverse weather event.

Because none of Mr. Smith's livestock is maintained for commercial use as part of a farming operation, the animals are **not** eligible livestock for LIP purposes.

Example 2: Joe Johnson owns 5 horses which he uses to pull hansom cabs in the tourist district of the local city. The hansom cabs are Mr. Johnson's business activity he engages in as a means of livelihood for profit.

However, because the horses are not maintained as part of a farming operation, they are not eligible livestock for LIP purposes.

Example 3: Jane Black owns and raises a deer herd. Mrs. Black sells the does to a local food market to be processed into meat products. She sells the bucks to hunting preserves nationwide.

Mrs. Black is in the business of selling deer, including the bucks that are sold to hunting preserves, as a means of livelihood for profit; therefore, the deer are maintained for commercial use. However, they also must be maintained as part of a farming operation.

The County Office must determine whether Mrs. Black's deer business, including the bucks, is a farming operation. Mrs. Black must provide evidence to satisfy COC or CED that the deer are part of a farming operation. One indicator of being a farming operation would be whether Mrs. Black files taxes as a farming operation. The County Office cannot request Mrs. Black to provide a copy of her tax records; however, COC or CED may ask Mrs. Black how she files her taxes for the operation.

41 Eligibility Criteria (Continued)

E Ineligible Livestock (Continued)

Example 4: Juan Ortega, President of ABC Bank, owns 50 percent interest in a pen of 100 head of nonadult beef cattle weighing more than 900 pounds located in Caprock Feeders Feedlot. The livestock are being fattened in the feedlot for commercial use; however, Mr. Ortega does not have interest in a farming operation.

Because none of Mr. Ortega's cattle are maintained as part of a farming operation, the animals are **not** eligible livestock for LIP purposes.

Example 5: Cactus Feeders Feedlot owns 100 percent interest in multiple pens of nonadult beef cattle weighing more than 900 pounds located in Cactus Feeders Feedlot. Cactus Feeders Feedlot is fattening the cattle in the feedlot for commercial use; however, Cactus Feeders Feedlot does not have an interest in a farming operation.

Because none of Cactus Feeders Feedlot cattle are maintained as part of a farming operation, the animals are **not** eligible livestock for LIP purposes.

- catfish
- crawfish
- ostriches
- pheasants
- quail
- stillborn livestock, except as provided in subparagraph C
- unborn livestock

Example: A pregnant adult beef cow died before the birth of the calf. Only the pregnant cow may be considered eligible for payment. The unborn calf is **not** eligible livestock.

- yaks
- any wild free roaming livestock, including equine and deer
- *--any animals not included in subparagraphs A, B, C, or D.--*

41 Eligibility Criteria (Continued)

E Ineligible Livestock (Continued)

- all animals that died:
 - before January 1, 2008, or after October 1, 2011
 - in a calendar year other than the calendar year for which benefits are being requested.

Important: Contact the National Office Livestock Assistance Program Manager, through the State Office, when the reason for livestock death is questionable.

F Eligible Livestock Owners

An eligible livestock owner for LIP is one who assumes the production and market risks associated with the agricultural production of livestock and meets all of the following:

- had legal ownership of the eligible livestock for which benefits are being requested on the day the livestock died, and under conditions in which no contract grower could have been eligible for benefits with respect to the animal
- is an individual or entity that is a:
 - citizen of the United States
 - resident alien

Note: Resident alien means “lawful alien”.

 - partnership of citizens of the United States
 - corporation, limited liability corporation, or other farm organizational structure organized under State law
 - any Native American tribe as defined in the Indian Self-Determination and Education Assistance Act
 - any Native American organization or entity chartered under the Indian Reorganization Act
 - any economic enterprise under the Indian Financing Act of 1974.

An individual or entity that did **not** have legal ownership of the livestock on the day the livestock died is **not** an eligible livestock owner for LIP benefits.

41 Eligibility Criteria (Continued)

G Eligible Livestock Contract Growers

An eligible livestock contract grower for LIP is one, other than the livestock owner, who meets **all** of the following:

- possessed an independent financial interest in eligible livestock according to subparagraph D, or products derived from such livestock, as defined by a written agreement with the owner of eligible livestock, setting specific terms, conditions, and obligations of the parties involved about the production of livestock on the day the livestock died
- suffered a loss of income as a direct result of the death of specific eligible livestock subject to the terms, conditions, and obligations of the written contract with the owner of the specific livestock

Note: The contract grower **shall** provide a copy of the grower contract to the FSA administrative County Office.

- is an individual or entity that is a:
 - citizen of the United States
 - resident alien

Note: Resident alien means “lawful alien”.
 - partnership of citizens of the United States
 - corporation, limited liability corporation, or other farm organizational structure organized under State law
 - any Native American tribe as defined in the Indian Self-Determination and Education Assistance Act
 - any Native American organization or entity chartered under the Indian Reorganization Act
 - any economic enterprise under the Indian Financing Act of 1974.

41 Eligibility Criteria (Continued)

H Deceased Individuals and Dissolved Entities

Authority to sign contracts, applications, and other documents on behalf of an eligible participant who is now a deceased individual or is a dissolved entity may vary according to State law. If an eligible livestock owner or livestock contract grower is now a deceased individual or a dissolved entity, then an authorized representative of the deceased individual or dissolved entity may sign FSA-914 provided the authorized representative has authority to enter into a contract for the deceased individual or dissolved entity.

Important: Proof of authority to sign for the eligible deceased individual or dissolved entity must be on file in the County Office before the representative is allowed to sign FSA-914 for the participant. Proof of authority includes any of the following:

- court order
- document approved by the OGC Regional Attorney
- letter from Secretary of State.

FSA-325 is:

- only used when it is requested that a payment earned by a deceased, missing, or incompetent program participant be issued in a name other than that of the deceased, missing, or declared incompetent program participant
- not applicable for determining who may file a program application for a deceased, incompetent, or missing individual.

State Office shall consult with the OGC Regional Attorney on the following types of cases:

- documentation submitted does **not** clearly establish authority to enter into a contract or application on behalf of the deceased individual, closed estate, or dissolved entity
- application from and request for issuing payments to heirs of a deceased individual without documentation provided that establishes authority to enter into a contract or application on behalf of the deceased individual.

If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution, or their duly authorized representatives **must** sign the FSA-914.

Note: Only one FSA-914 will be submitted for payment for the general partnership or joint venture; however, all members **must** sign FSA-914.

See paragraph 43 for making payments to deceased individuals, closed estates, and dissolved entities.

41 Eligibility Criteria (Continued)

I Establishing Normal Mortality Rates

LIP compensates eligible livestock producers for eligible livestock death losses that occur in excess of normal mortality because of eligible adverse weather events during the calendar year.

Eligible livestock for payment for a specific kind/type and weight range of livestock will be determined by multiplying the normal mortality rate for the specific kind/type and weight range of livestock by the number of livestock of that specific kind/type and weight range in inventory at the time of the eligible adverse weather event and subtracting the result from the number of eligible livestock lost because of the eligible adverse weather event.

Example: Producer A owned 100 head of adult beef cattle on the beginning date of adverse weather event.

- normal mortality is 2 percent
- 5 head were lost
- $100 \text{ head} \times 2 \text{ percent} = 2$ (loss threshold)
- $5 \text{ head lost} - 2$ (loss threshold) = 3 head adult beef cattle eligible for payment.

STC's shall establish, on a State-by-State basis, normal mortality rates for each livestock ~~kind/type and weight range listed in subparagraph 42 F, by obtaining recommendations~~ from applicable:

- State livestock organizations
- State Cooperative Extension Service
- other knowledgeable and credible sources.

Normal mortality rates will generally **not** be established for different geographic locations within a State. However, if STC can document that existing conditions or circumstances within a specific geographic location within the State would result in substantially higher mortality rates than the rest of the State, STC may establish separate normal mortality rates for that specific geographic location within the State.

Example: The counties in which Interstate 10 crosses through and that are south of Interstate 10 are known to be marsh country. Because of predators, the normal mortality rates for livestock in these counties are significantly higher than for the counties in the rest of the State. STC determined that the marsh country counties shall have normal mortality rates established separately from the counties in the remainder of the State.

If sufficient documentation is **not** available within your State from the sources listed in this subparagraph to establish normal mortality rates, STC's shall obtain documentation from contiguous STC's that have established livestock normal mortality rates from recommendations received from the sources listed in this subparagraph for the livestock ~~listed in subparagraph 42 F.~~

41 Eligibility Criteria (Continued)

I Establishing Normal Mortality Rates (Continued)

STC's shall:

- document recommendations and determinations of normal mortality rates in STC minutes
- attach copies of documentation used to determine normal mortality rates to applicable STC minutes.

If documentation is **not** available for establishing normal mortality rates from sources listed within your State or contiguous States, STC's shall establish normal mortality rates using the national normal mortality rates in Exhibit 8.

STC's shall:

- document in STC minutes that normal mortality rates were established using national normal mortality rates in Exhibit 8 and the reasons why national normal mortality rates were used
- attach copies of Exhibit 8 to applicable STC minutes.

STC's shall ensure that normal mortality rates are:

- *--established for all livestock kinds/types and weight ranges listed in subparagraph 42 F--* no later than COB, **July 13, 2009**
- loaded into the normal mortality rate table no later than **July 20, 2009**.

42 Payment Rates, Limitations, and Reductions

A Funding

Because LIP is fully funded, a national factor is not applicable. Payments may be issued only after regulations are published in the Federal Register.

B 2008 Payment Limitation

For 2008, no “person”, as defined and determined under the provisions in 7 CFR Part 1400, as in effect for 2008, may receive more than \$100,000 total under LIP, Emergency Assistance for Livestock, Honey Bees and Farm-Raised Fish Program, Livestock Forage Disaster Program, and Supplemental Revenue Assistance Payment Program combined.

Determine “persons” according to 1-PL for 2008.

If a “person” determination for the participant for 2008 has:

- already been made for 2008 for which FSA-914 is submitted, use the same “person” determination for LIP purposes
- **not** been made for 2008 for which FSA-914 is submitted, COC shall:
 - obtain CCC-502 from the participant
 - make a “person” determination and notify participant according to 1-PL.

Notes: Actively engaged and cash-rent tenant provisions do **not** apply.

The amount of any payment for which a participant may be eligible under LIP, ELAP, LFP, and SURE may be reduced by any amount received by the participant for the same or any similar loss from a different source.

42 Payment Rates, Limitations, and Reductions (Continued)**C 2009 and Subsequent Years Payment Limitation**

For 2009 and subsequent years, no person or legal entity, (excluding a joint venture or general partnership), as determined by the rules in 7 CFR Part 1400, may receive, directly or indirectly, more than \$100,000 per program year total under ELAP, LFP, LIP, and SURE combined. For this purpose, both indirect and direct benefits are counted by attribution. In the case of a legal entity, the same payment is attributed to the direct payee in the full amount and those that have an indirect interest to the amount of the interest.

A determination of “persons” as defined by rules in effect for 2008 and prior years is not required for 2009 and subsequent years. However, a CCC-901 will be required for legal entities to determine individual members of legal entities for direct attribution purposes.

Note: Direct attribution provisions in 4-PL apply for 2009 and subsequent years.

D 2008 AGI Provisions

In applying the limitation on average AGI for 2008, an individual or entity is ineligible for payment under LIP if the individual’s or entity’s average AGI exceeds \$2.5 million for 2007, 2006, and 2005 under the provisions in 7 CFR Part 1400 in effect for 2008.

Note: The AGI provisions of 1-PL are applicable for 2008 LIP.

E 2009 and Subsequent Years AGI Provisions

For 2009 through 2011, the average AGI limitation provisions in 7 CFR Part 1400 relating to persons or legal entities, excluding joint ventures and general partnerships, with an average adjusted gross nonfarm income as defined in 7 CFR 1400.3 that exceeds \$500,000 will not be eligible for benefits under LIP.

Note: The AGI provisions of 4-PL are applicable for 2009 and subsequent years.

42 Payment Rates, Limitations, and Reductions (Continued)

F Payment Rates for Eligible Livestock for Livestock Owners

LIP provides separate payment rates for eligible livestock owners and eligible contract growers. See subparagraph G for payment rates for eligible livestock contract growers.

Payment rates for livestock owners are based on 75 percent of a fair market value, as determined by FSA, for the specific livestock category. The following table provides LIP per head payment rates, by livestock category, for eligible livestock owners.

Kind	Type	Weight Range	2008 Payment Per Head	2009 Payment Per Head	*--2010 Payment Per Head

42 Payment Rates, Limitations, and Reductions (Continued)

G Payment Rates for Eligible Livestock for Livestock Contract Growers

LIP provides separate payment rates for eligible livestock owners and eligible contract growers. See subparagraph F for payment rates for eligible livestock owners.

Payment rates for livestock contract growers are based on 75 percent of the average income loss sustained, as determined by FSA, by the contract grower with respect to the dead livestock. The following table provides per head payment rates, by livestock category, for eligible livestock contract growers.

Kind	Type	Weight Range	2008 Payment Per Head	2009 Payment Per Head	*--2010 Payment Per Head
Chickens	Layers/Roasters		\$0.63	\$0.82	\$0.55
	Broilers/Pullets		\$0.20	\$0.21	\$0.21
Turkeys	Toms/Fryers/Roasters		\$1.13	\$1.35	\$1.24
Ducks	Ducks		\$0.30	\$0.37	\$0.41
Geese	Goose		\$1.31	\$2.32	\$2.27

	Sows/Boars/Barrows/Gilts	151 to 450 pounds	\$11.21	\$11.33	\$9.97
	Lightweight Barrows/Gilts	50 to 150 pounds	\$8.44	\$7.90	\$7.31
	Feeder Pigs	Under 50 pounds	\$4.29	\$3.38	\$3.52--*

42 Payment Rates, Limitations, and Reductions (Continued)

--H Payment Reductions for Livestock Owners--

Pub. L. 110-246 provides that payments for LIP shall be reduced by any amount received by the participant for the same or any similar loss from a different source.

Therefore, LIP payment amounts for eligible livestock owners shall be reduced by the amount the participant received for the specific livestock under any other source for the same or similar loss.

42 Payment Rates, Limitations, and Reductions (Continued)***--H Payment Reduction for Contract Growers--***

Pub. L. 110-246 provides that payments for LIP shall be reduced by any amount received by the participant for the same loss or any similar loss.

Some contract growers received monetary compensation from their contractor for the loss of income suffered from the death of livestock under contract.

Some eligible livestock contract growers under LIP may have received payments for dead poultry or swine from their contractor for the loss of income from the dead poultry or swine.

LIP payments will be reduced by the amount the contract grower received from their contractor for the loss of income from the adverse weather event.

Example 1: Bill Smith is an eligible contract grower of roaster chickens for the All American Chicken Company for the 2008 calendar year. Mr. Smith suffered an eligible loss (death) of 5,000 chickens under contract as a direct result of a hurricane. The All American Chicken Company gave Mr. Smith \$300 for the loss of income he suffered because of the loss of the chickens. Mr. Smith's 2008 LIP calculated payment amount for the 5,000 chickens is \$500, before any reduction. However, the 2008 LIP payment for the chickens will be reduced to \$200 because of the \$300 received from the contractor for the loss of income from the loss of the chickens because of the adverse weather event.

Example 2: Jane Brown is an eligible contract grower of roaster chickens for the All American Chicken Company for the 2008 calendar year. She was also the owner of 100 adult beef cows. Mrs. Brown suffered an eligible loss (death) of 5,000 chickens under contract and 5 adult beef cows as a direct result of an eligible adverse weather event in 2008. The All American Chicken Company gave Mrs. Brown \$2,000 for the loss of income she suffered because of the loss of the chickens. Mrs. Brown's calculated payment amount for the 5,000 chickens is \$600, before any reduction, and \$650 for the 5 adult beef cows. The 2008 LIP payment for the chickens will be reduced to zero because of the \$2,000 received from the contractor. However, the 2008 LIP payment of \$650 for the eligible beef cows is not reduced.

43 General Payment Information

A Assignments and Offsets

For LIP, County Offices shall:

- accept assignments according to 63-FI
- apply offsets according to 58-FI.

B Issuing Payments to Deceased Individuals, Closed Estates, and Dissolved Entities

LIP payments for FSA-914’s involving deceased individuals, closed estates, or dissolved entities shall be made according to the following, provided all other eligibility requirements are met.

IF the participant is...	AND FSA-914 is signed by an authorized representative of the...	THEN payments shall be issued...
an individual who died before FSA-914 was filed	deceased according to subparagraph 41 H	to any of the following, as applicable, using the ID number of the participant: <ul style="list-style-type: none"> • the deceased individual • the individual’s estate • the heirs, based on OGC determination, according to 1-CM, Part 26.
an estate that closed before FSA-914 was filed	estate according to subparagraph 41 H	
an entity that dissolved before FSA-914 was filed	dissolved entity according to subparagraph 41 H	using the ID number of the participant.
an individual who dies, is declared incompetent, or is missing after filing FSA-914		to eligible payees executing FSA-325 according to 1-CM, paragraph 779.

Note: FSA-325 is only used when it is requested that a payment earned by a deceased, missing, or incompetent program participant be issued in a name other than that of the deceased, missing, or declared incompetent program participant.

43 General Payment Information (Continued)

C 2008 Payment Eligibility Requirements

A participant must meet all the following for 2008 calendar year losses before a payment shall be issued:

- CCC-502 on file and “person” determination according to 1-PL
- AD-1026 on file according to 6-CP
- not be in violation of fraud provisions, including FCIC fraud provisions, according to 1-CM and 3-PL
- compliance with:
 - average AGI provisions according to 1-PL
 - controlled substance provisions according to 1-CM.

Note: See subparagraph:

- 42 B for more information about CCC-502
- E for more information about AD-1026.

County Offices shall record determinations for the applicable criteria in the web-based eligibility system according to 3-PL.

43 General Payment Information (Continued)**D 2009 and Subsequent Years Payment Eligibility Requirements**

A participant must meet all the following for 2009 and subsequent calendar year losses before a payment shall be issued:

- CCC-901 on file for legal entities according to 4-PL
- AD-1026 on file according to 6-CP
- not be in violation of fraud provisions, including FCIC fraud provisions, according to 1-CM and 3-PL (Rev. 1)
- compliance with:
 - average AGI provisions according to 4-PL
 - controlled substance provisions according to 1-CM.

Note: See subparagraph:

- 42 C for more information about CCC-901
- E for more information about AD-1026.

County Offices shall record determinations for the applicable criteria in the web-based eligibility system according to 3-PL (Rev. 1).

43 General Payment Information (Continued)**E Conservation Compliance Provisions**

AD-1026 applicable to the year for which LIP benefits are requested must be on file for the participant and affiliates, if applicable, according to 6-CP.

If AD-1026 applicable for the year for which LIP benefits are requested is:

- already on file for the participant, and affiliates, if applicable, it is not necessary to obtain a new AD-1026 for LIP
- not on file for the participant, and affiliates, if applicable, County Office shall obtain a completed AD-1026 applicable to the year for which LIP benefits are requested.

If a new AD-1026 is required to be filed, payments may be issued to eligible participants upon signing AD-1026, item 12. It is not necessary to withhold payments pending NRCS highly erodible land or wetland determinations. The continuous certification statement on AD-1026 requires participants to refund program payments if an NRCS determination results in the discovery of a HELC/WC violation.

F Prevention of Improper Payments

IPIA requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. County Offices shall take all steps necessary to ensure that program and payment eligibility requirements have been met before issuing any payments.

***--Note:** See Exhibit 9 for additional information about FSA-770 LIP.--*

G Definition of Improper Payment

OMB defines an improper payment as any payment that should **not** have been issued or was issued in an incorrect amount under statutory, contractual, administrative, or other legally applicable requirement.

44-70 (Reserved)

71 Applying for Benefits

A Application Process

To apply for LIP, the participant must provide a notice of loss in the FSA administrative County Office the earlier of the following:

- 30 calendar days of when the loss of livestock was apparent to the participant
- 30 calendar days after the end of the calendar year in which the loss of livestock occurred.

For 2008 calendar year livestock death losses and 2009 calendar year livestock death losses that occurred before July 13, 2009, the participant must provide a notice of loss in the FSA administrative County Office by no later than September 13, 2009.

A notice of loss is part of the application process. Multiple notices of loss may be filed during the calendar year as livestock deaths occur because of multiple adverse weather events. Producers that suffer multiple livestock losses during the calendar year may file multiple notices of loss and multiple applications for payment.

Applications for payment are completed on a calendar year basis. Other documentation is required for a complete application.

Note: If livestock deaths are caused by multiple adverse weather events that occur during the calendar year, livestock deaths shall be reported and a notice of loss filed for each separate eligible adverse weather event. Each eligible adverse weather event will be sequentially numbered in the notice of loss section of the application.

Example: The following adverse weather events occurred in County A:

- Winter Storms: March 27, 2009, through March 30, 2009
- Excessive Moisture: August 15, 2009, through August 21, 2009.

Producer A suffered livestock losses because of winter storms and excessive moisture during the calendar year. Five adult beef cows died as a direct result of the winter storm that occurred during March 27, 2009, through March 30, 2009. Producer A telephones County A and reports the loss of five adult beef cows. The winter storm is recorded as adverse weather event number 1 on the notice of loss. Producer A lost 4 non adult beef cows because of excessive moisture during August 15, 2009, through August 21, 2009. Producer A faxed a notice of loss to County A. Excessive moisture is recorded as adverse weather event number 2 on the notice of loss.

On December 1, Producer A files an application for payment, reviews the notice of loss, and signs the application for payment.

72 Notice of Loss

A Filing Notice of Loss

Participants must file a notice of loss on FSA-914, Parts A and B, in their administrative *--County Office the earlier of either of the following:--*

- 30 calendar days of when the loss of livestock was apparent to the participant
- 30 calendar days after the end of the calendar year in which the loss of livestock occurred.

For 2008 calendar year livestock death losses and 2009 calendar year livestock death losses that occurred before July 13, 2009, the participant must provide a notice of loss on FSA-914 in the FSA administrative County Office by no later than September 13, 2009.

A notice of loss may be filed by the participant or participant's representative by 1 of the following alternative methods:

- telephone
- facsimile
- e-mail.

Note: The participant is not required to sign the notice of loss if 1 of the alternative methods is used. However, the employee accepting the "notice of loss" shall enter the method by which the "notice of loss" was filed in FSA-914, item 8A if the participant or participant's representative did not sign.

Example: Producer A lost 5 adult beef cows as the result of a blizzard on January 15, 2009. Producer A telephones County Office on January 25, 2009, and reports that he/she lost 5 adult beef cows because of a blizzard that occurred on January 15, 2009. County Office enters "phone" in item 8A as the method for which the "Notice of Loss" was reported.

Producer A lost 6 adult beef cows as the result of a flood that occurred on May 15, 2009. Producer A e-mails County Office on May 31, 2009, and reports he/she lost 6 adult beef cows because of a flood that occurred on May 15, County Office enters "e-mail" in item 8A as the method for which the subsequent "Notice of Loss" was reported.

73 Application for Payment

A Filing Application for Payment

To apply for LIP benefits, eligible livestock owners and livestock contract growers shall file a manual application for payment on FSA-914, according to paragraph 76, in **their administrative County Office** until the automated software becomes available. When the automated software becomes available, then an automated application for payment shall be filed.

Note: A minor child is eligible to file FSA-914, if all eligibility requirements are met.

In addition to the notice of loss required in paragraph 72, eligible livestock owners and contract growers that suffer livestock losses shall file an application for payment no later than either of the following:

- 30 calendar days after the end of the calendar year in which the loss of livestock occurred
- September 13, 2009, for livestock losses that occurred during calendar year 2008.

For 2008 calendar year livestock losses, the livestock owner or contract growers must complete an application for payment no later than September 13, 2009. However, for 2009 and subsequent years, if an eligible livestock owner or contract grower suffers eligible livestock losses because of an eligible adverse weather event, the **eligible livestock owner or contract grower shall be encouraged** to complete an application for payment within 30 calendar days of when the loss was apparent; however, the application for payment must be completed no later than 30 calendar days after the end of the calendar year of when the loss occurred.

For 2008 calendar year livestock losses, the application for payment must be signed and dated by the participant by September 13, 2009, to be considered timely filed. For 2009 and subsequent calendar year livestock losses, the application for payment must be signed and dated by the participant no later than 30 calendar days after the end of the calendar year of when the loss occurred. There are **no** late-filed provisions for LIP (**paragraph 40**).

Note: A notice of loss must be on file for an application for payment to be filed.

State and County Offices shall not use unapproved forms, worksheets, applications, or other documents to obtain or collect the data required from participants to complete FSA-914 (subparagraph 21 E).

FSA-914's for LIP will be based on the following:

- administrative county * * *
- calendar year
- participant.

At any point when 1 of these items is different, it will require a separate FSA-914 to be filed.

73 Application for Payment (Continued)**A Filing Application for Payment (Continued)****Producers can file multiple applications for payment within 1 calendar year.**

FSA-914's shall be filed by eligible livestock owners and contract growers in **their administrative County Office**. The administrative County Office is the County Office designated by FSA to:

- handle official records
- issue payment to eligible livestock producers
- make determinations.

A livestock owner or contract grower's administrative County Office is generally the County Office where the livestock owner or contract grower's farm records are maintained. FSA has provisions in 2-CM and 3-CM that will allow farms to be transferred to other counties; therefore, some farms may be administratively located in a county where the farm is not physically located.

LIP applications will be filed in the farm's administrative county.

When a participant has a percentage share interest in a livestock operation with an associated producer that is physically located in the same county, which is the administrative county, in the same calendar year, the eligible livestock for each participant shall be listed on separate FSA-914's based on each participant's share in the livestock operation.

Example: Jane Jones has the following livestock interests in Castro County, Texas, for calendar year 2008. Livestock were lost because of eligible adverse weather events:

50-50 share owner of a beef cattle herd with Bill Green. Jane Jones and Bill Green, as individuals, each have a 50 percent interest in 100 head of beef cattle; 10 adult beef cows were lost because of adverse weather.

The following two FSA-914's would be filed in Castro County, Texas, for calendar year 2008, assuming all participants file an application for the eligible livestock and none of the participants have any other livestock interests:

- one FSA-914 for Jane Jones of 5 eligible adult beef cows from the operation she shares with Bill Green.
- one FSA-914 for Bill Green of 5 adult beef cows from the operation he shares with Jane Jones.

73 Application for Payment (Continued)**A Filing Application for Payment (Continued)**

When, in the same calendar year, a participant has a percentage share interest with different associated producers in multiple livestock operations that are physically located in the same county, which is the administrative county, the eligible livestock for each participant shall be listed on separate FSA-914's based on each participant's share.

Example: Sammy Smith has the following livestock interests in Motley County, Texas, which suffered an eligible adverse weather event for calendar year 2009.

- 50-50 share owner of a beef cattle herd with Bill Brown. Sammy Smith and Bill Brown, as individuals, each have a 50 percent interest in 100 head of beef cattle; 10 adult beef cows were lost because of adverse weather.
- 75-25 share owner of a beef cattle herd with Martha Green; Sammy Smith and Martha Green jointly own the beef cattle as individuals on 75-25 percent share; 20 adult beef cows were lost because of adverse weather.
- 25-50-25 share owner of a beef cattle herd with Bob Black and Mike White. Sammy Smith, Bob Black, and Mike White have a 25-50-25 percent interest, respectively, in the 300 beef cattle; 25 adult beef cows were lost because of adverse weather after normal mortality.

73 Application for Payment (Continued)

A Filing Application for Payment (Continued)

The following five FSA-914's would be filed in Motley County, Texas, the administrative county for calendar year 2009, assuming all participants file FSA-914 for the eligible livestock, and none of the participants have any other livestock interests:

- one FSA-914 for Sammy Smith that includes **all** of the following:
 - 26 adult beef cows which includes:
 - 5 eligible adult beef adult cows from the operation with Bill Brown
 - 15 eligible adult beef cows from the operation with Martha Green
 - 6 adult beef cows from the operation with Bob Black and Mike White
- one FSA-914 for Bill Brown of 5 eligible adult beef cows from the operation he shares with Sammy Smith
- one FSA-914 for Martha Green of 5 eligible adult beef cows from the operation she shares with Sammy Smith
- one FSA-914 for Bob Black of 13 eligible adult beef cows from the operation he shares with Sammy Smith and Mike White

Note: Mr. White and Mr. Smith agreed to allow Mr. Black to claim 1 extra adult beef cow.

- one FSA-914 for Mike White of 6 eligible adult beef cows from the operation he shares with Sammy Smith and Bob Black.

73 Application for Payment (Continued)**B Signing and Certifying FSA-914**

When signing FSA-914, item 25A, the participant is:

- applying for LIP benefits for the participant listed on FSA-914, item 5
- certifying **all** of the following:
 - information provided on FSA-914 is true and correct
 - claimed livestock died during the calendar year and as a direct result of an eligible adverse weather event
 - livestock claimed on FSA-914 are eligible livestock according to subparagraph 41 B or D, as applicable
 - the physical location of the:
 - claimed livestock on the day they died
 - participant's current livestock inventory
 - the names of all other producers that had an interest in the claimed livestock
 - all supporting documentation provided are true and correct copies of the transaction reported
- authorizing FSA officials to:
 - enter upon, inspect, and verify all applicable livestock, and livestock deaths, in which the participant has an interest for the purpose of confirming the accuracy of the information provided
 - review, verify, and authenticate all information provided on FSA-914 and supporting documents provided
 - contact other agencies, organizations, or facilities to verify data provided by a participant or third party from such agencies, organizations, or facilities
- acknowledging that:
 - failure to provide information requested by FSA is cause for disapproval of FSA-914
 - providing a false certification to FSA is cause for disapproval of FSA-914, and is punishable by imprisonment, fines, and other penalties.

73 Application for Payment (Continued)

B Signing and Certifying FSA-914 (Continued)

Note: Participants who receive assistance must keep records and supporting documentation for 3 years following the end of the year in which the application for payment was filed.

C Signature Requirements

All participants' signatures **must** be received no later than:

- September 13, 2009, for 2008 calendar year applications for payment
- 30 calendar days after the end of the calendar year in which the loss of livestock occurred for 2009 and subsequent calendar years applications for payment.

Neither STC nor COC has authority to approve late-filed FSA-914.

Follow 1-CM for signature requirements.

Important: 1-CM, Part 25 provides signature requirements for general partnerships. County Offices shall see 1-CM for signature requirements for general partnerships.

Notes: General partnerships must have a permanent tax ID number to receive any FSA payment. FSA payments shall not be issued to the individual members of a general partnership.

FSA payments may be issued to:

- a joint venture with a permanent tax ID number
- the individual members of a joint venture, using the individual member's ID numbers, when the joint venture does not have a permanent tax ID number.

D Printing and Reviewing Automated FSA-914

Once the automated system becomes available, all manual FSA-914's shall be loaded into the automated system. After all information is entered into the automated system, County Offices shall:

- print an automated FSA-914
- attach the manual FSA-914 to the automated FSA-914
- conduct a second party review of all data on the automated FSA-914 to ensure that all data is the same on both the manual and automated FSA-914.

73 Application for Payment (Continued)

D Printing and Reviewing Automated FSA-914 (Continued)

Important: The individual conducting the second party review shall:

- not be the same individual who entered the data into the automated system
- *--initial and date automated FSA-914 to indicate second party review has been completed.--*

E Proof of Death

When FSA-914 is submitted, participants must provide **verifiable** documentation of livestock deaths claimed on FSA-914, including livestock that the participant claims died because of normal mortality. Adequate documentation must be provided that proves the death of eligible livestock occurred as a direct result of an eligible adverse weather event in the calendar year for which benefits are being requested, including deaths because of normal mortality.

The documentation must provide sufficient data that identifies the quantity and the livestock kind/type and weight range. Documents providing verifiable evidence may include, but are not limited to, any or a combination of the following:

- rendering truck receipts or certificates
- FEMA records
- National Guard records
- veterinary records
- records assembled for tax purposes
- private insurance documents
- written contracts
- bank or other loan documents
- purchase records
- productions records
- property tax records.

Note: In addition, livestock contract growers must provide a copy of their grower contract.

73 Application for Payment (Continued)

F Producer Records

--If adequate verifiable proof of death records documentation is not available, including proof of death for normal mortality, the participant may provide reliable records, in conjunction-- with verifiable beginning and ending inventory records, as proof of death.

See subparagraph H for verifiable documentation of inventory.

Reliable records may include, but are not limited to:

- contemporaneous producer records existing at the time of the event
- pictures with a date
- brand inspection records
- dairy herd improvement records
- other similar reliable documents.

73 Application for Payment (Continued)

G Third Party Certifications

--If a participant is unable to provide verifiable or reliable records as proof of death, including proof of death for normal mortality, according to subparagraphs E or F, the participant-- may use a third party certification as proof of death.

County Office and COC general knowledge of adverse weather in the area is **not** acceptable as third party certification under any circumstance.

*--CED shall provide a written monthly report to DD indicating the number of third party certifications reviewed and approved/disapproved.

Third party certification of livestock deaths, including livestock deaths because of normal mortality, may be accepted **only when all** of the following are met:--*

- livestock owner or contract grower, as applicable:
 - completes FSA-926 according to paragraph 74 and certifies to **all** of the following:
 - no other form of proof of death is available
 - number of livestock, by category, in inventory when the deaths occurred
 - physical location of livestock, by category, in inventory when the deaths occurred
 - provides verifiable documentation that supports the reasonableness of the number of livestock in inventory when the deaths occurred, as certified by participant according to subparagraph H

Important: See subparagraph H for verifiable documentation of inventory.

- third party completes and certifies on FSA-926 according to paragraph 74 to **all** of the following:
 - specific details about how the third party has knowledge of the animal deaths
 - the affiliation of the third party

Note: The third party must be an independent source who is **not affiliated** with the farming operation such as a hired hand and is not a “family member” defined as a person whom a member in the farming operation or their spouse is related as lineal ancestor, lineal descendant, sibling, or spouse.

- telephone number and address of the third party

73 Application for Payment (Continued)

G Third Party Certifications (Continued)

- number and kind/type and weight range of participant's livestock that died because of the eligible adverse weather event
- any other details necessary for COC and DD to determine that the certification is acceptable.

COC reviews the participant's and third party's certification on FSA-926 and determines all of the following:

- documents provided as evidence of livestock inventory are acceptable
- livestock inventory is reasonable based on documents provided
- claimed losses are reasonable
- third party is a reliable source in a position to have knowledge of loss
- certifications of participant and third party meet all requirements.

Important: COC shall approve or disapprove the participant and third party certifications when review is complete, and document review in the COC minutes.

Example: Jane Doe completes FSA-914 certifying 15 head of adult beef cows and 25 nonadult beef cattle under 400 pounds died because of adverse weather.

Mrs. Doe completes FSA-926 indicating she has no proof of death of the cows and calves because they all drowned when a flash flood covered parts of their pastures, and none of the carcasses were ever located.

Mrs. Doe signs and dates FSA-926 indicating no proof of death is available because the livestock claimed on FSA-914 drowned, and no carcasses were ever located. She also certifies on FSA-926 that when the flash flood occurred she had 200 head of adult beef cows and 180 head of nonadult beef cattle under 400 pounds in the pasture where the deaths occurred. As evidence of the beginning inventory, Mrs. Doe submits copies of bank loan documents for the purchase of 180 beef cows, purchase receipts for a total of 193 beef cows, and veterinary records indicating she had 185 beef calves wormed in July 2008. Mrs. Doe certifies on FSA-926 that she cannot locate the purchase receipts for the remaining 7 head of beef cows; however, she purchased them at the local county livestock auction in May 2007. Mrs. Doe certifies on FSA-926 that all the beef cows and calves in inventory when the animals drowned were physically located in fields 5, 6, and 7 on tract 1093 of FSN 458 in Jefferson County.

Mike Green, Mrs. Doe's neighbor, completes FSA-926 certifying that he has knowledge of the livestock deaths claimed by Mrs. Doe because his cattle are located in the pasture adjacent to Mrs. Does', and he witnessed the flash flood cover the area, and cattle being drowned before they could be safely rescued. After reviewing FSA-914, Mr. Green certifies on FSA-926 that he believes the information provided on FSA-914 is true and correct.

73 Application for Payment (Continued)

G Third Party Certifications (Continued)

COC reviews Mrs. Doe's FSA-914, and FSA-926 provided by Mrs. Doe and Mr. Green, and the documents provided by Mrs. Doe to support the beginning inventory numbers. Based on the information provided, COC requests Mrs. Doe contact the local livestock auction company where the beef cows were purchased and request a copy of the purchase report or receipts.

After obtaining a purchase report from the local auction company indicating Mrs. Doe did purchase 7 beef cows in May 2007, COC determines the evidence of livestock inventory at time of the livestock deaths, and claimed livestock deaths are reasonable based on the information provided on FSA-926 and according to subparagraph H.

COC signs, dates, and approves FSA-926 provided by Mrs. Doe and Mr. Green, and documents the review in the COC minutes during the meeting in which Mrs. Doe's FSA-914 is approved by COC.

73 Application for Payment (Continued)

H Proof and Reasonableness of Livestock Inventory

Livestock owners and livestock contract growers that cannot provide verifiable *--documentation of proof of death, including proof of death because of normal mortality,--* according to subparagraph E must provide verifiable documentation of their livestock inventory when the deaths occurred according to this subparagraph.

Documents that may provide verifiable evidence of livestock inventory include, but are **not** limited to, any or a combination of the following:

- veterinary records
- canceled check documentation
- balance sheets
- inventory records used for tax purposes
- loan records
- bank statements
- farm credit balance sheets
- property tax records
- brand inspection records
- sales and purchase receipts
- private insurance documents
- chattel inspections.

Important: Previous FSA or FSA livestock program documents that were subject to spot check, such as 2005-2007 LCP:

- may provide the number of certain animal types that may be used as a starting point for determining the livestock inventory when the deaths occurred
- shall **not** be used as the **only** source of evidence of livestock inventory.

73 Application for Payment (Continued)

H Proof and Reasonableness of Livestock Inventory (Continued)

Example: John Brown certified to 125 head of adult beef cows on his FSA-approved 2007 LCP application. The 125 head of adult beef cows certified on the 2007 LCP application may be used in combination with purchase and sales reports, birth and death records, and other verifiable documents providing evidence of beef cattle for Mr. Brown to determine the beef cattle inventory when the deaths occurred. However, the 2007 LCP application data by itself is **not** sufficient evidence of livestock inventory when the deaths occurred in 2009.

Note: None of the documents listed in this subparagraph, by themselves, may be sufficient evidence to determine the reasonableness of the number of livestock in inventory when the deaths occurred. COC's shall ensure that the documents submitted by participants provide verifiable evidence that supports the reasonableness of the number of livestock inventory when the deaths occurred, as certified by the participant.

COC's shall determine the reasonableness of the livestock inventory and claimed losses using the following guidelines, when appropriate, for calving, farrowing, and kidding:

- 90 percent calving rate
- 103 to 105 percent for sheep
- 150 to 180 percent kidding rate
- 8.5 pigs per litter farrowing rate.

Example: A participant reports a livestock inventory of 150 beef cows, 5 beef bulls, and 155 beef calves when the deaths occurred. The normal calving rate would yield 135 (150 times 90 percent) calves. Based on the normal calving rate, 155 calves for 150 cows does not appear reasonable. COC should question the livestock inventory if it is not supported by verifiable documentation.

73 Application for Payment (Continued)

I Supporting Documents

All supporting documents must be completed by the participant and on file in the County Office * * * before FSA-914 may be approved.

For 2008 calendar year losses, the participant must have provided the following to the *--County Office by no later than September 14, 2009:--*

- proof of death documentation
- copy of contract growers contracts
- proof of normal mortality documentation.

For 2009 and subsequent year calendar year losses, the participant **must** provide the following supporting documentation to the County Office by no later than 30 calendar days after the end of the calendar year for which benefits are requested:

- proof of death documentation
- copy of contract growers contracts
- proof of normal mortality documentation.

Additional supporting documents including, but not limited to, the following must be completed by the participant and be on file in the County Office before FSA-914 can be approved:

- *--CCC-502, applicable for 2008 calendar year--*
- CCC-901 applicable for 2009 and subsequent years
- AD-1026 applicable for 2008, 2009, 2010, 2011
- CCC-526 or other acceptable document according to 1-PL to determine compliance with average AGI provisions for 2008
- CCC-926 or other acceptable document according to 4-PL to determine compliance with average AGI provisions for 2009 and subsequent years.

74 FSA-926, Livestock Indemnity Program Third Party Certification

A Completing FSA-926

Complete FSA-926 according to the following table:

Item	Instruction
1	Enter State and County Code. This is the administrative County Office where the participant's farm records are maintained.
2	Enter the calendar year the livestock deaths occurred. Note: If the deaths occurred in 2 different calendar years as a result of the same adverse weather event, a separate certification must be filed for each calendar year to include only the livestock lost during the calendar year.
3	Enter County Office name and address. This is the administrative County Office where the participant's farm records are maintained.
Part A – Livestock Producer Information	
4	Enter the participant's name and address, including city, State and ZIP code.
Part B – Livestock Producer Certification of Livestock and Losses	
5	Enter the adverse weather events number from FSA-914, item 12.
6	Enter "YES" if the producer in item 4 is a contract grower. Otherwise, enter "NO".
7	Enter livestock kind/type and weight range for which loss occurred, for which no other proof of death is available. An entry in this field is always required when there is a loss in a particular kind/type and weight range of livestock for which no other proof of death is available. Note: Livestock by kind, type, and weight range can be obtained from the local *--FSA office or LIP Fact Sheet located at http://disaster.fsa.usda.gov .--*

A Completing FSA-926 (Continued)

Item	Instruction
8	Enter the total number of livestock, by kind/type and weight range, in inventory at the time the loss occurred for which no other form of proof of death is available.
9	Enter the physical location of livestock in inventory when deaths occurred. Include the name of the county where the livestock were located when the deaths occurred. Example: Jones County, Texas, farm 100
10	Enter the type of documentation provided to support reasonableness of livestock in inventory when deaths occurred. Type of records may include but is not limited to: <ul style="list-style-type: none"> • veterinary records • loan records • farm credit balance sheets • property tax records.
Part C - Livestock Producer Certification	
11A	Participant or representative of participant signs to indicate that livestock losses have occurred because of an eligible adverse weather event, that no other form of proof of death is available, the number livestock in item 8 were in inventory when the loss occurred, the livestock in inventory were physically located as described in item 9, and all other information provided is true and correct.
11B	Signatory in item 11A shall enter their title/relationship when signing in the representative capacity. Note: If a participant/applicant is not signing in the representative capacity, this field should be left blank. If a participant/applicant is signing on behalf of themselves, it is acceptable to write "self"; however, it is not necessary.
11C	Participant or participant's representative enters signature date.

75 Acting on FSA-914

A Approving FSA-914

COC or CED must act on all completed and signed FSA-914's submitted.

Exception: Only COC has authority to act on (approve or disapprove) FSA-914's submitted that use producer records or third party certification as proof of loss.

Note: CED may delegate approval authority to program technicians for routine cases where proof of death is provided according to subparagraph 73 E. Delegation must be documented in the COC minutes.

Program technicians shall **not** be delegated authority to:

- disapprove any FSA-914
- approve any FSA-914 where producer records or third party certification is used to prove loss.

Important: DD review of initial applications must be completed according to subparagraph D before applications may be approved or disapproved.

FSA-914 shall be approved or disapproved as certified by the participant. When more than 1 type of livestock is claimed, FSA-914 shall be approved or disapproved based on all livestock claimed. However, COC does have authority to make adjustments to certain information reported on FSA-914 when documentation warrants making adjustments.

Example: Jim Brown files FSA-914 that includes 10 adult beef cows reported in item 16 lost because of adverse weather that meet the livestock eligibility requirements and 5 horses lost because of adverse weather that do not meet the livestock eligibility requirements. In this case, COC can enter "0" in item 19, "COC Adjusted Number of Lost Due to Adverse Weather" field of FSA-914 for horses and then approve FSA-914 for the 10 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 5 horses not paid.

75 Acting on FSA-914 (Continued)**A Approving FSA-914 (Continued)**

Before approving FSA-914, COC or CED **must**:

- ensure that **all** program eligibility requirements are met
- be satisfied with **all** the following:
 - claimed livestock deaths occurred as follows:
 - because of an adverse weather event
 - on or after January 1, 2008, and before October 1, 2011
 - in the calendar year benefits are being requested
 - reasonableness of the claimed livestock deaths
 - proof of death provided is verifiable
 - documentation of livestock inventory when the deaths occurred, if applicable, is verifiable
 - *--reliable records along with beginning and ending inventory records, if applicable, provide adequate proof of death--*
 - third party certifications, if applicable, meet all requirements according to subparagraph 73 G
 - all signature requirements are met.

Note: See subparagraph B when:

- COC or CED questions any data provided by participant
- disapproving FSA-914.

75 Acting on FSA-914 (Continued)

B Disapproving FSA-914

COC or CED must act on all completed and signed FSA-914's submitted. See subparagraph A when approving FSA-914.

Exception: Only COC has authority to act on (approve or disapprove) FSA-914's submitted that use producer records or third party certification as proof of loss.

Note: Program technicians shall **not** be delegated authority to disapprove FSA-914's.

Important: DD review of initial applications must be completed according to subparagraph D before applications may be approved or disapproved.

FSA-914 shall be approved or disapproved as certified by the participant. When more than 1 type of livestock is claimed, FSA-914 shall be approved or disapproved based on all livestock claimed. However, COC does have authority to make adjustments to certain information reported on FSA-914 when documentation warrants making adjustments.

Example: Jim Brown files FSA-914 that includes 10 adult beef cows reported in item 16 lost because of adverse weather that meet the livestock eligibility requirements and 5 horses lost because of adverse weather that do not meet the livestock eligibility requirements. In this case, COC can enter "0" in item 19, "COC Adjusted Number of Lost Due to Adverse Weather" field of FSA-914 for horses and then approve FSA-914 for the 10 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 5 horses not paid.

If it is determined that any information provided on FSA-914 is not reasonable or is questionable, additional verifiable documentation or evidence shall be requested from the *--participant, in writing, to support the data provided. Other agencies, organizations, or--* facilities may also be contacted to verify information provided by participants.

Important: See subparagraph C when contacting other agencies, organizations, or facilities to verify information provided by participants.

Exception: COC shall **not** require tax records; however, participant may voluntarily provide tax records.

75 Acting on FSA-914 (Continued)

B Disapproving FSA-914 (Continued)

If all program eligibility requirements are **not** met, or it is determined that the information on FSA-914, or any additional supporting documentation provided by the participant, is **not** accurate or reasonable, then the following actions shall be taken:

- disapprove FSA-914
- notify participant of disapproval
- provide participant applicable appeal rights according to 1-APP
- thoroughly document reason for disapproval in the COC minutes.

C Verifying Data With Other Agencies, Organizations, or Facilities

When contacting agencies, organizations, or facilities to verify data provided by a participant or third party, the County Office shall be specific in the information requested. The request should include, but is not limited to, the following:

- participant's name and address
- animal kind and type
- reason the request is being made
- information that is being requested.

D DD Review and Report of Initial FSA-914's

--DD shall review the first five FSA-914's for calendar years 2008 and/or 2009 before-- approval where:

- proof of death is provided according to subparagraph 73 E, before COC or CED may approve any such FSA-914
- reliable records are provided along with verifiable beginning and ending inventory records as proof of death according to subparagraph 73 F, before COC may approve FSA-914
- third party certification is used to prove death according to subparagraph 73 G, before COC may approve any such FSA-914.

--Note: Only COC is authorized to act on FSA-914's where reliable records are provided according to subparagraph 73 F and third party certification is used to prove loss.--

75 Acting on FSA-914 (Continued)

D DD Review and Report of Initial FSA-914's (Continued)

For 2010 and subsequent calendar years, DD shall review the first 5 FSA-914's each calendar year before approval where:

- proof of death is provided according to subparagraph 73 E, before COC or CED may approve any such FSA-914
- reliable records are provided along with verifiable beginning and ending inventory records as proof of death according to subparagraph 73 F, before COC may approve FSA-914
- third party certification is used to prove death according to subparagraph 73 G, before COC may approve any such FSA-914.

Note: Only COC is authorized to act on FSA-914's where reliable records are *--provided according to subparagraph 73 F or third party certification is--* used to prove loss.

The review shall include ensuring that:

- separate FSA-914's are submitted by participant and administrative county
- signature requirements, including power of attorney, are met
- proof of death is provided and verifiable, according to subparagraph 73 E, when applicable
- reliable records are provided along with verifiable beginning and ending inventory records as proof of death according to subparagraph 72 F, when applicable
- third party certifications, if applicable, meet all requirements according to subparagraph 73 G
- no State or County Office developed forms, worksheets, applications, or other documents are being used to obtain or collect the data required from participants
- supporting data required for payment eligibility is properly completed and on file, such as CCC-901, CCC-926, CCC-502, AD-1026, and accurate subsidiary and SCIMS data.

75 Acting on FSA-914 (Continued)

D DD Review and Report of Initial FSA-914's (Continued)

Within 10 workdays of completing the review, DD shall provide a written report to SED describing the review findings, including a list of errors discovered, proposed corrective action, and the overall status of implementing LIP in the County Office.

DD review of the initial FSA-914's and supporting documentation submitted is critical to ensuring that LIP is being administered according to the procedures provided in this handbook and the regulations in 7 CFR Part 760, Subparts B and E.

Reviewing the initial FSA-914's and supporting documentation in a timely manner:

- identifies possible weaknesses in the administration of the program that may be resolved by additional training, clarified procedures, or modified software
- prevents numerous participants from being impacted by erroneous administration of the program
- allows corrections to be made in a timely manner before erroneous payments are issued.

***--100 Add Losses for Previously Recorded Livestock Screen**

A Overview

The Add Losses for Previously Recorded Livestock Screen provides the ability to load livestock losses for a livestock kind, type, and weight range that was previously recorded on FSA-914. The Add Losses for Previously Recorded Livestock Screen shall be used for:

- loading subsequent losses for livestock kinds, types, and weight ranges already recorded on FSA-914
- changes in weight ranges for livestock kinds, types, and weight ranges already recorded on FSA-914.

B Example Add Losses for Previously Recorded Livestock Screen

Following is an example of the Add Losses for Previously Recorded Livestock Screen.

The screenshot displays the 'Add Losses for previously recorded livestock' interface. At the top, it identifies the user as 'Role: County Admin' and shows the current selection: 'Year: 2008', 'State: Mississippi', and 'County: Coahoma'. The main form area is titled 'Save Loss' and contains several dropdown menus: 'Kind' (Select Kind), 'Original Type/Weight Range' (Select Type/Weight Range), 'Type/Weight Range at Loss' (Select Type/Weight Range), and 'Notice of Loss' (Select Notice of Loss). Below these are input fields for 'Loss due to Adverse Weather Event' and 'Loss due to Normal Mortality', each with a corresponding 'Adjustments (COC Use Only)' field. A 'Contract Grower' section has radio buttons for 'Yes' and 'No'. 'Save' and 'Cancel' buttons are located at the bottom of the form. A footer shows 'Screen ID: LI08Signup200' and 'Last Modified: 12/15/2009 2:1:37 PM'.

***--136 Edit Mortality Rate Screen**

A Overview

The Edit Mortality Rate Screen provides for the ability to edit existing mortality rates for a particular kind, type, and weight range of livestock.

B Example Edit Mortality Rate Screen

Following is an example of the Edit Mortality Rate Screen.

C Action

User can edit the existing mortality rate by typing the new mortality rate in the “Mortality Rate” box and then do any of the following:

- click “**Save**” to update that mortality rate to the County that is displayed
- click “**Cancel**” to cancel the mortality rate edit
- check (✓) “**Select All**” to update the mortality rate to all counties in the State
- check (✓) next to the County names to update the mortality rate to individual counties in the State.--*

*--136 Edit Mortality Rate Screen (Continued)

D Editing Approved Mortality Rates

If an approved mortality rate is edited, the updated mortality rate will be placed in a pending status. The approved mortality rate will continue to be used until the updated mortality rate is approved.

Following is an example of the Mortality Rate Maintenance Screen when an approved mortality rate is edited.

***--137 Delete Mortality Rate Screen**

A Overview

The Delete Mortality Rate Screen provides for the ability to delete existing mortality rates for a particular kind, type, and weight range of livestock.

B Example Delete Mortality Rate Screen

Following is an example of the Delete Mortality Rate Screen.

C Action

Click either of the following:

- “**Confirm**” to delete the selected mortality rate
- “**Cancel**” to return to the Mortality Rate Maintenance Screen without deleting the selected mortality rate.--*

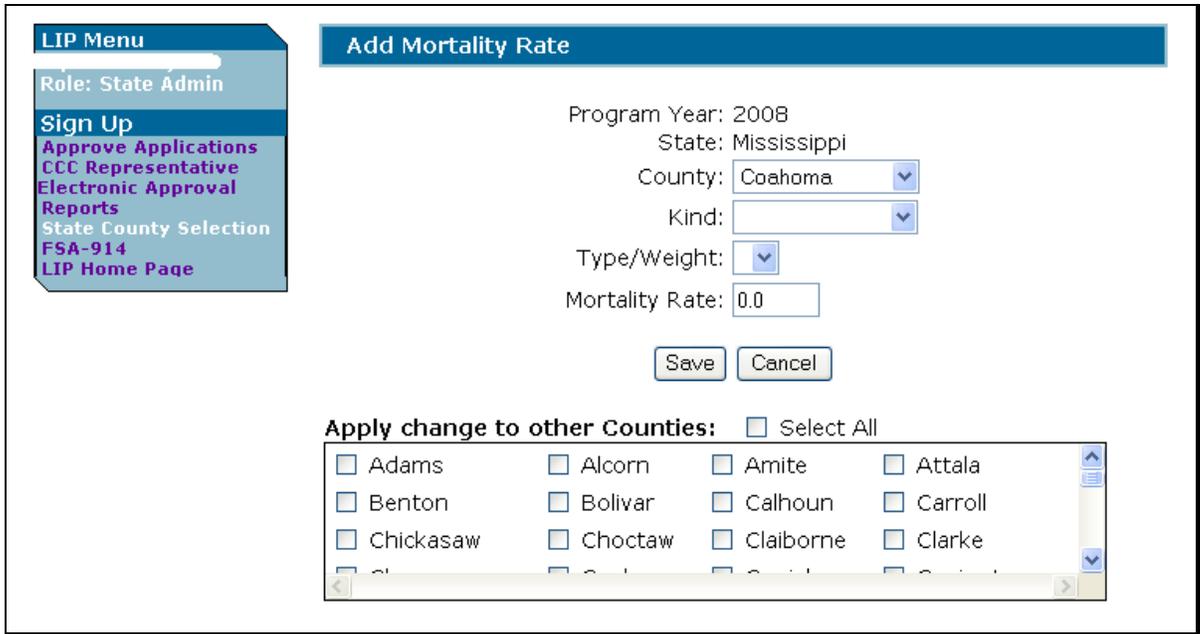

***--138 Add Mortality Rate Screen**

A Overview

The Add Mortality Rate Screen provides for the ability to add a new mortality rate for each kind, type, and weight range of livestock.

B Example Add Mortality Rate Screen

Following is an example of the Add Mortality Rate Screen.

C Action

User shall use the drop-down menu to select the applicable:

- county

Note: The “County” drop-down menu includes a “Select Many” option. If “Select Many” is selected, the user has the ability to select more than 1 county to which the rates will apply. See subparagraph D for additional information.

- kind
- type/weight range.

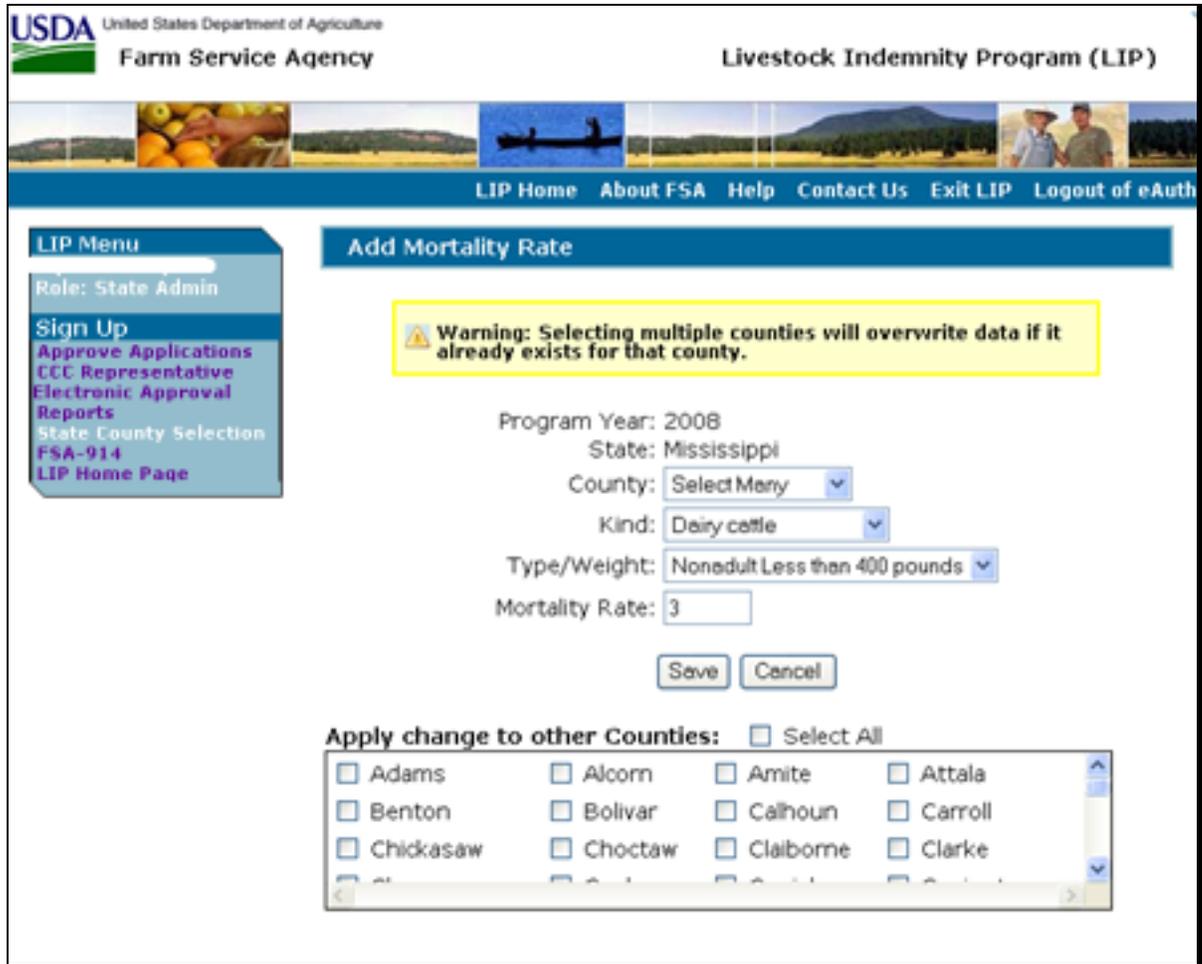

User shall enter the mortality rate applicable to the selected county, kind, type, and weight range.

When users click “**Save**”, the Mortality Rate Maintenance Screen will be displayed.--*

*--138 Add Mortality Rate Screen (Continued)

D “Select Many” Option

If the “Select Many” option is selected from the “County” drop-down menu, the following screen will be displayed.

Users can do either of the following:

- check (✓) “Select All” to add the mortality rate to all counties in the State
- check (✓) county names to add the mortality rate to individual counties in the State.--*

--Part 4 LFP*Section 1 Basic LFP Information****160 General Information****A Purpose**

This part provides instructions for administering LFP.

LFP provides compensation to eligible livestock producers that have suffered grazing losses because of qualifying drought or fire. For drought, the losses must have occurred because of a qualifying drought during the normal grazing period for the county on land that is native or improved pastureland with permanent vegetative cover or is planted to a crop planted specifically for grazing for covered livestock. For fire, LFP provides payments to eligible livestock producers that have suffered grazing losses on rangeland managed by a Federal agency if the eligible livestock producer is prohibited by the Federal agency from grazing the normal permitted livestock on the managed rangeland because of a qualifying fire. Eligible grazing losses must have occurred **on or after** January 1, 2008, and **before** October 1, 2011. The eligible grazing losses must occur within the same calendar year for which benefits are being requested.

Note: Compensation provided under LFP is **not** required to be used by the payee for any specific purpose.

B Source of Authority

LFP will be administered using funds from the Agricultural Disaster Relief Trust Fund established under Section 902 of the Trade Act of 1974, as amended by the 2008 Farm Bill under Titles XII and XV of the Food, Conservation, and Energy Act of 2008, Pub. L 110-246.

The regulations for LFP are provided in 7 CFR Part 760, Subpart D.

C Public Information

Follow instructions in 2-INFO for providing information about LFP.

D Modifying Provisions

Provisions in this handbook shall **not** be revised without prior approval from the National Office. Requests for revisions shall be addressed to the Livestock Assistance Program Manager, through the Deputy Administrator.--*

--160 General Information (Continued)*E Forms**

Forms, worksheets, applications and other documents other than those provided in this handbook or issued by the National Office shall not be required for implementing LFP.

Any document that collects data from a participant, regardless of whether the participant's signature is required:

- is subject to the Privacy Act and information collection procedures
- requires clearance by the following offices:
 - National Office program area
 - MSD, Forms and Graphics Section
 - OMB.

F Related Handbooks

See Part 1 for handbooks related to LFP.

161 Responsibilities**A STC Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, STC's shall:

- direct the administration of LFP
- ensure that FSA State and County Offices follow LFP provisions
- thoroughly document all actions taken in the STC minutes
- handle appeals according to 1-APP
- require reviews be conducted by DD's according to subparagraph 201 D to ensure that County Offices comply with LFP provisions

Note: STC's may establish additional reviews to ensure that LFP is administered according to these provisions.

- take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to subparagraph 184 E.--*

--161 Responsibilities (Continued)*B SED Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, SED's shall:

- ensure that FSA County Offices follow LFP provisions
- handle appeals according to 1-APP
- ensure that DD's conduct reviews according to subparagraph A

Note: SED's may establish additional reviews to ensure that LFP is administered according to these provisions.

- ensure that **all** County Offices publicize LFP provisions according to subparagraph D
- immediately notify the National Office Livestock Assistance Program Manager of software problems, incomplete or incorrect procedures, specific problems, or findings
- take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to subparagraph 184 F.

C DD Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, DD's shall:

- ensure that COC's and CED's follow LFP provisions
- conduct reviews according to subparagraph 201 D, and any additional reviews established by STC's or SED's according to subparagraphs A and B
- provide SED with written report of all reviews according to paragraph 201
- ensure that County Offices publicize LFP provisions according to subparagraph D.--*

--161 Responsibilities (Continued)*D COC Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, COC's shall:

- fully comply with all LFP provisions
- ensure that CED's fully comply with all LFP provisions
- act on completed FSA-925's according to paragraph 201
- handle appeals according to 1-APP
- thoroughly document all actions taken in the COC minutes

Important: All the following **must** be thoroughly documented for all LFP program determinations made by COC:

- all factors reviewed or considered
 - all documentation reviewed
 - references to applicable handbooks, notices, and regulations
 - all sources of information obtained for review or consideration.
- take any oversight actions necessary to ensure that IPIA provisions are met to prevent County Offices from issuing any improper payments according to subparagraph 184 F
 - ensure that producers receive complete and accurate program information

Note: Program information may be provided through the following:

- program leaflets, newsletters, and print media
- meetings
- radio, television, and video
- County Office visits.--*

***--161 Responsibilities (Continued)**

D COC Responsibilities (Continued)

- ensure that LFP general provisions and other important items are publicized as soon as possible after information is received from the National Office, including but not limited to, the following:
 - signup period
 - payment limitation and attribution
 - eligible livestock
 - basic participant eligibility criteria
 - general data required to complete application

Note: The LFP Fact Sheet:

- may be used to provide general program information
 - is available online at <http://disaster.fsa.usda.gov>.
- take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to subparagraph 184 F.--*

--161 Responsibilities (Continued)*E CED Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, CED's shall:

- fully comply with all LFP provisions
- ensure that County Office employees fully comply with all LFP provisions
- handle appeals according to 1-APP
- act on completed FSA-925 according to paragraph 201

Note: CED may delegate approval authority to program technicians for routine cases. Program technicians shall **not** be delegated authority to disapprove any FSA-925.

- ensure that all program and payment eligibility requirements have been met by participants before issuing any payments to ensure that IPIA provisions are met

Note: See subparagraph 184 F for additional information.

- ensure that participants receive complete and accurate program information
- immediately notify SED, through DD, of software problems and incomplete or incorrect procedures
- ensure that general provisions and other important items are publicized according to subparagraph D and copies are retained in the County Office.--*

***--161 Responsibilities (Continued)**

F Program Technician Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, the program technician shall:

- fully comply with all LFP provisions
- immediately notify CED of software problems and incomplete or incorrect procedures
- ensure that participants receive complete and accurate program information
- ensure that all program and payment eligibility requirements have been met by participants before issuing any payments to ensure that IPIA provisions are met.

Note: See subparagraph 184 F for additional information.--*

--162 Definitions for LFP*A Definitions**

The following definitions apply to LFP. The definitions provided in other parts of this handbook do **not** apply to LFP.

Adult beef bull means a male beef bovine animal that was at least 2 years old and used for breeding purposes on or before the beginning date of a qualifying drought or fire.

Adult beef cow means a female beef breed bovine animal that had delivered one or more offspring. A first time bred beef heifer shall also be considered an adult beef cow if it was pregnant on or before the beginning date of a qualifying drought or fire.

Adult buffalo/beefalo bull means a male animal of those breeds that was at least 2 years old and used for breeding purposes on or before the beginning date of a qualifying drought or fire.

Adult buffalo/beefalo cow means a female animal of those breeds that had delivered 1 or more offspring. A first time bred buffalo/beefalo heifer shall also be considered an adult buffalo/beefalo cow if it was pregnant on or before the beginning date of a qualifying drought or fire.

Adult dairy bull means a male dairy breed bovine animal at least 2 years old used primarily for breeding dairy cows on or before the beginning date of a qualifying drought or fire.

Adult dairy cow means a female dairy breed bovine animal used for the purpose of providing milk for human consumption that had delivered one or more offspring. A first time bred dairy heifer shall also be considered an adult dairy cow if it was pregnant on or before the beginning date of a qualifying drought or fire.

Agricultural operation means a farming operation.

Application means FSA-925.

Commercial use means used in the operation of a business activity engaged in as a means of livelihood for profit by the eligible livestock producer.

Contract means, with respect to contracts for the handling of livestock, a written agreement between a livestock owner and another individual or entity setting the specific terms, conditions, and obligations of the parties involved regarding the production of livestock or livestock products.--*

--162 Definitions for LFP (Continued)*A Definitions (Continued)**

Covered livestock means livestock of an eligible livestock producer that, during the 60 calendar days before the beginning date of a qualifying drought or fire, the eligible livestock producer:

- owned, leased, purchased, or entered into a contract to purchase
- was a contract grower of swine or poultry
- sold or otherwise disposed of because of a qualifying drought during the current production year
- sold or otherwise disposed of because of drought in 1 or both of the 2 production years immediately preceding the current production year as determined by the Secretary. Notwithstanding the foregoing portions of this definition, covered livestock for “contract growers” shall not include livestock in feedlots.

Equine animal means a domesticated horse, mule, or donkey.

Farming operation means a business enterprise engaged in producing agricultural products.

Federal agency means, with respect to the control of grazing land, an agency of the Federal Government that manages rangeland on which livestock is generally permitted to graze. For the purposes of LFP, it includes, but is not limited to:

- BIA
- BLM
- FS.

Goat means a domesticated, ruminant mammal of the genus Capra, including Angora goats.

Nonadult beef cattle means a beef breed bovine animal that weighed 500 pounds or more on or before the beginning date of a qualifying drought or fire that but that does not meet the definition of adult beef cow or bull.

Nonadult buffalo/beefalo means an animal of those breeds that weighed 500 pounds or more on or before the beginning date of a qualifying drought or fire, but does not meet the definition of adult buffalo or beefalo cow or bull.

Nonadult dairy cattle means a bovine animal, of a breed used for the purpose of providing milk for human consumption, that weighed 500 pounds or more on or before the beginning date of a qualifying drought or fire, but that does not meet the definition of adult dairy cow or bull.--*

--162 Definitions for LFP (Continued)*A Definitions (Continued)**

Normal carrying capacity means, with respect to each type of grazing land or pastureland in a county, the normal carrying capacity that would be expected from the grazing land or pastureland for livestock during the normal grazing period in the county, in the absence of a drought or fire that diminishes the production of the grazing land or pastureland.

Normal grazing period means, with respect to a county, the normal grazing period during the calendar year with respect to each specific type of grazing land or pastureland in the county served by the applicable COC.

Owner means 1 who had legal ownership of the livestock for which benefits are being requested during the 60 calendar days before the beginning of a qualifying drought or fire.

Poultry means a domesticated chicken, turkey, duck, or goose. Poultry are further delineated by sex, age, and purpose of production.

Sheep means a domesticated, ruminant mammal of the genus Ovis.

Swine means a domesticated omnivorous pig, hog, or boar. Swine are further delineated by sex and weight.

U.S. Drought Monitor is a system for classifying drought severity according to a range of abnormally dry to exceptional drought. It is a collaborative effort between Federal and academic partners, produced on a weekly basis, to synthesize multiple indices, outlooks, and drought impacts on a map and in narrative form. This synthesis of indices is reported by the National Mitigation Center at <http://www.drought.unl.edu/dm/monitor.html>.--*

163-169 (Reserved)

--Section 2 Policy and Procedure*170 Signup Period****A LFP Signup**

A general signup period and ending date are **not** applicable for LFP. COC will only announce that producers may make application for LFP benefits in their respective county after the State and County Office are notified by the National Office that the county has a qualifying drought based on the U.S. Drought Monitor severity rating or the County Office receives notification from a Federal agency of a qualifying fire on rangeland managed by the Federal agency and eligible livestock producers are prohibited from grazing their normal permitted livestock on the rangeland managed by the Federal agency because of a qualifying fire.

B 2008 Calendar Year Signup

For 2008 calendar year losses, eligible livestock producers that suffered grazing losses may begin signing up for LFP in eligible counties beginning September 14, 2009. Eligible livestock producers that suffered 2008 grazing losses must submit a completed FSA-925 for payment and required supporting documentation to their administrative County Office no later than December 10, 2009, to be considered timely filed.

Notes: There are **no** late-filed provisions for LFP for 2008 calendar year.

The livestock producer must also provide a copy of their grower contract, if a contract grower, by no later than December 10, 2009.

C 2009 and Subsequent Year Signup

For 2009 and subsequent year calendar year losses, eligible livestock producers must submit a completed FSA-925 for payment and required supporting documentation no later than 30 calendar days after the end of the calendar year in which the grazing loss occurred.

Notes: The livestock producer must also provide a copy of their grower contract, if a contract grower, by no later than 30 calendar days after the end of the calendar year in which benefits are being requested.

There are **no** late filed provisions for LFP for 2009 and subsequent calendar years.--*

--171 Eligibility Criteria*A Eligible Grazing Losses Because of Drought**

An eligible livestock producer may receive assistance under LFP for grazing losses because of a qualifying drought that occurred on or after January 1, 2008, and before October 1, 2011. Grazing losses for the covered livestock must occur on land that is:

- native or improved pastureland with permanent vegetative cover
- planted to crops planted specifically for the purpose of providing grazing for covered livestock such as:
 - small grains
 - forage sorghum
- physically located in a county that is, during the normal grazing period for the specific type of grazing land or pastureland for the county, rated by the U.S. Drought Monitor as having any of the following:
 - D2 (severe drought) intensity in any area of the county for at least 8 consecutive weeks during the normal grazing period for the specific type of grazing land or pastureland for the county
 - D3 (extreme drought) intensity in any area of the county at any time during the normal grazing period for the specific type of grazing land or pastureland for the county
 - D3 (extreme drought) intensity in any area of the county for at least 4 weeks during the normal grazing period (not consecutive weeks) for the specific type of grazing land or pastureland for the county or is rated as having a D4 (exceptional drought) intensity in any area of the county at any time during the normal grazing period for the specific grazing land or pastureland for the county.

Note: The grazing losses that occur because of a qualifying drought must occur during the normal grazing period, for the specific type of grazing land during the calendar year for which benefits are being requested. Whenever an intensity rating of D2, D3, or D4 occurs in any area of the county, the entire county is eligible under a qualifying drought and eligible livestock producers who certify a grazing loss are eligible for LFP.--*

--171 Eligibility Criteria (Continued)*B Determining Beginning Date of Qualifying Drought**

National Office personnel will monitor the U.S. Drought Monitor and will notify applicable State and County Offices on a weekly basis of those counties eligible for LFP because of a qualifying drought. The National Office will determine the beginning date of a qualifying drought by pasture type and will notify applicable State and County Offices of the beginning date of a D2, D3, or D4 drought intensity rating. COC will use the beginning date of each qualifying drought to determine the eligibility of covered livestock.

The beginning date of a D2 drought intensity rating is the first day of the 8 consecutive week period during the normal grazing period for the specific type of pasture that the county was rated D2 on the U.S. Drought Monitor.

Example: Normal grazing period for native pasture in County A is April 1 through October 31. County A had a D2 drought intensity rating for 8 consecutive weeks for the period April 15 through June 10. The first day of the 8 week period that the county reached the D2 drought intensity rating was April 15 which is the beginning date of the qualifying drought.

The beginning date of a D3 or D4 drought intensity rating is the first day that a county was rated a D3 or D4 on the U.S. Drought Monitor during the normal grazing period for the specific type of grazing land, or the first day the county was rated a D3 for any 4 week period during the normal grazing period for the specific type of grazing land.

Example 1: Normal grazing period in County B for improved pasture is March 1 through September 1. County B was rated a D3 drought intensity rating for 1 day on June 1. June 1 is the beginning date of the qualifying drought.

Example 2: Normal grazing period in County A for improved pasture is March 1 through September 1. County A was rated a D3 drought intensity rating for 4 weeks at different times during the normal grazing period for the county. The first week of D3 began May 1 and the other 3 weeks were at different time periods during the normal grazing period. The beginning date of the qualifying drought is May 1.

Example 3: Normal grazing period in County B for improved pasture is March 1 through September 1. County B was rated a D4 for 1 day on July 1. July 1 is the beginning date of the qualifying drought.--*

--171 Eligibility Criteria (Continued)*C Eligible Grazing Losses Because of Fire**

An eligible livestock producer may receive assistance for grazing losses because of a qualifying fire that occurred on or after January 1, 2008, and before October 1, 2011, only if the:

- grazing losses occurred on rangeland that is managed by a Federal agency
- eligible livestock producer is prohibited by the Federal agency from grazing the normal permitted livestock on the managed rangeland because of a fire.

Note: The grazing losses that occur because of a qualifying fire on land managed by a Federal agency must occur during the calendar year that benefits are being requested.

Example: A fire occurred on Federally managed rangeland on September 20, 2008, and the producer was prohibited from grazing the permitted number of livestock because of the fire. The grazing loss occurred during the 2008 calendar year. Producer would file a 2008 year FSA-925 for payment.

D Beginning Date of Qualifying Fire on Federally Managed Land

Although a local County Office and/or COC may have knowledge of a fire occurrence on Federally managed rangeland their respective county. COC's shall request documentation from the Federal agency that manages the rangeland to substantiate that a qualifying fire has occurred. The documentation provided by the Federal agency, at a minimum, should include the following:

- location of fire
- cause of fire
- date the fire started
- whether livestock producers were prohibited from grazing their normal permitted livestock and/or whether their grazing days reduced because of the fire.

Based on the information provided by the Federal agency, COC shall use the information to determine the beginning date when the Federal agency excluded the permitted livestock from grazing the rangeland managed by the Federal agency.

Example: COC became aware of a fire that started on June 15. The Federal agency notified livestock producers that a fire was burning out of control and that permitted livestock would have to be removed from the grazing land on June 21. COC determined that the beginning date of the qualifying fire was June 21 since that was the day that permitted livestock were excluded from grazing on the Federally managed land.--*

171 Eligibility Criteria (Continued)

E Eligible Covered Livestock

To be eligible considered covered livestock, livestock must meet **all** of the following conditions:

- be adult and nonadult beef cattle, adult and nonadult buffalo/ beefalo, adult and nonadult dairy cattle, alpacas, deer, elk, emus, equine, goats, llamas, poultry, reindeer, sheep, or swine
- be livestock that would normally have been grazing the eligible grazing land or pastureland in the county
 - during the normal grazing period for the specific type of grazing land or pastureland for the county

Note: Livestock that would **not** have normally been grazing the land in the eligible county will not be eligible to be included in the calculation for determining monthly feed cost. However, if the livestock would normally have been grazing the eligible grazing land but the producer had to move the livestock to another county for grazing, the livestock would be eligible to be included when calculating the monthly feed cost.

- when the Federal agency prohibited the eligible livestock producer from using the managed rangeland for grazing because of a fire
- be livestock that the eligible livestock producer:
 - at anytime during the 60 calendar days before the beginning date of a qualifying drought or fire owned, leased, purchased, entered into a contract to purchase, or was a contract grower of
 - sold or otherwise disposed of because of a qualifying drought during:
 - the current production year
 - 1 or both of the 2 production years immediately preceding the current production year
 - been maintained for commercial use as part of the producer's farming operation on the beginning date of the qualifying drought or fire
 - not have been produced or maintained for reasons other than commercial use as part of the producer's farming operation

171 Eligibility Criteria (Continued)

E Eligible Covered Livestock (Continued)

- not have been livestock that were or would have been in a feedlot, on the beginning date of the qualifying drought or fire, as part of the normal business operation of the producer.

Important: Mitigated livestock are livestock that were sold or otherwise disposed of because of a qualifying drought during the current production year, or were sold or otherwise disposed of because of a qualifying drought in 1 or both of the 2 production years immediately preceding the current production year. Mitigated livestock are still eligible livestock for LFP, if the livestock meet the requirement of this subparagraph and the definitions in paragraph 162.

*--To be considered a qualifying drought for mitigated livestock purposes in:

- 2006 or 2007, the county must have received a drought Secretarial disaster declaration and the livestock must have been sold or disposed of because of the qualifying drought
- 2008 and subsequent years, the county must have been rated as having 1 of the following by the U.S. Drought Monitor and the livestock must have been sold or disposed of because of the qualifying drought:
 - D2 intensity in any area of the county for at least 8 consecutive weeks during the normal grazing period for the county
 - D3 intensity in any area of the county at anytime during the normal grazing period for the county
 - D3 intensity in any area of the county during the normal grazing period for the county for 4 weeks during the normal grazing period
 - D4 intensity in any area of the county at anytime during the normal grazing period for the county.--*

Proof of sale of livestock shall be required if selected for spot check.

Example: John Smith normally maintains 100 head of adult beef cows in his commercial ranching operation. The adult beef cows normally graze native pasture during the normal grazing period in Matagorda County, Texas which is January 1 through December 31. On September 23, 2008, the county was rated a D2 on the U.S. Drought Monitor for 8 consecutive weeks. Mr. Smith sold 15 head of the adult beef cows because of the drought conditions on July 10, 2008. The 15 cows sold are eligible mitigated livestock for LFP provided all other eligibility requirements are met. Proof of sale documents shall be provided by Mr. Smith if Mr. Smith's FSA-925 for payment is selected for spot check.

--171 Eligibility Criteria (Continued)*F Ineligible Covered Livestock**

Livestock that are **not** eligible covered livestock for LFP include, but are **not** limited to the following:

- livestock produced or maintained for reasons other than commercial use as part of a farming operation, including, but not limited to, livestock produced or maintained for recreational purposes, such as:
 - consumption by the owner
 - hunting
 - used as pets
 - pleasure
 - roping
 - show

Example 1: Mike Jones owns 5 horses, 2 beef steers, and 3 goats. Mr. Jones maintains the horses for pleasure riding and fox hunting, and maintains the goats as pets for his children. He maintains the beef steers to be consumed by his family. Accordingly, Mr. Jones does not maintain any of the livestock for commercial use as part of a farming operation.

Because none of Mr. Jones' livestock is maintained for commercial use as part of a farming operation, the animals are **not** eligible livestock for LFP.

Example 2: Joe Smith owns 5 horses which he uses to pull hansom cabs in the tourist district of the local city. The hansom cabs are Mr. Smith's business activity he engages in as a means of livelihood for profit.

However, because the horses are not maintained as part of a farming operation, they are **not** eligible livestock for LFP.--*

--171 Eligibility Criteria (Continued)*F Ineligible Covered Livestock**

Example 3: Jane Black owns and raises a deer herd. Mrs. Black sells the does to a local food market to be processed into meat products. She sells the bucks to hunting preserves nationwide.

Mrs. Black is in the business of selling deer as a means of livelihood for profit; therefore, the deer are maintained for commercial use. However, the deer also must be maintained as part of a farming operation.

The County Office must determine whether Mrs. Black's deer business is a farming operation. Mrs. Black must provide evidence to satisfy COC or CED that the deer are part of a farming operation. One indicator of being a farming operation would be whether Mrs. Black files taxes as a farming operation. The County Office cannot request Mrs. Black to provide a copy of her tax records; however, COC or CED may ask Mrs. Black how she files her taxes for the operation.

- yaks
- ostriches
- all beef and dairy cattle, and buffalo and beefalo that weighed less than 500 pounds on the beginning date of a qualifying drought or fire
- any wild free roaming livestock, including horses and deer
- any animals not included in subparagraph D.--*

--171 Eligibility Criteria (Continued)*G Livestock Located in Feed Lots**

Livestock that were or would have been physically located in a feedlot on or before the beginning date of a qualifying drought or fire are **not** eligible for LFP. COC shall determine eligibility of livestock placed in a feedlot on a case-by-case basis. This includes, but is **not** limited to, livestock that were physically located in a feedlot:

- on or before the beginning date of a qualifying drought or fire, or placed in a feedlot after the beginning date of a qualifying drought or fire, for the purpose of fattening for slaughter as part of producer's normal operation
- as part of a livestock producer's normal course of business before the livestock reached their normal selling or fattening weight.

Example 1: John Smith owns 500 head of nonadult beef cattle weighing an average of 750 pounds each. Mr. Smith's eligible grazing land is located in County A. County A was rated as having a D3 drought intensity level on the U.S. Drought Monitor for 1 day on January 1, 2008. Mr. Smith placed the 500 head of nonadult beef cattle in Lucky 7 Feedlot, Inc., located in County A, on January 1, 2008, for the purpose of fattening for slaughter. The 500 head of nonadult beef cattle owned by Mr. Smith are **not** eligible for LFP because the adult beef cattle were placed in the feedlot for the purpose of fattening for slaughter as part of his normal operation.

Example 2: Judy Jones owns 750 head of nonadult beef cattle weighing an average of 500 pounds each. Ms. Jones' eligible grazing land is located in County A. County A was rated as having a D2 drought intensity level for 8 consecutive weeks on the U.S. Drought Monitor on March 1, 2008. The normal grazing period for native pasture in County A is May 1 through November 15. Ms. Jones, as part of her normal business operation, placed the 750 head of nonadult beef cattle in Rafter 3 Feedlot, located in County A, on March 20, 2008. The 750 head of nonadult beef cattle owned by Ms. Jones are **not** eligible for LFP because nonadult beef cattle were placed in the feedlot as part of Ms. Jones' normal business operation and **not** because of an eligible qualify drought or fire.

Note: Eligible livestock placed in a feedlot earlier than normal because of a qualifying drought or fire may be eligible for LFP if all other eligibility requirements are met.--*

--171 Eligibility Criteria (Continued)*G Livestock Located in Feed Lots (Continued)**

Example 3: Jim Black owned 500 head of nonadult beef cattle weighing an average of 500 pounds each on March 1, 2008. Mr. Black's eligible grazing land is located in County A. County A is rated as having a D3 intensity level on the U.S. Drought Monitor on March 1, 2008. Mr. Black normally removes the 500 head of nonadult beef cattle from the 1,000 acres of native pasture he owns and places them in Lucky 7 Feedlot, Inc., located in County A, when nonadult beef cattle reach 750 pounds for the purpose of fattening for slaughter. Because of a qualifying drought, Mr. Black ran out of native pasture and was forced to place the 500 head of nonadult beef cattle in the feedlot on March 1, 2008, before nonadult beef cattle reached the weight of 750 pounds.

The 500 head of nonadult beef cattle placed in the feedlot earlier than normal are eligible for LFP because of the unavailability of native pasture for grazing because of a qualifying drought.

H Eligible Livestock Producers

To be considered an eligible livestock producer, the eligible producer on a farm must:

- during the 60 calendar days before the beginning date of a qualifying drought or fire, own, cash or share lease, or be a contract grower or covered livestock
- provide pastureland or grazing land for covered livestock, including cash-rented pastureland or grazing land that is either:
 - physically located in a county affected by a qualifying drought during the normal grazing period for the county
 - rangeland managed by a Federal agency for which the otherwise eligible livestock producer is prohibited by the Federal agency from grazing the normal permitted livestock because of a qualifying fire
- certify that the livestock producer has suffered a grazing loss because of a qualifying drought or fire to be eligible for LFP payments
- timely file a report of acreage, according to 2-CP, for all grazing land for which a loss is being claimed

Note: For 2008, late-filed acreage reports will be accepted without requiring the producer to pay a late-filed fee. All other requirements for late-filed acreage reports must be met according to 2-CP.--*

*--171 Eligibility Criteria (Continued)

H Eligible Livestock Producers

- be an individual or entity that is a:
 - citizen of the U.S.
 - resident alien

Note: Resident alien means “lawful alien”.
- partnership of citizens of the U.S.
- corporation, limited liability corporation, or other farm organizational structure organized under State law
- any Native American tribe as defined in the Indian Self-Determination and Education Assistance Act
- any Native American organization or entity chartered under the Indian Reorganization Act
- any economic enterprise under the Indian Financing Act of 1974.

I Risk Management Purchase Requirement for LFP

For producers to be eligible for assistance under LFP, producers **must**, for the grazing land incurring losses, because of a qualifying drought or fire for which assistance is being requested, do either of the following:

- obtain a policy or plan of insurance for the forage crop under FCIA
- file the required paperwork and pay the administrative fee by the applicable State application closing date for NAP.

Eligible livestock producers are required to only obtain a policy or plan of insurance or have NAP coverage on the grazing land or pastureland acres for which benefits are being requested under LFP.

Note: Livestock producers **are not required** to purchase pilot program insurance to be eligible for LFP.--*

*--171 Eligibility Criteria (Continued)

J Producers with RMA PRF-VI Pilot Program Coverage

The PRF-VI pilot program policy, offered in only selected States and counties, covers multiple perils and is based upon a measure of vegetation greenness that correlates to forage condition and productive capacity. A producer who elects coverage under a PRF-VI policy on any acreage of the crop in the unit is not eligible to obtain NAP coverage for the same intended use on any of the acreage of the crop not covered under the PRF-VI policy, because the same perils are covered by both products.

Note: Producers can obtain NAP coverage on forage intended for grazing and PRF-VI policy on forage intended for hay, or vice versa, because they are considered separate crops by both RMA and NAP.

Therefore, a producer that purchases a PRF-VI policy for any of the grazing land acres in the NAP unit is:

- **not** eligible to participate in NAP on any of the acreage intended for grazing in the unit
- only eligible for LFP on those grazing land acres covered under the PRF-VI policy.

Exception: For 2008 only, a producer who elected coverage for grazing under a PRF-VI policy will be allowed to pay the NAP “buy-in” fee to cover any of the grazing acres not covered under the PRF-VI policy.

Example: In 2008, producer has 500 acres of native grass intended for grazing. The producer has PRF-VI coverage on 250 acres of native grass intended for grazing. Can the producer pay the NAP “buy-in” fee on the remaining 250 acres of native grass intended for grazing to be eligible for LFP on the total 500 acres of native grass intended for grazing?

Answer: Yes. An exception has been made for 2008 only to allow the producer to pay the NAP “buy-in” fee to be eligible for LFP on the remaining 250 acres of native grass intended for grazing that was not included under the PRF-VI policy.--*

171 Eligibility Criteria (Continued)

K Producers With RMA PFR-RI Pilot Program Coverage

The PRF-RI pilot program policy, offered in only selected States and counties, only covers losses because of drought. Because PRF-RI does not cover all perils, NAP has to be made available to producers on the same acres covered by the PRF-RI policy to provide coverage for losses resulting from other eligible NAP conditions, such as flood, fire, and freeze.

A producer that obtains PRF-RI on their grazing lands, some or all acres, to cover drought, and NAP coverage on the same acres to cover all other perils will be ineligible for a NAP payment if the producer receives an PRF indemnity payment.

For calendar year 2008, if a producer purchased a PRF-RI policy on some, but not all of their grazing land acres, the producer would be eligible to pay the “buy-in” fee for NAP to make the grazing land acres not included under the PRF-RI policy in the unit eligible for LFP.

Example: PRF-RI coverage is available in the county in 2008. Producer reports 1000 acres native grass intended for grazing. Producer has 500 acres of native grass intended for grazing covered under PRF-RI. NAP coverage was not purchased to cover the other perils in 2008. Because NAP coverage was available for the other perils, the producer can pay the “buy-in” fee to make the remaining 500 acres of native grass intended for grazing that was not included under the PRF-RI policy eligible for LFP.

***--L RMA Insurance Exceptions**

Producers will be considered in compliance with the RMPR requirement if their share in a crop is insured based on 1 of the following RMA crop policy rules:

- **Husband/Wife** – Either spouse insures all interest in the crop under 1 policy.
- **Landlord/Tenant** – Either the landlord or tenant may insure both parties’ share with permission of the other party.
- **Landlord Undivided Interest** – Land is jointly and severally owned with 1 person being the responsible person.--*

171 Eligibility Criteria (Continued)

***--L RMA Insurance Exceptions (Continued)**

- **Joint Ventures** – One of the member's TIN is used to insure the entire interest of the joint venture with all members agreeing and signing the policy.

Note: The exception on joint ventures does **not** apply to corporations or any other entities with members.

- **Revocable Trusts** – An individual beneficiary's or grantor's TIN is used to insure the entire interest of the revocable trust. Documentation may include a copy of the statement advising where the authority can be found.
- **DBA** – A producer with TIN for DBA with only the individual as sole proprietor can insure using either DBA's TIN or the individual's TIN. If DBA has substantial beneficial interest other than the individual, then DBA is **not** eligible for the exception.

Note: A producer is considered to have met RMPR only if documentation is provided by insured to substantiate that the insured has met 1 of the RMA crop policy rules.

- **Transfer of Indemnity** – A producer's share is insured under a policy purchased by another individual that transfers the insurance coverage to the producer. The original insured individual transfers the insurance coverage to another person. RMA may provide FSA with the original insured's TIN because only the crop insurance companies maintain transfer information. The producer must provide proof of transfer from their crop insurance agent.--*

M Waiver for Calendar Year 2008 only for LFP

Producers are eligible for LFP only if either crop insurance or NAP coverage has been obtained for the grazing land incurring losses for which assistance is being requested.

The 2008 Farm Bill was enacted June 18, 2008. Sales closing dates for CAT and application closing deadlines for NAP for the 2008 crop year for all insurable and noninsurable grazing land had passed. A waiver was authorized to allow producers to pay a buy-in fee, or receive a waiver, by September 16, 2008, for grazing land for which the producer did not obtain crop insurance or NAP coverage for 2008.

171 Eligibility Criteria (Continued)

N Waiver of Buy-In for Socially Disadvantaged, Limited Resource, or Beginning Farmers or Ranchers

Producers who meet the requirements of a socially disadvantaged, limited resource, or beginning farmer or rancher do **not** have to meet RMPR and are not required to pay the buy-in fee for 2008 and subsequent years.

The waiver for socially disadvantaged, limited resource, or beginning farmer or rancher provides that producers who are socially disadvantaged, limited resource, or beginning farmers or ranchers do not have to meet RMPR and, therefore, are not required to pay the buy-in fee.

In the case of an eligible livestock producer that is a socially disadvantaged farmer or rancher or limited resource or beginning farmer or rancher, the Secretary may:

- waive the requirement to purchase a policy or plan of insurance or obtain coverage under the noninsured crop disaster assistance program
- provide disaster assistance under this subpart at a level that the Secretary determines to be equitable and appropriate.

O 2008 Equitable Relief

The Secretary may, on a case-by-case basis, provide equitable relief to an eligible livestock producer that is otherwise ineligible or unintentionally fails to meet RMPR for the grazing land incurring the loss.

In the case of an eligible livestock producer that suffered losses on grazing land during the 2008 calendar year, the Secretary will take special consideration to provide equitable relief in cases in which the eligible livestock producer failed to meet RMPR because of the enactment of this title after the closing date of the sales periods for crop insurance under the Federal Crop Insurance Act, and the noninsured crop disaster assistance program and the livestock producer made a good faith effort to comply.

Note: See 7-CP, paragraph 63 to determine whether a producer made a good faith effort to comply.

171 Eligibility Criteria (Continued)**O 2008 Equitable Relief (Continued)**

Equitable relief shall not be granted to producers in instances of:

- scheme or device
- intentional decision made to not insure a covered crop under policy or plan of insurance or under NAP
- lack of good faith in reporting acreage
- sanctions placed on the producer by RMA or FSA
- the producer was prohibited from insuring acreage because the producer did not timely pay the crop insurance premiums in a prior year
- violations of HEL and WC provisions
- violations of controlled substance provisions.

Equitable relief requests must be initiated by the participant.

Producers granted relief for **not** meeting 2008 RMPR must pay an administrative fee in an amount of \$100 per crop.

Note: The administrative fee is \$100 per crop, but not more than either of the following:

- \$300 per producer per administrative county
- \$900 total per producer for all counties less any previously paid fees for NAP.

Producers must visit their administrative county to pay the appropriate administrative fees and complete CCC-752 and/or CCC-753. * * *

171 Eligibility Criteria (Continued)**O 2008 Equitable Relief (Continued)**

STC shall:

- review each request for equitable relief and clearly document in the STC minutes the justification for granting or denying equitable relief
- include the following information in the STC minutes when granting or denying equitable relief:
 - producer's name
 - program year
 - program
 - action taken by the producer.

COC shall:

- review each equitable relief request and clearly document the justification for recommending equitable relief, along with all supporting documentation to STC
- document the justification for recommending equitable relief in the COC minutes according to 7-CP, subparagraph 82 C before submitting equitable relief cases to STC.

***--Note:** FSA-321 shall **not** be completed according to 7-CP.--*

P 2009 and Subsequent Years Equitable Relief

The Secretary may, on a case-by-case basis, provide equitable to an eligible livestock producer that is otherwise ineligible or unintentionally fails to meet RMPR for the grazing land incurring loss.

Equitable relief shall not be granted to producers in instances of:

- scheme or device
- intentional decision made to not insure a covered crop under policy or plan of insurance under NAP
- sanctions placed on the producer by RMA or FSA
- violations of HEL and WC provisions
- violations of controlled substance provisions.

Equitable relief requests must be initiated by the participant.

171 Eligibility Criteria (Continued)

P 2009 and Subsequent Years Equitable Relief (Continued)

*--Producers granted relief for **not** meeting 2009 RMPR must pay an administrative fee of \$250 per crop.

Note: There is **no** limit on the amount of administrative fees that can be collected from producers for equitable relief.

Producers must visit their administrative county to pay the appropriate fees and complete FSA-754 and/or FSA-755.--*

STC shall:

- review each request for equitable relief and clearly document in the STC minutes the justification for granting or denying equitable relief
- include the following information in the STC minutes when granting or denying equitable relief:
 - producer's name
 - program year
 - program
 - action taken by the producer.

COC shall:

- review each equitable relief request and clearly document the justification for recommending equitable relief, along with all supporting documentation to STC
- document the justification for recommending equitable relief in the COC minutes according to 7-CP, subparagraph 82 C before submitting equitable relief cases to STC.

*--**Note:** FSA-321 shall **not** be completed according to 7-CP.--*

171 Eligibility Criteria (Continued)

Q Eligible Grazing Types

Different types or varieties of pasture and grazing crops for a county shall be grouped into 1 of the following:

- improved pasture with permanent vegetative cover (nonirrigated)
- native pasture with permanent vegetative cover (nonirrigated)
- small grain crops planted specifically for the purpose of providing grazing for covered livestock (nonirrigated)
- forage sorghum crops planted specifically for the purpose of providing grazing for covered livestock (nonirrigated).

R Eligible Grazing Lands

The following are eligible grazing lands:

- State and Federal lands, if either of the following apply:
 - the land is leased on a long-term basis that COC determines requires lessee contribution, including but not limited to wells, fences, or other maintenance and upkeep inputs
 - pasture or grazing land is leased for cash or fixed amount for an established grazing period
- previously irrigated grazing land that was not irrigated during the current production year because of lack of water for reasons beyond the participant's control

Note: Counties should use the same provisions as used under NAP for covering irrigated grazing losses.

- privately owned, cash or share leased pasture or rangeland that is used to provide grazing for covered livestock.

Livestock producers are responsible for providing documentation to COC such as, but not limited to, written leases to show that their contributions are at risk in the pastureland and grazing land for which benefits are being requested under LFP. COC shall review and document in the COC minutes that pastureland or grazing land that is cash leased meets the eligibility criteria for leased pastureland or grazing land under LFP.

171 Eligibility Criteria (Continued)

S Ineligible Grazing Land

The following are ineligible types of grazing:

- acreage enrolled in CRP
- irrigated pastures or crops
- acreage intended for grain, such as corn, where the stocks or aftermath is grazed
- seeded small grain forage crops that are planted with the specific purpose of harvesting forage or seed

Note: Seeded small grain forage crops include the following:

- barley
 - millet
 - oats
 - rye
 - triticale
 - wheat.
- grazing land that is leased under any of the following conditions:
 - basis of weight gain
 - cost per head, per day or month

Example: Owner A has an agreement with Producer B under which Owner A pays \$.30 per day for 100 yearlings grazed on Producer B's pasture. Owner A pays only for the number of days the 100 yearlings graze. Because Owner A pays only for the actual days grazed, Owner A suffers no grazing loss, and is ineligible for LFP.

- on an AUM-only basis, when the lessee incurs no additional expense for pasture maintenance, wells, fences, etc.

T Establishing Grazing Loss Percentages

There is no requirement for a producer to suffer a certain percentage of loss to be eligible for LFP. In addition there is no requirement that STC or COC establish a minimum or maximum amount of loss to be eligible for LFP; therefore, STC and COC shall **not** establish minimum or maximum loss percentages for LFP. The producer will not be required to report a loss percentage to be eligible for LFP.

171 Eligibility Criteria (Continued)

U Establishing Normal Grazing Periods for LFP

LFP provides payments to eligible livestock producers that have suffered livestock grazing losses because of a qualifying drought during the normal grazing period for the county. The qualifying drought must have occurred on or after January 1, 2008, but before October 1, 2011.

For drought, the losses must have occurred:

- on land that is native or improved pastureland with permanent vegetative cover or is planted to a crop planted specifically for grazing for covered livestock
- because of a qualifying drought during the normal grazing period for the specific type of pastureland or grazing land in the county during the calendar year.

STC’s shall establish normal grazing periods for each of the grazing types listed in subparagraph I for each county in their State. Only 1 grazing period per pasture or grazing crop type shall be established per county. The normal grazing period established for each pasture or grazing crop type shall be consistent with those established for **NAP** purposes.

Example: <u>Pasture Type</u>	<u>Start Date</u>	<u>End Date</u>
Forage Sorghum	June 20	October 20
Improved Pasture	August 1	October 31
Native Pasture	March 1	October 31
Small Grains	October 15	May 15

Exception: Two grazing periods for small grains may be established in each applicable county in those States where producers purchase NAP coverage for small grains grazing and the producer subsequently harvests the small grains for grain; however, the normal grazing period for full season grazing shall be entered into the LFP Normal Grazing Period Table.

Example 1: In County A, producers plant small grains with the intent to graze the small grains for the full growing season. The normal grazing period for full season small grains grazing in County A is October 15, 2007, through June 1, 2008. The normal grazing period for full season small grains would be established as follows.

<u>Pasture Type</u>	<u>Start Date</u>	<u>End Date</u>
Small grains (full season)	October 15	June 1

171 Eligibility Criteria (Continued)

U Establishing Normal Grazing Periods for LFP (Continued)

Example 2: In County A, producers also plant small grains with the intent of grazing the small grains until the normal livestock pull off date of March 1, and then subsequently harvest the small grains for grain. The normal grazing period for small grains grazing in County A that are subsequently harvested for grain is October 15, 2007, through March 1, 2008. The normal grazing period for small grains intended for grazing that are subsequently harvested for grain would be established as follows.

<u>Pasture Type</u>	<u>Start Date</u>	<u>End Date</u>
Small grains	October 15	March 1

STC’s shall ensure that normal grazing periods are:

- established for all pasture or grazing crop types listed in subparagraph I as soon as possible
- loaded into the LFP Normal Grazing Period Table.

V Deceased Individuals and Dissolved Entities

Authority to sign contracts, applications, and other documents on behalf of an eligible participant who is now a deceased individual or a dissolved entity may vary according to State law. Payments may be made for eligible grazing losses suffered by an eligible livestock producer who is now a deceased individual or is a dissolved entity if a representative, who currently has authority to enter into a contract, on behalf of the participant, signs FSA-925.

Important: Proof of authority to sign for the eligible deceased individual or dissolved entity **must** be on file in the County Office before the representative is allowed to sign FSA-925 for the participant. Proof of authority includes any of the following:

- court order
- document approved by the OGC Regional Attorney
- letter from Secretary of State.

171 Eligibility Criteria (Continued)

V Deceased Individuals and Dissolved Entities (Continued)

FSA-325 is:

- only used when it is requested that a payment earned by a deceased, missing, or incompetent program participant be issued in a name other than that of the deceased, missing, or declared incompetent program participant
- not applicable for determining who may file a program application for a deceased, incompetent, or missing individual.

State Office shall consult with the OGC Regional Attorney on the following types of cases:

- documentation submitted does **not** clearly establish authority to enter into a contract or application on behalf of the deceased individual, closed estate, or dissolved entity
- application from and request for issuing payments to heirs of a deceased individual without documentation provided that the heir establishes authority to enter into a contract or application on behalf of the deceased individual.

If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution, or their duly authorized representatives **must** sign FSA-925.

Note: Only one FSA-925 will be submitted for payment for the general partnership or joint venture; however, all members **must** sign FSA-925.

See paragraph 184 for making payments to deceased individuals, closed estates, and dissolved entities.

172-180 (Reserved)

--Section 3 Payment Rates, Limitations, and Reductions*181 Payment Rates, Limitations, and Reductions****A Funding**

Because LFP is fully funded through the Disaster Trust Fund, a national factor is not applicable.

B 2008 Payment Limitation

For 2008, no “person”, as defined and determined under the provisions of 7 CFR Part 1400, as in effect for 2008, may receive more than \$100,000 total under LFP, ELAP, LIP, and SURE combined.

For 2008, determine “persons” according to 1-PL.

If a “person” determination for the participant for 2008 has:

- already been made for 2008 for which FSA-925 is submitted, use the same “person” determination for LFP purposes
- **not** been made for 2008 for which FSA-925 is submitted, COC shall:
 - obtain CCC-502 from the participant
 - make a “person” determination and notify participant according to 1-PL.

Notes: Actively engaged and cash-rent tenant provisions do **not** apply.

The amount of any payment for which a participant may be eligible under LFP, LIP, SURE, and ELAP may be reduced by any amount received by the participant for the same or any similar loss from a different source.--*

--181 Payment Rates, Limitations, and Reductions (Continued)*C 2009 and Subsequent Years Payment Limitation**

For 2009 and subsequent years, no person or legal entity, excluding a joint venture or general partnership, as determined by the rules in 7 CFR Part 1400, may receive, directly or indirectly, more than \$100,000 per program year total under LFP, ELAP, LIP, and SURE combined. For this purpose, both indirect and direct benefits are counted by attribution. In the case of a legal entity, the same payment is attributed to the direct payee in the full amount and those that have an indirect interest to the amount of the interest.

A determination of “persons” as defined by rules in effect for 2008 and prior years is not required for 2009 and subsequent years. However, CCC-901 will be required for legal entities to determine members of legal entities for direct attribution purposes.

Note: Direct attribution provisions in 4-PL apply for 2009 and subsequent years.

D 2008 AGI Provisions

In applying the limitation on average AGI for 2008, an individual or entity is ineligible for payment under LFP if the individual’s or entity’s average AGI exceeds \$2.5 million for 2007, 2006, and 2005 under the provisions in 7CFR Part 1400 in effect for 2008.

Note: The AGI provisions of 1-PL are applicable for 2008 LFP.

E 2009 and Subsequent Years AGI Provisions

For 2009 through 2011, the average AGI limitation provisions in 7 CFR Part 1400 relating to persons or legal entities, excluding joint ventures and general partnerships, with an average adjusted gross nonfarm income as defined in 7 CFR 1400.3 that exceeds \$500,000 will not be eligible for benefits under LFP.

Note: The AGI provisions of 4-PL are applicable for 2009 and subsequent years.--*

***--181 Payment Rates, Limitations, and Reductions (Continued)**

F Payment Reductions

Any payment for which the eligible livestock producer may be eligible under LFP may be reduced by any amount received by the eligible livestock producer for the same or similar loss.

An eligible livestock producer may elect to receive assistance for grazing losses because of drought conditions under subparagraph A or fire conditions under subparagraph B but not both for the same loss on the same grazing land or pasture land acres.

Other restrictions may apply, including but not limited to, those about:

- HEL and WC provisions
- grazing losses that are not related to a qualifying drought or fire condition.--*

182 Drought Payment Calculation**A General Payment Information**

An eligible livestock producer will be eligible to receive LFP payments for grazing losses because of a qualifying drought equal to 1, 2, or 3 times the monthly payment rate calculated according to subparagraph B.

To be eligible to receive a:

- 1 month payment, that is a payment equal to the monthly feed cost as determined according to subparagraph B, the eligible livestock producer must own or lease grazing land or pastureland that is physically located in a county that is rated a D2 severe drought (intensity) in any area of the county for at least 8 consecutive weeks during the normal grazing period for the specific type of grazing or pastureland in the county
- 2 month payment, that is a payment equal to twice the monthly feed cost as determined according to subparagraph B, the eligible livestock producer must own or lease grazing land or pastureland that is physically located in a county that is rated at least a D3 (extreme drought) intensity in any area of the county at any time during the normal grazing period for the specific type of grazing land or pastureland for the county.
- 3 month payment, that is a payment equal to three times the monthly feed cost as determined under subparagraph B, the eligible livestock producer must own or lease grazing land or pastureland that is physically located in a county that is rated a D3 (extreme drought) intensity in any area of the county for at least 4 weeks during the normal grazing period for the specific type of grazing land or pastureland for the county or is rated a D4 (exceptional drought) intensity in any area of the county at any time during the normal grazing period for the specific type of grazing land or pastureland for the county.

B LFP Monthly Payment Rate

The monthly payment rate will be equal to 60 percent of the lesser of either the monthly feed cost:

- for all covered livestock owned or leased by the eligible livestock producer
- calculated by using the normal carrying capacity of the eligible grazing land of the eligible livestock producer.

Total LFP payments to an eligible livestock producer in a calendar year for grazing losses because of qualifying drought will not exceed 3 monthly payments for the same livestock; *--that is, the maximum payment a producer can receive under LFP in a calendar year cannot exceed 3 times the same covered livestock's feed cost times 60 percent.--*

In the case of an eligible livestock producer that sold or otherwise disposed of covered livestock because of drought conditions in 1 or both of the 2 previous production years, the payment rate shall be equal to 80 percent of the monthly payment rate.

182 Drought Payment Calculation (Continued)

C Monthly Feed Cost Payment Rates For Covered Livestock

The monthly feed cost for covered livestock is based, in part, on the number of pounds of corn equivalent per head, as established by FSA, determined necessary to provide the energy requirements for the specific kind/type of livestock for 30 calendar days.

The following provides the monthly payment rate per head by covered livestock category.

Kind of Livestock	Type	Weight Range	Payment Rate Per Head		
			2008	2009	*--2010
Beef	Adult	Cows and Bulls	\$29.96	\$40.04	\$35.37
	Non-adult	500 pounds or more	\$22.47	\$30.03	\$26.53
Dairy	Adult	Cows and Bulls	\$77.88	\$104.09	\$91.97
	Non-adult	500 pounds or more	\$22.47	\$30.03	\$26.53
Buffalo/Beefalo	Adult	Cows and Bulls	\$29.96	\$40.04	\$35.37
	Non-adult	500 pounds or more	\$22.47	\$30.03	\$26.53
Sheep	All		\$7.49	\$10.01	\$8.84
Goats	All		\$7.49	\$10.01	\$8.84
Deer	All		\$7.49	\$10.01	\$8.84
Equine	All		\$22.17	\$29.63	\$26.18
Swine		Less than 45 pounds	\$0.89	\$1.19	\$1.05
		45 to 124 pounds	\$2.09	\$2.79	\$2.47
		125 to 234 pounds	\$3.60	\$4.81	\$4.25
	Sow	235 pounds or more	\$12.29	\$16.42	\$14.51
	Boar	235 pounds or more	\$7.20	\$9.62	\$8.50
Elk		Less than 400 pounds	\$6.60	\$8.82	\$7.79
		400 pounds to 799 pounds	\$12.29	\$16.42	\$14.51
		800 pounds or more	\$16.18	\$21.62	\$19.10
Poultry		Less than 3 pounds	\$0.19	\$0.25	\$0.22
		3 pounds to 7.9 pounds	\$0.38	\$0.50	\$0.45
		8 pounds or more	\$0.86	\$1.15	\$1.01
Reindeer	All		\$6.60	\$8.82	\$7.79
Alpacas	All		\$24.67	\$32.98	\$29.14
Emus	All		\$15.33	\$20.49	\$18.10
Llamas	All		\$10.93	\$14.61	\$12.91--*

The monthly feed cost for covered livestock will be calculated by multiplying the monthly feed cost per head, from the table, times the number of eligible covered livestock.

Example: Participant A has 100 head of adult beef cattle that suffer a 2008 grazing loss because of a qualifying drought. The monthly feed cost for the 100 head of adult beef cattle equals the monthly payment rate, from the table, times 100 head.

100 (head) adult beef cattle x \$29.96 (monthly payment rate) = \$2,996 (monthly payment rate for adult beef cattle).

182 Drought Payment Calculation (Continued)

D Example of Monthly Payment Rate Calculation

The LFP monthly payment rate for losses because of qualifying drought are calculated at 60 percent of the smaller of step 1 or step 2 below as follows:

Step 1 The monthly feed cost for all covered livestock calculated by multiplying the monthly feed cost payment rate for each specific kind, type and weight range from the table in subparagraph C, times the number of head of eligible covered livestock for each specific kind/type and weight range of livestock and totaling the result.

Example: Participant has 100 head of adult beef cattle that suffer a grazing loss because of a qualifying drought. The monthly feed cost for the 100 head of adult beef cattle equals the monthly payment rate from the table in subparagraph C times the number of head of eligible covered livestock.

$$100 \text{ (head) adult beef cattle} \times \$29.96 \text{ (monthly payment rate per head)} = \$2,996 \text{ (monthly feed cost payment rate for adult beef cattle).}$$

Step 2 Monthly feed cost based on normal carrying capacity of the eligible grazing land is calculated by dividing the number of eligible grazing land or pastureland acres of the specific type of grazing land by the normal carrying capacity of the specific type of eligible grazing land or pastureland, times 30 days, times the daily feed cost.

Example: 1,000 acres eligible grazing land/5 acres per AU normal carrying capacity x \$.9985 (daily feed cost) x 30 days = \$5991 (monthly feed cost using normal carrying capacity).

The LFP monthly payment rate is 60 percent of the smaller of step 1, monthly feed cost for covered livestock or step 2, monthly feed cost using normal carrying capacity. In this example, the monthly feed cost for covered livestock in step 1 is smaller. The livestock producer’s monthly payment rate is calculated as follows.

$$\$2996 \times .60 = \$1,798 \text{ (monthly payment rate for LFP grazing loss)}$$

An eligible producer can only receive a maximum of 3 monthly payments for the same covered livestock during the calendar year regardless of how many different drought *-intensity ratings the county receives; that is, the maximum payment a producer can receive under LFP in a calendar year cannot exceed 3 times the same covered livestock’s feed cost times 60 percent.

Example: Producer A owns 100 head of adult beef cattle. The maximum payment amount Producer A can receive under LFP during the calendar year for the 100 head of adult beef is:

$$\text{Livestock Monthly Feed Cost for the 100 Head of Adult Beef Cattle} \times 3 \times 60\% \text{---*}$$

***--183 Drought Fire Payment Calculation**

A Payment Calculation under Fire

An eligible livestock producer will be eligible to receive compensation for grazing losses because of fire on Federally managed lands. The payment begins on the first day the permitted livestock are prohibited from grazing the eligible rangeland and ending on the earlier of the last day of the Federal lease of the eligible livestock producer or the day that would make the period a 180 calendar day period. The payment rate is 50 percent of the monthly feed cost for the number of days the producer is prohibited from grazing the managed rangeland because of a qualifying fire, not to exceed 180 calendar days.

A producer’s payment for losses suffered because of a qualifying fire on Federally-managed rangeland for which the producer is prohibited from grazing the normal permitted livestock is calculated according to the following.

Step	Action
1	<p>Calculate the total maximum payment according to the following.</p> <p>Permitted AU’s x normal permitted grazing days (NTE 180 calendar days) x daily AUD payment rate x 50 percent (statutory factor) = maximum payment amount.</p> <p>Example: 100 (permitted AU’s) x 180 calendar days (normal permitted grazing days) x \$.9985 (daily AUD rate) x 50 percent = \$8,987 (maximum payment amount)</p>
2	<p>Calculate the value of the reduced grazing (reduced AU’s and grazing days) because of the fire according to the following.</p> <p>Reduced AU’s x Reduced Grazing Days x daily AUD payment rate x 50 percent = value of reduction because of fire.</p> <p>Example: 75 (reduced AU’s) x 110 (reduced grazing days) x \$.9985 (daily AUD rate) = \$4119 (value of reduced grazing)</p>
3	<p>Issue payment to producer based on the smaller of step 1 or step 2.</p> <p>Example: Smaller of step 1 or step 2 is step 2; therefore, the producers calculated payment, because of a qualifying fire is \$4,119.</p> <p>Note: The payment the producer receives cannot exceed the maximum payment amount.</p>

184 General Payment Information

A Assignments and Offsets

For LFP, County Offices shall:

- accept assignments according to 63-FI
- apply offsets according to 58-FI.

B Issuing Payments to Deceased Individuals, Closed Estates, and Dissolved Entities

LFP payments for FSA-925’s involving deceased individuals, closed estates, or dissolved entities shall be made according to the following, provided all other eligibility requirements are met.

IF the participant is an...	AND FSA-925 is signed by an authorized representative of the...	THEN payments shall be issued...
individual who died before FSA-925 was filed	deceased according to subparagraph 171 U	to any of the following, as applicable, using the ID number of the participant: <ul style="list-style-type: none"> • the deceased individual • the individual’s estate • the heirs, based on OGC determination, according to 1-CM, Part 26.
estate that closed before FSA-925 was filed	estate according to subparagraph 171 U	
entity that dissolved before FSA-925 was filed	dissolved entity according to subparagraph 171 U	using the ID number of the participant.
individual who dies, is declared incompetent, or is missing after filing FSA-925		to eligible payees executing FSA-325 according to 1-CM, paragraph 779.

Note: FSA-325 is only used when it is requested that a payment earned by a deceased, missing, or incompetent program participant be issued in a name other than that of the deceased, missing, or incompetent program participant.

***--184 General Payment Information (Continued)**

C 2008 Payment Eligibility Requirements

A participant must meet all the following for 2008 calendar year losses before a payment shall be issued:

- CCC-502 on file and “person” determination according to 1-PL
- AD-1026 on file according to 6-CP
- not be in violation of fraud provisions, including FCIC fraud provisions according to 1-CM and 3-PL
- compliance with:
 - average AGI provisions according to 1-PL
 - controlled substance provisions according to 1-CM.

Note: See subparagraph:

- 181 B for more information about CCC-502
- E for more information about AD-1026.

County Offices shall record determinations for the applicable criteria in the web-based eligibility system according to 3-PL.--*

***--184 General Payment Information (Continued)**

D 2009 and Subsequent Years Payment Eligibility Requirements

A participant must meet all the following for 2009 and subsequent calendar year losses before a payment shall be issued:

- CCC-901 on file for legal entities according to 4-PL
- AD-1026 on file according to 6-CP
- not be in violation of fraud provisions, including FCIC fraud provisions, according to 1-CM and 3-PL (Rev. 1)
- compliance with:
 - average AGI provisions according to 4-PL
 - controlled substance provisions according to 1-CM.

Note: See subparagraph:

- 181 C for more information about CCC-901
- E for more information about AD-1026.

County Offices shall record determinations for the applicable criteria in the web-based eligibility system according to 3-PL (Rev. 1).--*

--184 General Payment Information (Continued)*E Conservation Compliance Provisions**

AD-1026 applicable to the year for which LFP benefits are requested must be on file for the participant according to 6-CP.

If AD-1026 applicable for the year for which LFP benefits are requested is:

- already on file for the participant, and affiliates, if applicable, it is not necessary to obtain a new AD-1026 for LFP
- not on file for the participant, and affiliates, if applicable, County Office shall obtain a completed AD-1026 applicable to the year for which LFP benefits are requested.

If a new AD-1026 is required to be filed, payments may be issued to eligible participants upon signing in AD-1026, item 12. It is not necessary to withhold payments pending NRCS HEL or WC determinations. The continuous certification statement on AD-1026 requires participants to refund program payments if an NRCS determination results in the discovery of a HELC/WC violation.

F Prevention of Improper Payments

IPIA requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. County Offices shall take all steps necessary to ensure that program and payment eligibility requirements have been met before issuing any payments.

***--Note:** See Exhibit 13 for additional information about FSA-770 LFP.--*

G Definition of Improper Payment

OMB defines an improper payment as any payment that should **not** have been issued or was issued in an incorrect amount under statutory, contractual, administrative, or other legally applicable requirement.--*

185-199 (Reserved)

--Section 4 Applying for Benefits*200 Applying for Benefits****A FSA-925 Process**

To apply for LFP, the participant that suffered eligible grazing losses because of a qualifying drought or fire:

- during 2008, must submit a completed FSA-925 and required supporting documentation to **their administrative County Office no later than** December 10, 2009
- during 2009 and later years, must submit a completed application for payment and required supporting documentation to the administrative County Office no later than 30 calendar days after the end of the calendar year in which the grazing loss occurred.

Note: A minor child is eligible to file FSA-925, if all eligibility requirements are met.

Producers that that suffer grazing losses because of additional grazing types being affected by drought or fire during the calendar year may file multiple FSA-925's for payment. Other documentation is required for a complete FSA-925.

State and County Offices shall not develop, design, or use any forms, worksheets, applications, or other documents to obtain or collect the data required from participants to complete FSA-925.

FSA-925's for LFP will be based on the following:

- administrative county (physical location county)
- calendar year
- participant.

If at any point the administrative county (physical location county), calendar year, or participant is different, a separate FSA-925 **must** be filed.

FSA-925's shall be filed by eligible livestock producers in **their administrative County Office**. The administrative County Office is the County Office designated by FSA to:

- handle official records
- issue payment to eligible livestock producers
- make determinations.--*

--200 Applying for Benefits (Continued)*A FSA-925 Process (Continued)**

An eligible livestock producer's administrative County Office is generally the County Office where the eligible livestock producer's farm records are maintained. FSA does have provisions in 2-CM and 3-CM that will allow farms to be transferred to other counties; therefore, some farms may be administratively located in a county where the farm is not physically located.

LFP applications will be filed in the participant's administrative county by physical county location.

When a participant has a percentage share interest in a livestock operation with an associated participant that is physically located in the same county in the same calendar year, the total eligible livestock for each participant shall be listed on separate FSA-925's based on each participant's share in the livestock operation

Example: Jane Jones has livestock interests in Castro County in calendar year 2008, and certified grazing losses because of a qualifying drought. Jane Jones is a 50-50 share owner with Bill Green of 100 adult beef cows in Castro County. Jane Jones and Bill Green, as individuals, each have a 50 percent interest in 100 head of beef cattle.

The following two FSA-925's would be filed in Castro County, Texas for calendar year 2008, assuming all participants file FSA-925 for the eligible livestock, and none of the participants have any other livestock interests.

- One FSA-925 for Jane Jones that includes 100 head of beef cattle from the operation shared with Bill Green with a share of 50 percent.
- One FSA-925 for Bill Green for 100 head of beef cattle from the operation he shares with Jane Jones with a share of 50 percent.--*

--200 Applying for Benefits (Continued)*A FSA-925 Process (Continued)**

When, in the same calendar year, a participant has a percentage share interest with different associated producers in multiple livestock operations that are physically located in the same county, the eligible livestock for each participant shall be listed separately on FSA-925's based on each participant's share.

Example: Sammy Smith has the following livestock interests in Motley County, Texas and suffered grazing losses for calendar year 2008.

- 50-50 owner share of an eligible beef cow herd with Bill Brown. Sammy Smith and Bill Brown, as individuals, each have a 50 percent interest in 100 head of beef cows
- 75-25 owner share of a beef cattle herd with Martha Green. Sammy Smith and Martha Green jointly own the beef cattle as individuals on 75-25 percent share interest in 200 head of beef cows
- 25-50-25 owner share of a beef cattle herd with Bob Black and Mike White. Sammy Smith, Bob Black, and Mike White have a 25-50-25 percent interest, respectively, in 300 head of beef cows.--*

--200 Applying for Benefits (Continued)*A FSA-925 Process (Continued)**

The following five FSA-925's would be filed in Motley County, Texas, the administrative county for calendar year 2008, assuming all participants file FSA-925 for the eligible livestock, and none of the participants have any other livestock interests.

- one FSA-925 for Sammy Smith that includes **all** of the following:
 - 100 eligible adult beef cows from the operation he shares with Bill Brown with a share of 50 percent
 - 200 eligible adult beef cows from the operation he shares with Martha Green with a share of 75 percent
 - 300 eligible adult beef cows from the operation he shares with Bob Black and Mike White with a share 25 percent.
- One FSA-925 for Bill Brown that includes 100 eligible adult beef cows from the operation he shares with Sammy Smith with a share of 50 percent.
- One FSA-925 for Martha Green that includes 200 eligible adult beef cows from the operation she shares with Sammy Smith with a share of 25 percent.
- One FSA-925 for Bob Black that includes 300 eligible adult beef cows from the operation he shares with Sammy Smith and Mike White with a 50 percent share.
- One FSA-925 for Mike White that includes 300 eligible adult beef cows from the operation he shares with Sammy Smith and Bob Black with a 25 percent share.--*

200 Applying for Benefits (Continued)

B Signing and Certifying FSA-925

When signing FSA-925, item 42A, the participant is:

- applying for LFP benefits for the participant listed on FSA-925, item 6
- certifying **all** of the following:
 - information provided on FSA-925 is true and correct
 - livestock claimed on FSA-925 are eligible livestock according to subparagraph 171 E
 - all supporting documentation provided are true and correct copies of the transaction reported
 - that an eligible grazing loss occurred because of a qualifying drought or fire on Federally managed grazing land for which the producer was prohibited from grazing the normal permitted livestock on the Federally managed rangeland
 - *--physical location and date of qualifying fire condition, if applicable--*
 - the physical location of the:
 - claimed livestock on the beginning date of the qualifying grazing loss condition
 - participant's current livestock inventory
 - the names of all other producers that have an interest in the claimed livestock, including their share
 - risk management purchase requirement have been met or a waiver of the risk management purchase requirement was waived has been approved
- authorizing FSA officials to:
 - enter upon, inspect, and verify all applicable livestock and acreage in which the participant has an interest for the purpose of confirming the accuracy of the information provided
 - review, verify, and authenticate all information provided on FSA-925 and supporting documents
 - contact other agencies, organizations, or facilities to verify data provided by an participant from such agencies, organizations, or facilities

--200 Applying for Benefits (Continued)*B Signing and Certifying FSA-925 (Continued)**

- acknowledging that:
 - failure to provide information requested by FSA is cause for disapproval of FSA-925
 - providing a false certification to FSA is cause for disapproval of FSA-925, and is punishable by imprisonment, fines, and other penalties.

Note: Participants who receive assistance must keep records and supporting documentation for 3 years following the end of the year in which FSA-925 for payment was filed.

C Signature Requirements

All participants' signatures **must** be received by no later than:

- December 10, 2009, for 2008 calendar year applications for payment
- 30 calendar days after the end of the calendar year in which the grazing loss occurred for 2009 and subsequent calendar year applications for payment.

STC or COC do **not** have authority to approve late-filed FSA-925.

See 1-CM for signature requirements.

Important: 1-CM, Part 25 provides signature requirements for general partnerships. County Offices shall see 1-CM for signature requirements for general partnerships.

Note: General partnerships must have a permanent tax ID number to receive any FSA payment. FSA payments shall not be issued to the individual members of a general partnership.

FSA payments may be issued to:

- a joint venture with a permanent tax ID number
- the individual members of a joint venture, using the individual member's ID numbers, when the joint venture does not have a permanent tax ID number.--*

200 Applying for Benefits (Continued)**D Printing and Reviewing FSA-925**

Once the automated system becomes available, all manual FSA-925's shall be loaded into the automated system. After all information is entered into the automated system, County Offices shall:

- print an automated FSA-925
- if a manual FSA-925 was submitted:
 - attach the manual FSA-925 to the automated FSA-925
 - conduct a second party review of all data on the automated FSA-925 to ensure that all data is the same on both the manual and automated FSA-925.

Important: The individual conducting the second party review shall:

- not be the same individual who entered the data into the automated system
- *--initial and date automated FSA-925 to indicate second party review has been completed.--*

200 Applying for Benefits (Continued)

F Supporting Documents

All supporting documents **must** be completed by the participant and on file in the County Office before FSA-925 may be approved.

For 2008 calendar year losses, the participant must have provided the following to the County Office by no later than December 10, 2009:

- report of acreage for the grazing land incurring losses according to 2-CP

Note: FSA-578, item 17 shall not be revised according to 2-CP.

- evidence that grazing land is owned or leased
- evidence of meeting risk management purchase requirements or an approved waiver.

For 2009 and subsequent year calendar year losses, the participant must provide the following supporting documentation to the County Office by no later than 30 calendar days after the end of the calendar year for which benefits are requested:--*

- report of acreage for the grazing land incurring losses according to 2-CP

Note: FSA-578, item 17 shall **not** be revised according to 2-CP.

- evidence that grazing land is owned or leased
- evidence of meeting risk management purchase requirement or an approved waiver.

--Additional supporting documents including, but not limited to, the following must be completed by the participant and be on file in the County Office before FSA-925 can be approved:--

- CCC-502, applicable for 2008 calendar year
- CCC-901, applicable for 2009 and subsequent years
- AD-1026, applicable for 2008, 2009, 2010, and 2011
- CCC-526 or other acceptable document according to 1-PL to determine compliance with average AGI provisions for 2008
- CCC-926, or other acceptable document according to 4-PL to determine compliance with average AGI provisions for 2009 and subsequent years
- copy of contract grower contracts.

--201 Acting on FSA-925*A Approving FSA-925**

COC or CED **must** act on **all** completed and signed FSA-925's submitted.

Note: CED's may delegate approval authority to program technicians for routine cases. Program technicians shall **not** be delegated authority to disapprove any FSA-925.

Important: DD review of initial FSA-925's **must** be completed according to subparagraph D before FSA-925's may be approved or disapproved.

FSA-925 shall be approved or disapproved as certified by the participant. When more than 1 type of livestock is claimed, FSA-925 shall be approved or disapproved based on all livestock claimed. However, COC does have authority to make adjustments to certain information reported on FSA-925 when documentation warrants making adjustments.

Example: Jim Brown files FSA-925 that includes 100 adult beef cows reported in item 14. COC has documentation that only 98 adult beef cows meet eligibility requirements as eligible covered livestock in inventory on the beginning date of the qualifying drought. In this case, on FSA-925, COC can enter "98" in item 18 for adult beef cows and then approve FSA-925 for the 98 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 2 adult beef cows not used in the calculation of LFP benefits.--*

***--201 Acting on FSA-925 (Continued)**

A Approving FSA-925 (Continued)

Before approving FSA-925, COC or CED **must**:

- ensure that **all** program eligibility requirements are met
- be satisfied with **all** the following:
 - livestock claimed are eligible livestock according to subparagraph 171 E
 - risk management purchase requirements have been met or a waiver has been approved
 - all forage information entered on the application meets eligibility requirements according to paragraph 171
 - participant is an eligible livestock producer according to subparagraph 171 H
 - reasonableness of the number and type of livestock claimed
 - all signature requirements are met.

Note: See subparagraph B when:

- COC or CED questions any data provided by participant
- disapproving FSA-925.--*

--201 Acting on FSA-925 (Continued)*B Disapproving FSA-925**

COC or CED **must** act on all completed and signed FSA-925's submitted.

Note: CED's may delegate approval authority to program technicians for routine cases. Program technicians shall **not** be delegated authority to disapprove any FSA-925.

Important: DD review of initial FSA-925's must be completed according to subparagraph D before FSA-925's may be approved or disapproved.

FSA-925 shall be approved or disapproved as certified by the participant. When more than 1 type of livestock is claimed, FSA-925 shall be approved or disapproved based on all livestock claimed. However, COC does have authority to make adjustments to certain information reported on FSA-925 when documentation warrants making adjustments.

Example: Jim Brown files FSA-925 that includes 100 adult beef cows reported in item 14. COC has documentation that only 98 adult beef cows meet eligibility requirements as eligible covered livestock in inventory on the beginning date of the qualifying drought. In this case, on FSA-925, COC can enter "98" in item 18, for adult beef cows and then approve FSA-925 for the 98 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 2 adult beef cows not used in the calculation of LFP benefits.

If it is determined that any information provided on FSA-925 is not reasonable or is questionable, additional verifiable documentation or evidence shall be requested from the participant, in writing, to support the data provided. Other agencies, organizations, or facilities may also be contacted to verify information provided by participants.

Important: See subparagraph C when contacting other agencies, organizations, or facilities to verify information provided by participants.

Exception: COC's shall **not** require tax records; however, participant may voluntarily provide tax records.

If all program eligibility requirements are **not** met, it is determined that the information on FSA-925 or any additional supporting documentation provided by participant is **not** accurate or reasonable, then the following actions shall be taken:

- disapprove FSA-925
- notify participant of disapproval
- provide participant applicable appeal rights according to 1-APP
- thoroughly document reason for disapproval in COC minutes, if disapproved by COC.--*

--201 Acting on FSA-925 (Continued)*C Verifying Data With Other Agencies, Organizations, or Facilities**

When contacting agencies, organizations, or facilities to verify data provided by a participant, the County Office shall be specific in the information requested. The request should include, but is not limited to, the following:

- participant's name and address
- animal kind and type
- why the request is being made
- what information is being requested.

D DD Review and Report of Initial FSA-925's

DD's shall review the first five FSA-925's submitted, for both qualifying drought conditions and fire conditions, in each Service Center before approval. The review shall include the following:

- ensuring that separate FSA-925's are submitted by participant and physical location County Office
- signature requirements, including power of attorney, are met
- no State or County Office developed forms, worksheets, applications, or other documents are being used to obtain or collect the data required from participants
- supporting data required for payment eligibility is properly completed and on file, such as CCC-901, CCC-926, CCC-502, AD-1026, and accurate subsidiary and SCIMS data.

Within 10 workdays of completing the review, DD shall provide a written report to SED describing the review findings, including a list of errors discovered, and the overall status of the implementation of LFP in the County Office.

DD review of the initial FSA-925's and supporting documentation submitted is critical to ensuring LFP is being administered according to the procedures provided in this handbook and the regulations in 7 CFR Part 760, Subparts B and D.

Reviewing the initial FSA-925's and supporting documentation in a timely manner:

- identifies possible weaknesses in the administration of LFP that may be resolved by additional training, clarified procedures, or modified software
- prevents numerous participants from being impacted by erroneous LFP administration
- allows corrections to be made in a timely manner before erroneous payments are issued.--*

***--202 FSA-925, Livestock Forage Disaster Program Application**

A Completing Manual FSA-925

Complete FSA-925 according to the following.

Item	Instruction
1	Enter State and county code. Note: This is the physical location of the county in which the loss occurred.
2	Enter the calendar year the loss of grazing occurred. Note: If the pasture type is a small grains for grazing crop, enter the calendar year as the calendar year of when the normal grazing period for the small grains ends. Example: The producer claims to have suffered a grazing loss for wheat reported as intended for grazing. The normal grazing period for wheat is October 1, 2007, through March 1, 2008. The calendar year the producer would file an application for payment would be 2008.
3	Enter County Office name. Note: This is the physical County Office location where the participant's loss occurred.
4	Enter date of application.
5	Enter the application number. Note: This is an automated system assigned number.
Part A - Producer Information	
6	Enter the producer's name and address.
Part B - Disaster Information	
7	Check (✓) the appropriate box or boxes to indicate the type of qualifying disaster condition(s) causing the grazing loss. Indicate whether the grazing loss is a result of drought, fire, or both. If: <ul style="list-style-type: none"> • fire is checked, go to item 8 • drought is checked, go to item 9. Note: A producer cannot receive assistance for grazing losses because of drought and fire on the same acres.
8	Enter the date and location of the qualifying fire condition(s) that occurred on Federal managed rangelands only , for which the producer is prohibited by the Federal agency from grazing the normal permitted livestock covered by the Federal lease. Leave item 8 blank if fire was not selected as a qualifying grazing loss condition in item 7. Each date and location of a qualifying fire condition will be sequentially numbered, starting with 1. This will be used to identify the fire event number(s), by occurrence in Part D, item 30.

A D2 designation occurred on January 1, 2008, for small grains. The beginning date of the qualifying drought condition (8 week period) is November 1, 2007. The producer sold 50 head of livestock on September 1, 2007, and sold 120 head of livestock on April 15, 2008, because of drought conditions. If the 50 head that were sold were livestock that would have grazed the small grain acreage, then the livestock would be considered current production year mitigated livestock and would be entered in item 15. The 120 head of livestock sold on April 15, 2008, would be considered current year inventory (not current year mitigated) and would be entered in item 14.</p> <p data-bbox="342 1455 1471 1780">Example 3: The county has 2 established grazing periods within the current production year, October 1, 2007, through March 30, 2008, for small grains and May 15, 2008, through November 1, 2008 for native pasture. The D2 designation occurred on October 14, 2008. The beginning date of the qualifying drought condition (8 week period) began on August 15, 2008 for native pasture. The producer sold 120 head of livestock on July 15, 2008, because of drought conditions. <p>Payments under the Livestock Forage Disaster Program will be made to eligible livestock producers that have suffered livestock grazing losses on land that is native or improved pastureland with permanent vegetative cover or is land planted to a crop planted specifically for grazing for covered livestock due to a qualifying drought condition during the normal grazing period for the county. Payments under the Livestock Forage Disaster Program will also be made to eligible livestock producers that have suffered grazing losses on rangeland managed by a Federal agency if the eligible livestock producer is prohibited by the Federal agency from grazing the normal permitted livestock on the managed rangeland due to a qualifying fire condition. Each producer must file a separate form FSA-925 to be eligible to receive program benefits. --203 FSA-925-1, Estimated Livestock Forage Disaster Program Payment Calculation Worksheet*A Using FSA-925-1**

FSA-925-1 shall be used by County Offices to calculate LFP payment amounts for eligible livestock producers until the automated payment process is deployed.

A new FSA-925-1 shall be completed for an eligible livestock producer each time the drought intensity level changes for a county for a specific type of grazing land or a new type of grazing land becomes eligible for LFP that was not previously eligible.

Example 1: In calendar year 2008, County A rated a D2 drought intensity for at least 8 consecutive weeks during the normal grazing period for small grains. FSA-925-1 was completed for Producer A and the producer received a 1-month payment. Later on during the normal grazing period for small grains, County A rated a D3 drought intensity for at least 1 day during the normal grazing period for small grains. Producer A is eligible for an additional 1-month payment for small grains. A new FSA-925-1 needs to be completed to calculate Producer A's payment based on the new D3 drought intensity rating.

Example 2: In calendar year 2008, County A rated a D2 drought intensity for at least 8 consecutive weeks during the normal grazing period for small grains. FSA-925-1 was completed for Producer A and the producer received a 1-month payment. Later on during the year County A rated a D3 drought intensity for at least 1 day during the normal grazing period for native pasture which has a different normal grazing period than small grains. Producer A is eligible to apply for a 2-month payment for native pasture. A new FSA-925-1 needs to be completed to calculate Producer A's payment based on the D3 drought intensity rating for native pasture.

FSA-925-1 is available on the FFAS Employees Form/Publications Online web site at <http://165.221.16.90/dam/ffasforms/forms.html>.--*

B Completing FSA-925-1

FSA-925-1 shall be completed according to the following.

Item	Instruction
1	Enter State and county code. Note: This is the physical location of the county in which the loss occurred.
2	Enter the participant's name.
3	Enter the calendar year the loss of grazing occurred. Note: If the pasture type is a small grains for grazing crop, enter the calendar year of when the normal grazing period for the small grains ends. Example: The participant claims to have suffered a grazing loss for wheat reported as intended for grazing. The normal grazing period for wheat is October 1, 2008, to March 1, 2009. The calendar year the participant's loss occurred would be 2009.
4	Check (✓) the appropriate box or boxes to indicate the type of qualifying disaster condition(s) causing the grazing loss. Indicate whether the grazing loss is a result of drought, fire, or both. Notes: The National Office will notify State and County Offices when their county becomes eligible for LFP and whether the county's drought intensity level is rated a D2, D3, or D4 according to the U.S. Drought Monitor. Fire is only applicable to Federally managed grazing lands for which the participant is prohibited from grazing the normal permitted livestock because of fire. A producer cannot receive assistance for grazing losses because of drought and fire on the same acres.
Part A – Livestock Information – Drought – Current Year Inventory and Current Year Mitigated	
5	Enter the corresponding number or alpha-numeric number assigned to the livestock kind/type and weight range from FSA-925, item 12.
6	Enter the applicable livestock kind/type and weight range from FSA-925, item 13.
7	Enter the number of livestock from FSA-925 (item 14 plus item 15). Notes: If an entry is entered in FSA-925, item 18, then item 18 shall be used in performing the calculation for the specific livestock kind/type and weight range instead of item 14. If an entry is entered in FSA-925, item 19, then item 19 shall be used in performing the calculation for the specific livestock kind/type and weight range instead of item 15.

--Part 5 ELAP*Section 1 Basic ELAP Information****231 General Information****A Purpose**

This part provides instructions for administering ELAP.

ELAP provides emergency assistance to eligible producers of livestock, honey bees, and farm-raised fish that have losses because of disease, adverse weather, or other conditions, including losses because of blizzards and wildfires, as determined by the Secretary. ELAP assistance is for losses not covered under other Supplemental Agricultural Disaster Assistance Programs established by the 2008 Farm Bill, specifically, LFP, LIP, and SURE. Eligible losses must have occurred:

- on or after January 1, 2008, and before October 1, 2011
- in the same calendar year for which benefits are being requested.

Note: Compensation provided under ELAP is **not** required to be used by the payee for any specific purpose.

B Source of Authority

ELAP will be administered using funds from the Agricultural Disaster Relief Trust Fund established under Section 9002 of the Trade Act of 1974, as amended under Titles XII and XV of the Food, Conservation, and Energy Act of 2008, Pub. L. 110-246.

The regulations for ELAP are provided in 7 CFR Part 760, Subparts B and D.

C Public Information

Follow instructions in 2-INFO for providing information about ELAP.

D Modifying Provisions

Provisions in this handbook shall **not** be revised without prior approval from the National Office. Requests for revisions shall be addressed to the LAP Manager, through the Deputy Administrator.--*

--231 General Information (Continued)*E Forms**

Forms, worksheets, applications and other documents other than those provided in this handbook or issued by the National Office shall not be required for implementing ELAP.

Any document that collects data from a participant, regardless of whether the participant's signature is required:

- is subject to the Privacy Act and information collection procedures
- requires clearance by the following offices:
 - National Office program area
 - MSD, Forms and Graphics Section
 - OMB.

Forms for ELAP will be web-based. A manual application has been developed and will be used until the web-based forms are available. There will be a separate form for each eligible type of loss for the following:

- livestock losses (FSA-918)
- farm-raised fish/honey bee losses (FSA-930).

F Related Handbooks

See Part 1 for handbooks related to ELAP.--*

--232 Responsibilities*A STC Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, STC's shall:

- direct the administration of ELAP
- ensure that FSA State and County Offices follow ELAP provisions
- thoroughly document all actions taken in the STC minutes
- handle appeals according to 1-APP
- require reviews be conducted by DD's according to subparagraph 297 D to ensure that County Offices comply with ELAP provisions

Note: STC's may establish additional reviews to ensure that ELAP is administered according to these provisions.

- take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to subparagraph 282 F.

B SED Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, SED's shall:

- ensure that FSA County Offices follow ELAP provisions
- handle appeals according to 1-APP
- ensure that DD's conduct reviews according to subparagraph A

Note: SED's may establish additional reviews to ensure that ELAP is administered according to these provisions.

- ensure that **all** County Offices publicize ELAP provisions according to subparagraph D
- immediately notify the National Office LAP Manager of software problems, incomplete or incorrect procedures, specific problems, or findings
- take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to subparagraph 282 F.--*

--232 Responsibilities (Continued)*C DD Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, DD's shall:

- ensure that COC's and CED's follow ELAP provisions
- conduct reviews according to subparagraph 297 D , and any additional reviews established by STC's or SED's according to subparagraphs A and B
- provide SED with report of all reviews according to subparagraph 297 D
- ensure that County Offices publicize ELAP provisions according to subparagraph D.

D COC Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subpart B and D, COC's shall:

- fully comply with all ELAP provisions
- ensure that CED's fully comply with all ELAP provisions
- act on completed FSA-918's and FSA-930's according to paragraph 297
- handle appeals according to 1-APP
- thoroughly document all actions taken in the COC minutes

Important: All the following **must** be thoroughly documented for all ELAP determinations made by COC's:

- all factors reviewed or considered
- all documentation reviewed
- references to applicable handbooks, notices, and regulations
- all sources of information obtained for review or consideration.--*

--232 Responsibilities (Continued)*D COC Responsibilities (Continued)**

- ensure that participants receive complete and accurate ELAP information

Note: Program information may be provided through the following:

- program leaflets, newsletters, and print media
 - meetings
 - radio, television, and video
 - County Office visits.
- ensure that ELAP general provisions and other important items are publicized as soon as possible after information is received from the National Office, including, but not limited to, the following:
 - signup period
 - application for payment deadlines
 - payment limitation and attribution
 - eligible livestock, honey bees, or farm-raised fish
 - basic participant eligibility criteria
 - general data required to complete notice of loss and application for payment

Note: The ELAP Fact Sheet may be used to provide general program information.

- take oversight actions to ensure that IPIA provisions are met to prevent County Offices from issuing improper payments according to subparagraph 282 F.--*

--232 Responsibilities (Continued)*E CED Responsibilities**

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, CED's shall:

- fully comply with all ELAP provisions
- ensure that County Office employees fully comply with all ELAP provisions
- handle appeals according to 1-APP
- act on completed FSA-918's and FSA-930's according to paragraph 297

Note: CED may delegate approval authority to program technicians for routine cases. Program technicians shall **not** be delegated authority to disapprove any FSA-918's or FSA-930's.

- ensure that all program and payment eligibility requirements have been met by participants before issuing any payments to ensure that IPIA provisions are met

Note: See subparagraph 282 F for additional information.

- immediately notify SED, through DD, of software problems and incomplete or incorrect procedures or when COC takes action contrary to national procedure
- ensure that general provisions and other important items are publicized according to subparagraph D and copies are retained in the County Office.--*

***--232 Responsibilities (Continued)**

F Program Technician Responsibilities

Within the authorities and limitations in this handbook and 7 CFR Part 760, Subparts B and D, program technicians shall:

- fully comply with all ELAP provisions
- immediately notify CED of software problems and incomplete or incorrect procedures
- ensure that participants receive complete and accurate program information
- ensure that all program and payment eligibility requirements have been met by participants before issuing any payments to ensure that IPIA provisions are met.

Note: See subparagraph 282 F for additional information.--*

--233 Definitions for ELAP*A Definitions**

The following definitions apply to ELAP. The definitions provided in other parts of this handbook do **not** apply to ELAP.

Adult beef bull means a male beef breed bovine animal that was used for breeding purposes that was at least 2 years old before the beginning date of the eligible adverse weather or eligible loss condition.

Adult beef cow means a female beef breed bovine animal that had delivered 1 or more offspring before the beginning date of the eligible adverse weather or eligible loss condition. A first-time bred beef heifer is also considered an adult beef cow if it was pregnant on or by the beginning date of the eligible adverse weather or eligible loss condition.

Adult buffalo/beefalo bull means a male animal of those breeds that was used for breeding purposes and was at least 2 years old before the beginning date of the eligible adverse weather or eligible loss condition.

Adult buffalo/beefalo cow means a female animal of those breeds that had delivered 1 or more offspring before the beginning date of the eligible adverse weather or eligible loss condition. A first-time bred buffalo/beefalo heifer shall also be considered an adult buffalo/beefalo cow if it was pregnant by the beginning date of the eligible adverse weather or eligible loss condition.

Adult dairy bull means a male dairy breed bovine animal that was used primarily for breeding dairy cows and was at least 2 years old by the beginning date of the eligible adverse weather or eligible loss condition.

Adult dairy cow means a female bovine dairy breed animal used for the purpose of providing milk for human consumption that had delivered 1 or more offspring by the beginning date of the eligible adverse weather or eligible loss condition. A first-time bred dairy heifer shall also be considered an adult dairy cow if it was pregnant by the beginning date of the eligible adverse weather or eligible loss condition.

Agricultural operation means a farming operation.

Application means FSA form used to apply for either the emergency loss assistance for livestock or emergency loss assistance for farm-raised fish or honey bees.--*

--233 Definitions for ELAP (Continued)*A Definitions (Continued)**

Aquatic species means any species of aquatic organism grown as food for human consumption, fish raised as feed for fish that are consumed by humans, or ornamental fish propagated and reared in an aquatic medium by a commercial operator on private property in water in a controlled environment. Catfish and crawfish are both defined as aquatic species for ELAP. However, aquatic species do not include reptiles or amphibians.

Bait fish means small fish caught for use as bait to attract large predatory fish. For ELAP, it also must meet the definition of aquatic species and not be raised as food for fish; provided, however, that only bait fish produced in a controlled environment can generate claims under ELAP.

Buck means a male goat.

Commercial use means used in the operation of a business activity engaged in as a means of livelihood for profit by the eligible producer.

Contract means, with respect to contracts for the handling of livestock, a written agreement between a livestock owner and another individual or entity setting the specific terms, conditions, and obligations of the parties involved regarding the production of livestock or livestock products.

Controlled environment means an environment in which everything that can practicably be controlled by the participant with structures, facilities, and growing media (including, but not limited to, water and nutrients) and was in fact controlled by the participant at the time of the adverse weather or eligible loss condition.

COC or County Office means the respective FSA committee or office.

Deputy Administrator or DAFP means the Deputy Administrator for Farm Programs, Farm Service Agency, U.S. Department of Agriculture or the designee.

Eligible adverse weather or eligible loss condition means any disease, adverse weather, or other loss condition as determined by the Deputy Administrator. The eligible adverse weather or eligible loss condition would have resulted in agricultural losses not covered by other programs in this part for which the Deputy Administrator determines financial assistance needs to be provided to producers. The disease, adverse weather, or other conditions may include, but are not limited to, blizzards, wildfires, water shortages, and other factors. Specific eligible adverse weather and eligible loss conditions may vary based on the type of loss. Identification of eligible adverse weather and eligible loss conditions will include locations (National, State, or county-level) and start and end dates.--*

--233 Definitions for ELAP (Continued)*A Definitions (Continued)**

Equine animal means a domesticated horse, mule, or donkey.

Ewe means a female sheep.

Farming operation means a business enterprise engaged in producing agricultural products.

Farm-raised fish means any aquatic species that is propagated and reared in a controlled environment.

FSA means the Farm Service Agency.

Game or sport fish means fish pursued for sport by recreational anglers; provided, however, that only game or sport fish produced in a controlled environment can generate claims under ELAP.

Goat means a domesticated, ruminant mammal of the genus *Capra*, including Angora goats. Goats are further delineated into categories by sex (bucks and nannies) and age (kids).

Kid means a goat less than 1 year old.

Lamb means a sheep less than 1 year old.

Livestock owner, for death loss purposes, means 1 having legal ownership of the livestock for which benefits are being requested on the day such livestock died because of an eligible adverse weather or eligible loss condition. For all other purposes of loss under ELAP, "livestock owner" means 1 having legal ownership of the livestock for which benefits are being requested during the 60 calendar days before the beginning date of the eligible adverse weather or eligible loss condition.

Nanny means a female goat.

Nonadult beef cattle means a beef breed bovine animal that does not meet the definition of adult beef cow or bull. Nonadult beef cattle are further delineated by weight categories of either less than 400 pounds or 400 pounds or more at the time they died. For a loss other than death, means a bovine animal less than 2 years old that weighed 500 pounds or more on or before the beginning date of the eligible adverse weather or eligible loss condition.

Nonadult buffalo/beefalo means an animal of those breeds that does not meet the definition of adult buffalo or beefalo cow or bull. Nonadult buffalo or beefalo are further delineated by weight categories of either less than 400 pounds or 400 pounds or more at the time of death. For a loss other than death, means an animal of those breeds that is less than 2 years old that weighed 500 pounds or more on or before the beginning date of the eligible adverse weather or eligible loss condition.--*

--233 Definitions for ELAP (Continued)*A Definitions (Continued)**

Nonadult dairy cattle means a bovine breed animal used for the purpose of providing milk for human consumption that does not meet the definition of adult dairy cow or bull. Nonadult dairy cattle are further delineated by weight categories of either less than 400 pounds or 400 pounds or more at the time they died. For a loss other than death, means a bovine dairy breed animal used for the purpose of providing milk for human consumption that is less than 2 years old that weighed 500 pounds or more on or before the beginning date of the eligible adverse weather or eligible loss condition.

Normal grazing period, with respect to a county, means the normal grazing period during the calendar year with respect to each specific type of grazing land or pastureland in the county.

Normal mortality means the numerical amount, computed by a percentage, as established for the area by the FSA State Committee, of expected livestock deaths, by category, that normally occur during a calendar year for a producer.

Poultry means domesticated chickens, turkeys, ducks, or geese. Poultry are further delineated into categories by sex, age, and purpose of production as determined by FSA.

Ram means a male sheep.

Secretary means the Secretary of Agriculture or a designee of the Secretary.

Sheep means a domesticated, ruminant mammal of the genus Ovis. Sheep are further defined by sex (rams and ewes) and age (lambs) for purposes of dividing into categories for loss calculations.

STC, State Office, COC, or County Office means the respective FSA committee or office.

Swine means a domesticated omnivorous pig, hog, or boar. Swine for purposes of dividing into categories for loss calculations are further delineated into categories by sex and weight as determined by FSA.

United States means all 50 States of the United States, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, Guam, and the District of Columbia.--*

Section 2 Policy and Procedures

241 Signup Period

A 2008 and 2009 Calendar Year ELAP Signup

Producers who:

- suffered eligible livestock, honey bee, or farm-raised fish losses during:
 - 2008 and 2009 calendar year can signup for ELAP beginning September 14, 2009
 - *--2008 calendar year must have provided a notice of loss and file an application for--* payment in their administrative County Office no later than December 10, 2009
 - January 1, 2009 through September 10, 2009, shall provide a notice of loss no later than December 10, 2009, and an application for payment must be filed no later than January 30, 2010
- suffer eligible livestock, honey bee, or farm-raised fish losses during
 - *--September 11, 2009, through December 31, 2009, shall file the following:--*
 - a notice of loss no later than 30 calendar days of when the loss is apparent to the producer
 - an application for payment no later than January 30, 2010.

Notes: For notice of loss for:

- livestock losses, complete FSA-918, Parts A and B
- honey bees or farm-raised fish losses, complete FSA-930, Parts A and B.

For application for payment for livestock losses, complete only those parts of FSA-918, Parts D through L that are applicable.

For application for payment for honey bee or farm-raised fish losses, complete only those parts of FSA-930, Parts D through L that are applicable.

*--FSA-918's and FSA-930's, for 2008 and 2009 calendar year losses shall be accepted no later than 14 calendar days after the technical correction to 7 CFR Part 760 is published in FR. 2008 and 2009 late-filed FSA-918's and FSA-930's will be accepted **without** requiring producers to pay a late-filed fee.--*

The application period for ELAP is a matter of general applicability to all participants; therefore, disapproval of FSA-918's or FSA-930's filed after the end of the applicable application period is not appealable.

--241 Signup Period (Continued)*B 2010 and 2011 Calendar Year ELAP Signup**

For 2010 and subsequent calendar year losses, producers that suffer eligible livestock, honey bee, or farm-raised fish losses shall file:

- a notice of loss the earlier of 30 calendar days:
 - of when the loss is apparent to the participant
 - after the end of the calendar year in which the loss occurred
- an application for payment no later than 30 calendar days after the end of the calendar year in which the loss occurred.

Important: There are **no** late-filed provisions for ELAP. FSA shall not refuse to accept a producer's request to file FSA-918 or FSA-930. However, FSA-918 or FSA-930 submitted by participants after the end of the applicable filing date shall be disapproved because they were not filed during the application period.

The application period for ELAP is a matter of general applicability to all participants; therefore, disapproval of FSA-918's or FSA-930's filed after the end of the applicable application period is not appealable.--*

242 Eligibility Criteria

A General Eligibility Criteria

To be eligible to receive assistance under ELAP for eligible losses for livestock, honeybees, and farm-raised fish, an eligible producer must:

- have suffered eligible losses of livestock, honeybees, and farm-raised fish because of an eligible adverse weather or eligible loss condition that occurred:
 - on or after January 1, 2008 and before October 1, 2011
 - in the calendar year for which assistance is being requested
- have suffered losses that are physically located in the county where the eligible adverse weather or eligible loss condition occurred
- obtain a plan of insurance under FCIA equal to at least the CAT level of coverage or NAP coverage for all crops planted or intended to be planted on the farm, or receive an approved waiver according to subparagraph K, L, M, or N, with the exception of grazing land

Note: The definition of a farm includes all crops planted or intended to be planted on all farms in all counties, excluding grazing land.

- *--timely file FSA-918 or FSA-930, as applicable, for payment
- timely file FSA-578 of all cropland and grazing land acres, honeybee colonies, and farm-raised fish pond acres on FSA-578 according to 2-CP.

Note: For 2008 and 2009 calendar year, late-filed FSA-578's will be accepted without requiring the producer to pay a late-filed fee. All other requirements for late-filed FSA-578's must be met according to 2-CP.--*

242 Eligibility Criteria (Continued)

B Eligible Loss

An eligible loss under ELAP is a loss that an eligible producer or contract grower of livestock, honeybees, or farm-raised fish incurs because of an eligible adverse weather or loss condition including, but not limited to, blizzards and wildfires.

Note: A loss covered under Aquaculture Grant Program, LFP, LIP, or SURE is **not** eligible for ELAP.

To be considered an eligible loss for ELAP, the loss must have occurred:

- during the calendar year for which payment is being requested
- on or after January 1, 2008, and before October 1, 2011.

C Eligible Livestock Losses

Eligible livestock losses under ELAP are:

- losses of purchased forage or feedstuffs that was:
 - intended for use as feed for the participant's eligible livestock
 - physically located in the county where the eligible adverse weather or eligible loss condition occurred on the beginning date of the eligible adverse weather or loss condition
 - lost because of an eligible adverse weather or eligible loss condition including, but not limited to, blizzard, flood, hurricane, tidal surge, tornado, volcanic eruption, wildfire on non-Federal land, or lightning
- losses of mechanically harvested forage or feedstuffs:
 - intended for use as feed for the participant's eligible livestock
 - physically located in the county where the eligible adverse weather or eligible loss condition occurred on the beginning date of the eligible adverse weather or loss condition
 - that was lost after harvest because of an eligible adverse weather or eligible loss condition including, but not limited to, blizzard, flood, hurricane, tidal surge, tornado, volcanic eruption, wildfire on non-Federal land, or lightning
- losses resulting from the additional costs incurred for providing or transporting feed to eligible livestock, because of an eligible adverse weather or eligible loss condition such *--as, but not limited to, costs associated with equipment rental fees for hay lifts and snow removal--*

242 Eligibility Criteria (Continued)

C Eligible Livestock Losses (Continued)

- losses resulting from the additional cost:
 - incurred for providing or transporting livestock feed to eligible livestock because of an eligible adverse weather or loss condition including, but not limited to, costs associated with equipment rental fees for hay lifts and snow removal

Note: The additional costs incurred must have been incurred for losses suffered in the county where the eligible adverse weather or loss condition occurred.
 - of purchasing additional livestock feed, above normal quantities, required to maintain eligible livestock during an eligible adverse weather or loss condition, until additional livestock feed becomes available

Note: The additional feed purchased above normal quantities must be feed that is fed to maintain livestock in the county where the eligible adverse weather or eligible loss condition occurred.
- grazing losses incurred on eligible grazing lands physically located in the county where the eligible adverse weather or loss condition occurred because of an eligible adverse weather or loss condition including, but not limited to, flood, freeze, hurricane, hail, tidal surge, volcanic eruption, and wildfire on non-Federal land

Note: The grazing loss will not be eligible if it is because of an adverse weather condition covered by LFP such as drought or wildfire on federally managed land where the producer is prohibited by the Federal agency from grazing the normally permitted livestock on the managed rangeland because of a fire.
- the physical loss of livestock in excess of normal mortality that died because of an eligible adverse loss condition not covered under LIP including, but not limited to, wolf depredation.

*--Producers are not eligible to receive compensation under ELAP for both a grazing loss and a loss resulting from the cost of additional feed purchased above normal to sustain the livestock for a short time period until additional feed becomes available, for the same eligible livestock during the same eligible adverse weather or loss condition.

When a producer has both a grazing loss and a loss resulting from the purchase of additional feed, above normal quantities, for the same livestock, the producer will be compensated under ELAP for the loss providing the larger payment to the producer.--*

242 Eligibility Criteria (Continued)

D Eligible Honeybee/Farm-Raised Fish Losses

For honeybee or farm-raised fish feed losses to be eligible, the honeybee or farm-raised fish feed producer must have:

- suffered a loss of purchased or produced honeybee or farm-raised fish feed that was intended as feed for the honeybees or farm-raised fish that was damaged because of an eligible adverse weather or loss condition
- incurred the loss in the county where the eligible adverse weather or loss condition.

For honeybee colony or honeybee hive losses to be eligible, the honeybee colony or honeybee hive producer must have:

- lost the honeybee colony or honeybee hive because of an eligible adverse weather or eligible loss condition
- incurred the loss in the county where the eligible adverse weather or eligible loss condition occurred.

Note: The eligible honeybee producer must provide documentation to support that the loss of honeybee colony was because of colony collapse disorder, as provided in subparagraph 261 E.

For a death loss for bait fish or game fish to be eligible, the producer must have:

- suffered a physical loss of bait fish or game fish because of an eligible adverse weather or eligible loss condition
- incurred the loss in the county where the eligible adverse weather or eligible loss condition occurred.

E Eligible Adverse Weather or Loss Conditions for Livestock Feed and Grazing Losses

Eligible adverse weather or eligible loss conditions for livestock **feed and grazing losses** include, but are **not** limited to, the following:

- blizzards/winter storms
- flooding
- freeze damage
- grasshopper infestation as approved by DAFP
- hail
- hurricanes/tidal surge
- insects
- lightning
- tornados/excessive wind
- volcanic eruption
- wildfires on non-Federally managed grazing lands.

242 Eligibility Criteria (Continued)***--F Eligible Loss Conditions for Livestock Death Losses**

Eligible loss conditions for livestock death losses are loss conditions determined eligible by DAFP and **not** related to an eligible adverse weather event under LIP.

Wolf depredation has been determined to be an eligible loss condition for livestock death losses.--*

G Eligible Adverse Weather or Loss Conditions for Honey Bee Losses

Eligible adverse weather or eligible loss conditions for honey bee losses include, but are not limited to, the following:

- colony collapse disorder
- earthquake
- floods
- hurricanes/tidal surge
- tornado/excessive winds
- volcanic eruption
- wildfires.

H Eligible Adverse Weather or Loss Conditions for Farm-Raised Fish Losses

Eligible adverse weather or eligible loss conditions for farm-raised fish losses include, but are not limited to, the following:

- contaminated water (death losses only)
- earthquakes
- excessive heat (death losses only)
- excessive winds
- flooding
- hurricanes
- tidal surge
- tornados
- volcanic eruption.

--242 Eligibility Criteria (Continued)*I Eligible Producers**

To be considered an eligible livestock producer for livestock feed losses and to receive payments, the participant must have owned, cash-leased, purchased, entered into a contract to purchase, or been a contract grower of eligible livestock during the 60 calendar days before the beginning date of the eligible adverse weather or eligible loss condition and must have suffered 1 of the following:

- a loss of **purchased** forage or feedstuffs intended for use as feed for the participant's eligible livestock that was physically located in the county where the eligible adverse weather or loss condition occurred because of an eligible adverse weather or loss condition in the calendar year for which benefits are being requested
- a loss of **mechanically harvest** forage or feedstuffs intended for use as feed for the participant's eligible livestock that was physically located in the county where the eligible adverse weather or loss condition occurred because of an eligible adverse weather or loss condition in the calendar year for which benefits are being requested

Note: The loss must have occurred after harvest because of an eligible adverse weather or eligible loss condition.

- a loss resulting from the additional cost incurred for providing or transporting livestock feed to the participant's eligible livestock because of an eligible adverse weather or eligible loss condition until additional livestock feed becomes available.

Note: The additional feed purchased above normal must be feed that is fed to maintain livestock in the county where the eligible adverse weather or eligible loss condition occurred.--*

242 Eligibility Criteria (Continued)

I Eligible Producers (Continued)

To be considered an eligible livestock producer for grazing losses and to receive payments, the producer must have:

- during the 60 calendar days before the beginning date of the eligible adverse weather or eligible loss condition, owned, cash-leased, purchased, entered into a contract to purchase, or been a contract grower of eligible livestock
- suffered a loss on land that is either:
 - native or improved pastureland with a permanent vegetative cover
 - planted to a crop specifically for the purpose of providing grazing for covered livestock
- *--provided pastureland or grazing land during the normal grazing period for covered--* livestock, including cash-rented pastureland or grazing land for covered livestock that is physically located in the county where the eligible adverse weather or loss condition occurred. * * *

To be considered an eligible livestock producer for livestock death losses, the:

- livestock owner must have owned the livestock on the day the livestock died under conditions in which no contract grower could have been eligible for ELAP payment with respect to the animal because of the eligible loss condition
- contract grower must have had:
 - a written agreement with the owner of the eligible livestock setting the specific terms, conditions, and obligations of the parties involved regarding the production of livestock
 - control of the eligible livestock on the day the livestock died
 - a risk of loss in the animal.

To be considered an eligible honey bee producer, the producer must have an interest and risk in an eligible honey bee colony:

- *--being maintained for producing honey, pollinating, or breeding bees for commercial--* use as part of a farming operation on the beginning date of the eligible adverse weather or eligible loss condition
- that is physically located in the county where the eligible adverse weather or eligible loss condition occurred on the beginning date of the eligible adverse weather or eligible loss condition.

--242 Eligibility Criteria (Continued)*I Eligible Producers (Continued)**

To be considered an eligible producer for farm-raised fish, the fish must be produced in a controlled environment so to be considered “farm-raised fish”; the “farm-raised fish” must for:

- feed losses:
 - be an aquatic species that is propagated and reared in a controlled environment
 - be maintained and harvested for commercial use as part of a farming operation
 - be physically located in the county where the eligible adverse weather or eligible loss condition occurred on the beginning date of the eligible adverse weather or loss condition
- death losses:
 - be bait fish or game fish that are propagated and reared in a controlled environment
 - been maintained for commercial use as part of a farming operation
 - been physically located in the county the eligible adverse weather or eligible loss condition occurred on the beginning date of the eligible adverse weather or loss condition
- is an individual or entity that is a:
 - citizen of the United States
 - resident alien
 - Note:** Resident alien means “lawful alien”.
 - partnership of citizens of the United States
 - corporation, limited liability corporation, or other farm organizational structure organized under State law
 - any Native American tribe as defined in the Indian Self-Determination and Education Assistance Act
 - any Native American organization or entity chartered under the Indian Reorganization Act
 - any economic enterprise under the Indian Financing Act of 1974.--*

*--242 Eligibility Criteria (Continued)

J Risk Management Purchase Requirement

For producers to be eligible for assistance under ELAP for eligible losses for livestock, honey bees, or farm-raised fish, producers **must**, for every commodity on every farm in which the producer has an interest for the relevant program year:

- in the case of an “insurable commodity”, obtained catastrophic coverage or better under a policy or plan of insurance administered by RMA under FCIA, except this obligation will not include crop insurance pilot programs so designated by RMA or forage crops intended for grazing
- in the case of a “noninsurable commodity”, obtained NAP coverage by filing the proper paperwork and paying the applicable administrative fees by the applicable State application closing dates for NAP, except that this requirement will not include forage on grazing land.

The statute requires eligible producers to obtain a policy or plan of insurance equal to at least the CAT level of coverage or NAP coverage for each crop planted or intended to be planted for harvest on the **whole** farm, excluding grazing.

A farm is defined as the sum of all crop acreage in all counties nationwide that a producer has an interest that is planted or intended to be planted for harvest by the eligible producer.

Example 1: An eligible livestock producer that raises alfalfa and corn must purchase crop insurance or NAP coverage on the alfalfa and corn, but not the grazing land, to be eligible to participate in ELAP for an eligible livestock grazing loss.

Note: An eligible livestock producer that suffers a grazing loss on native pasture intended for grazing is not required to purchase crop insurance or NAP coverage on the grazing lands to receive ELAP benefits for the grazing loss; however, to be eligible to receive benefits for the grazing loss, the producer would have to purchase crop insurance or NAP coverage for the corn and alfalfa.

Example 2: An eligible producer of honey bees that raises wheat, soybeans, and honey must obtain a policy or plan of insurance or NAP coverage on the wheat, soybeans, and honey to be eligible for ELAP benefits for the physical losses of the honey bees, because of colony collapse disorder.

Example 3: An eligible farm-raised fish producer that suffers a loss because of an eligible adverse weather or eligible loss condition on purchased catfish feed, that also produces soybeans must purchase crop insurance or NAP coverage on catfish and soybeans to be eligible for ELAP benefits for the catfish feed loss.--*

242 Eligibility Criteria (Continued)**J Risk Management Purchase Requirement (Continued)**

The risk management purchase requirement for ELAP will be determined based on the initial intended use of a crop at the time a policy or plan of insurance or NAP coverage was purchased and as reported on the acreage report.

K Waiver for 2008 Calendar Year Only for ELAP

Producers are eligible for ELAP only if they have obtained either crop insurance or NAP coverage on all insurable and noninsurable commodities on every farm in which the producer has an interest for the relevant crop year, excluding forage crops intended for grazing.

The 2008 Farm Bill was enacted June 18, 2008. Sales closing dates for CAT and application closing deadlines for NAP for the 2008 crop year for all insurable and noninsurable * * * had passed. For the 2008 crop year, the insurance or NAP purchase requirement will be waived for eligible producers for losses during the 2008 crop year if the eligible producer paid a fee (buy-in) equal to applicable NAP service fee or catastrophic risk protection plan fee by September 16, 2008. Payment of a buy-in fee is for the sole purpose of becoming eligible for ELAP and does not provide any actual insurance or NAP coverage or assistance.

Any producer of 2008 commodities that did not meet the risk management purchase requirement and who did not meet the September 16, 2008, buy-in deadline may still be eligible for 2008 ELAP assistance if the producer paid the applicable catastrophic risk protection plan fee or the applicable NAP service fee no later than May 18, 2009, provided that in the case of each:

- insurable commodity, excluding grazing land, the eligible producer on the farm agrees to obtain a policy or plan of insurance under FCIA, excluding a crop insurance pilot program for the next insurance year for which crop insurance is available to the eligible producer on the farm at a level of coverage equal to 70 percent or more of the recorded or appraised average yield indemnified at 100 percent of the expected price, or equivalent coverage
- noninsurable commodity, the eligible producer on the farm must agree to file the required paperwork, and pay the administrative fee by the applicable State filing deadline, for NAP for the next year for which a policy is available.

L Waiver for 2009 Calendar Year Only for ELAP

For the 2009 crop year, RMPR will be waived for insurable crops where the sales closing date for crop insurance coverage occurred before August 14, 2008, so long as the buy-in fee was paid by January 12, 2009.

242 Eligibility Criteria (Continued)

***--M Farm-Raised Fish Producers**

NAP coverage or a policy or plan of insurance administered by RMA was **not** available for farm-raised fish for 2008 or 2009. Therefore, to be eligible for 2008 or 2009 farm-raised fish losses under ELAP, a producer who does **not** have any other crop planted or intended to be planted for harvest on the whole farm, excluding grazing, does **not** have to:

- meet RMPR
- pay a buy-in fee equal to the applicable NAP service fee or catastrophic risk protection plan fee.

N Honey Bee Producers

Honey bee producers, who have a risk in honey production for producing honey for commercial use as part of a farming operation, must meet RMPR.

A pasture, rangeland, and forage pilot policy:

- is available for honey producers in certain areas of the country
- covers all aspects of honey production, including the loss of hives or colonies
- will allow the producer to meet RMPR; however, it is **not** required for all producers because it is a pilot.

NAP coverage is **not** available for the loss of honey bee colonies or hives. Therefore, a honey bee producer meeting **all** of the following criteria does **not** have to meet RMPR to be eligible for 2008 and 2009 honey bee losses under ELAP:

- does **not** have any other crop planted or intended to be planted for harvest on the whole farm, excluding grazing
- has a risk in a honey bee pollination or breeding operation
- does **not** produce honey for commercial use.

In addition, honey bee producers meeting this criteria do **not** have to pay a buy-in fee equal to the applicable NAP service fee or catastrophic risk protection plan fee to become eligible for ELAP payments.--*

242 Eligibility Criteria (Continued)

O Waiver of Buy-In for Socially Disadvantaged, Limited Resource, or Beginning Farmers or Ranchers

Producers who meet the requirements of a socially disadvantaged, limited resource, or beginning farmer or rancher do **not** have to meet RMPR and are not required to pay the buy-in fee for 2008 and subsequent years.

The waiver for socially disadvantaged, limited resource, or beginning farmer or rancher provides that producers who are socially disadvantaged, limited resource, or beginning farmers or ranchers do not have to meet RMPR and, therefore, are not required to pay the buy-in fee.

In the case of an eligible livestock producer that is a socially disadvantaged farmer or rancher or limited resource or beginning farmer or rancher, the Secretary may:

- waive the requirement to purchase a policy or plan of insurance or obtain coverage under the noninsured crop disaster assistance program
- provide disaster assistance under this subpart at a level that the Secretary determines to be equitable and appropriate.

***--P Equitable Relief for 2008**

The Food, Conservation, and Energy Act of 2008 provided special consideration to provide equitable relief in 2008 to eligible producers who failed to meet 2008 RMPR for ELAP, because most sales closing dates for crop insurance and application closing dates for NAP occurred before the enactment.

For relief requests submitted before May 18, 2009, equitable relief was granted by STC, on a case-by-case basis, to an eligible producer who failed to meet 2008 RMPR when the determination was made that the producer made a good faith effort to comply, and when 1 of the following situations occurred:

- producer was unable to pay the 2008 buy-in fee for the crop by the September 16, 2008, deadline and the sales closing date for crop insurance or application closing date for NAP crops had passed
- late-planting a crop because of weather-related causes--*

242 Eligibility Criteria (Continued)

***--P Equitable Relief for 2008 (Continued)**

- actual use of the crop that differs from IU was uninsurable.

Example: Certain insurance policies, such as Crop Revenue Coverage, insure corn **only** intended as grain. If the corn is intended for silage, the coverage will **not** attach.

Note: 7-CP, paragraph 63 was used to determine whether a producer made a good faith effort.

Equitable relief shall **not** be granted by STC to a producer who failed to meet 2008 RMPR because of 1 of the following reasons:

- producer intentionally chose **not** to insure a covered crop under RMA or NAP
- a lack of good faith in reporting acreage or production
- ineligibility determinations rendered under RMA or NAP regulations
- producer was prohibited from insuring acreage because the producer did **not** timely pay the crop insurance premiums in a prior year
- relief request was after May 18, 2009.

Equitable relief requests must be initiated by the participant.

Producers granted relief by STC for **not** meeting 2008 RMPR must pay a \$100 per crop administrative fee.

Note: The administrative fee is \$100 per crop, but **not** more than either of the following:

- \$300 per producer per administrative county
- \$900 total per producer for all counties less any previously paid fees for CAT and/or NAP.

Producers **must** visit their administrative county to pay the appropriate fees and complete CCC-752 or CCC-753.--*

242 Eligibility Criteria (Continued)

***--P Equitable Relief for 2008 (Continued)**

STC's shall do the following for 2008 relief cases acted on by STC:

- review each request for equitable relief and clearly document in STC minutes the justification for granting or denying equitable relief
- include the following information in STC minutes when granting or denying equitable relief:
 - producer's name
 - program year
 - ELAP Program
 - action taken by the producer.

COC shall do the following for relief cases to be submitted to STC:

- review each equitable relief request and clearly document the justification for recommending equitable relief, along with all supporting documentation to STC
- document the justification for recommending equitable relief in COC minutes according to 7-CP, subparagraph 82 C **before** submitting equitable relief cases to STC.

Note: FSA-321 shall **not** be completed according to 7-CP.

The American Recovery and Reinvestment Act authorized an additional waiver for a second buy-in. This waiver allowed producers another opportunity to pay a buy-in fee to be eligible for ELAP.

Since producers were given a second opportunity to pay a buy-in fee to meet 2008 RMPR, all STC relief provisions were suspended.

Important: For requests for relief cases submitted after May 18, 2009, State and County Offices shall follow 7-CP for submitting equitable relief cases to DAFP.--*

242 Eligibility Criteria (Continued)

***--Q Equitable Relief for 2009**

The 2009 crop year sales closing dates for crop insurance and application closing dates for NAP coverage had occurred **before** enactment of the Food, Conservation, and Energy Act of 2008 for some crops. Pub. L. 110-398 amended the Food, Conservation, and Energy Act of 2008 to allow a waiver of RMPR for producers who did **not** meet RMPR.

Producers were given the opportunity to buy-in until January 12, 2009, for crops that had a sales closing date before August 14, 2008, and for which crop insurance was not purchased.

Note: The application closing date for NAP was extended until December 1, 2008; therefore, this provision did **not** apply to NAP crops.

Equitable relief may be granted by STC on a case-by-case basis, to an eligible producer that failed to meet 2009 RMPR when the determination has been made that the producer made a good faith effort to comply and 1 of the following situations occurred:

- producer was unable to file the necessary paperwork and pay the administrative fee by the December 1, 2008, deadline for NAP crops; January 12, 2009, deadline for insurable crops; and the sales closing date for crop insurance or application closing date for NAP crops had passed
- late planting decisions were made because of weather-related causes
- actual use of the crop differs from the intended use.

Example: Certain insurance policies, such as Crop Revenue Coverage, insure corn **only** intended as grain. If the corn is intended for silage, the coverage will **not** attach.

Note: See 7-CP, paragraph 63 to determine whether a producer made a good faith effort.

STC shall **not** grant equitable relief to a producer that failed to meet 2009 RMPR because of any of the following reasons:

- producer intentionally chose **not** to insure a covered crop under RMA or NAP
- a lack of good faith in reporting acreage or production
- ineligibility determinations rendered under RMA or NAP regulations
- producer's inability to insure acreage because of **not** paying premiums with crop insurance in a prior year.--*

242 Eligibility Criteria (Continued)

***--Q Equitable Relief for 2009**

Equitable relief requests **must** be initiated by the participant.

Producers granted relief for **not** meeting 2009 RMPR shall pay a \$250 per crop administrative fee.

Note: There is **no** limit on the amount of administrative fees that can be collected from a producer for equitable relief.

Producers **must** visit their administrative county to pay the appropriate fees and complete FSA-754 and/or FSA-755.

STC shall:

- review each request for equitable relief and clearly document in STC minutes the justification for granting or denying equitable relief
- include the following information in STC minutes when granting or denying equitable relief:
 - producer's name
 - program year
 - program
 - action taken by producer.

COC shall:

- review each equitable relief request and clearly document the basis for recommending equitable relief, along with all supporting documentation to STC
- document the basis for recommending equitable relief in COC minutes according to 7-CP, subparagraph 82 C **before** submitting equitable relief cases to STC.

Note: FSA-321 shall **not** be completed according to 7-CP.--*

242 Eligibility Criteria (Continued)

R Deceased Individuals and Dissolved Entities

Authority to sign contracts, applications, and other documents on behalf of an eligible participant who is now a deceased individual or a dissolved entity may vary according to State law. Payments may be made for eligible grazing losses suffered by an eligible livestock producer who is now a deceased individual or is a dissolved entity if a representative, who currently has authority to enter into a contract, on behalf of the participant, signs FSA-918 or FSA-930, as applicable.

Important: Proof of authority to sign for the eligible deceased individual or dissolved entity **must** be on file in the County Office before the representative is allowed to sign FSA-918 or FSA-930 for the participant. Proof of authority includes any of the following:

- court order
- document approved by the OGC Regional Attorney
- letter from Secretary of State.

FSA-325 is:

- only used when it is requested that a payment earned by a deceased, missing, or incompetent program participant be issued in a name other than that of the deceased, missing, or declared incompetent program participant
- not applicable for determining who may file a program application for a deceased, incompetent, or missing individual.

State Office shall consult with the OGC Regional Attorney on the following types of cases:

- documentation submitted does **not** clearly establish authority to enter into a contract or application on behalf of the deceased individual, closed estate, or dissolved entity
- application from and request for issuing payments to heirs of a deceased individual without documentation provided that the heir establishes authority to enter into a contract or application on behalf of the deceased individual.

242 Eligibility Criteria (Continued)

R Deceased Individuals and Dissolved Entities (Continued)

If a participant is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution, or their duly authorized representatives **must** sign FSA-918 or FSA-930.

Note: Only one FSA-918 or FSA-930 will be submitted for payment for the general partnership or joint venture; however, all members **must** sign FSA-918 or FSA-930.

See paragraph 282 for making payments to deceased individuals, closed estates, and dissolved entities.

243-250 (Reserved)

*--Section 3 Livestock Eligibility Criteria

251 Livestock Eligibility

A Eligible Livestock for Feed Losses and Grazing Losses

To be considered eligible livestock for livestock feed losses and grazing losses, livestock must meet **all** of the following conditions:

- be adult and nonadult beef cattle, adult and nonadult buffalo/beefalo, adult and nonadult dairy cattle, alpacas, deer, elk, emus, equine, goats, llamas, poultry, reindeer, sheep, or swine
- be livestock that would normally have been grazing the eligible grazing land or pastureland during the normal grazing period for the specific pasture type of grazing land or pastureland in the county

Note: Livestock that would **not** have normally been grazing the land in the eligible county will not be eligible to be included in the calculation for determining monthly feed cost. However, if the livestock would normally have been grazing the eligible grazing land but the producer had to move them to another county for grazing, the livestock would be eligible to be included when calculating the monthly feed cost.

- be livestock that is owned, leased, purchased, under contract for purchase, or been raised by a contract grower or an eligible livestock producer, during the 60 calendar days before the beginning date of the eligible adverse weather or eligible loss condition
- been maintained for commercial use as part of the producer's farming operation on the beginning date of the eligible adverse weather or eligible loss condition
- not have been produced or maintained for reasons other than commercial use as part of the producer's farming operation
- not have been livestock that were or would have been in a feedlot, on the beginning date of the eligible adverse weather or eligible loss condition, as part of the normal business operation of the producer.--*

--251 Livestock Eligibility (Continued)*B Eligible Livestock for Death Losses**

For death losses for livestock owners to be eligible, the livestock must meet **all** of the following:

- be alpacas, adult or nonadult dairy cattle, beef cattle, buffalo/beefalo, deer, elk, emus, equine, goats, llamas, poultry, reindeer, sheep, or swine
- been owned by an eligible livestock owner on the day the livestock died
- died as a direct result of an eligible loss condition:
 - on or after the beginning date of the eligible loss condition
 - no later than 60 calendar days from the ending date of the eligible loss condition
 - on or after January 1, 2008, and before October 1, 2011
 - in the calendar year for which payment is being requested
- been maintained for commercial use as part of a farming operation on the day the livestock died
- before dying, not have been produced or maintained for reasons other than commercial use as part of a farming operation, such as but not limited to, recreational purposes, pleasure, hunting, roping, pets, or for show-eligible.

For death losses for contract growers to be eligible, the livestock must meet **all** of the following:

- be poultry or swine
- been in the possession of an eligible contract grower on the day the livestock died
- died as a direct result of an eligible loss condition:
 - on or after the beginning date of the eligible loss condition
 - no later than 60 calendar days from the ending date of the eligible loss condition
 - on or after January 1, 2008, and before October 1, 2011
 - in the calendar year for which payment is being requested--*

251 Livestock Eligibility (Continued)

B Eligible Livestock for Death Losses (Continued)

- been maintained for commercial use as part of a farming operation on the day the livestock died
- before dying, not have been produced or maintained for reasons other than commercial use as part of a farming operation such as, but not limited to, recreational purposes, pleasure, hunting, roping, pets, or for show-eligible.

Note: The contract grower **shall** provide a copy of the grower contract to the administrative FSA County Office to prove that the participant had possession of the livestock on the day the livestock died.

Important: If an animal was pregnant at the time of death, only the pregnant animal that died is eligible for payment under ELAP. The unborn animal is **not** considered eligible livestock under ELAP.

See:

- *--subparagraph K for acceptable documentation of livestock deaths--*
- paragraph 233 for definitions of eligible livestock, commercial use, and farming operation
- paragraph 252 for further delineation of eligible livestock by payment rate.

C Eligibility for Newborn or Stillborn Animals

Animals that were born at normal full-term or near full-term shall qualify for ELAP if **both** of the following apply:

- the death was the direct cause of the eligible loss condition
- the birth produced a fully developed carcass that normally would have survived under normal conditions.

Note: Animals that died before they reached full-term or near full-term and would not normally survive under normal conditions do not qualify for ELAP benefits.

--251 Livestock Eligibility (Continued)*D Ineligible Livestock**

Animals **not** eligible for ELAP include, but are not limited to, the following:

- livestock produced or maintained for reasons other than commercial use as part of a farming operation including, but not limited to, livestock produced or maintained for recreational purposes, such as:
 - consumption by the owner
 - hunting
 - used as pets
 - pleasure
 - roping
 - show

Example 1: Mike Jones owns 5 horses, 2 beef steers, and 3 goats. Mr. Jones maintains the horses for pleasure riding and fox hunting, and maintains the goats as pets for his children. He maintains the beef steers to be consumed by his family. Accordingly, Mr. Jones does not maintain any of the livestock for commercial use as part of a farming operation.

Because none of Mr. Jones' livestock is maintained for commercial use as part of a farming operation, the animals are **not** eligible livestock for ELAP.

Example 2: Joe Smith owns 5 horses which he uses to pull hansom cabs in the tourist district of the local city. The hansom cabs are Mr. Smith's business activity he engages in as a means of livelihood for profit.

However, because the horses are not maintained as part of a farming operation, they are not eligible livestock for ELAP.--*

251 Livestock Eligibility (Continued)

D Ineligible Livestock (Continued)

Example 3: Jane Black owns and raises a deer herd. Mrs. Black sells the does to a local food market to be processed into meat products. She sells the bucks to hunting preserves nationwide.

Mrs. Black is in the business of selling deer as a means of livelihood for profit; therefore, the deer are maintained for commercial use. However, they also must be maintained as part of a farming operation.

The County Office must determine whether Mrs. Black's deer business is a farming operation. Mrs. Black must provide evidence to satisfy COC or CED that the deer are part of a farming operation. One indicator of being a farming operation would be whether Mrs. Black files taxes as a farming operation. The County Office cannot request Mrs. Black to provide a copy of her tax records; however, COC or CED may ask Mrs. Black how she files her taxes for the operation.

- yaks
- ostriches
- any wild free roaming livestock, including horses and deer
- for grazing and feed losses all nonadult beef cattle, dairy cattle, and buffalo/beefalo that weighed less than 500 pounds on the beginning date of the eligible adverse weather or eligible loss condition
- any animals not included in subparagraph A, B, or C.

E Eligible Feed Loss, Grazing Loss, and Additional Costs Incurred

To be an eligible feed loss for ELAP, the feed lost must have been 1 of the following:

- a loss of purchased forage or feedstuffs that was:
 - intended for use as feed for the participant's eligible livestock physically located in the county where the eligible adverse weather or loss condition occurred on the beginning date of the eligible adverse weather or loss condition
 - lost because of an eligible adverse weather or loss condition including, but not limited to, blizzard, flood, hurricane, tidal surge, tornado, volcanic eruption, wildfire on non-Federal land, or lightning

251 Livestock Eligibility (Continued)

E Eligible Feed Loss, Grazing Loss, and Additional Costs Incurred (Continued)

- loss of mechanically harvested forage or feedstuffs that was:
 - intended for use as feed for the participant's eligible livestock physically located in the county where the eligible adverse weather or eligible loss condition occurred on the beginning date of the eligible adverse or loss condition
 - lost after harvest because of an eligible adverse weather or eligible loss condition including, but not limited to, blizzard, flood, hurricane, tidal surge, tornado, volcanic eruption, wildfire on non-Federal land, or lightning
- *--loss resulting from the additional costs of purchasing additional livestock feed, above normal quantities required to maintain eligible livestock, during an eligible adverse weather or loss condition until additional livestock becomes available.--*

Additional costs incurred may include additional costs incurred for providing or transporting feed to eligible livestock because of an eligible adverse weather or loss conditions such as, but not limited to, costs associated with:

- equipment rental fees for hay lifts
- snow removal. * * *

***--Important:** Additional feed costs are only considered an eligible loss under ELAP if concurred along with a loss:

- of purchased or produced forage or feed stuffs
- resulting from the purchase of additional livestock feed, above normal quantities.--*

To be an eligible grazing loss, the grazing loss must have occurred on eligible grazing lands physically located in the county where the eligible adverse weather or loss condition occurred because of an eligible adverse weather or loss condition including, but not limited to, blizzard, flood, hurricane, tidal surge, tornado, volcanic eruption, wildfire on non-Federal land, or lightning.

Note: The grazing loss will not be eligible **if**:

- it is because of an adverse weather condition covered by LFP such as drought or wildfire on Federally managed land where the producer is prohibited by the Federal agency from grazing the normal permitted livestock on the managed rangeland because of a fire
- *--the livestock producer is receiving compensation under ELAP for losses resulting from the additional cost of purchasing additional feed, above normal quantities.--*

251 Livestock Eligibility (Continued)

***--F Eligible Grazing Types**

Different types or varieties of pasture and grazing crops for a county shall be grouped into 1 of the following:

- improved pasture with permanent vegetative cover (nonirrigated)
- native pasture with permanent vegetative cover (nonirrigated)
- small grain crops planted specifically for providing grazing for covered livestock (nonirrigated)
- forage sorghum crops planted specifically for providing grazing for covered livestock (nonirrigated).
- *--annual ryegrass that is specifically for providing grazing for covered livestock (nonirrigated).--*

G Eligible Grazing Lands

The following are eligible grazing lands:

- State and Federal lands, if either of the following apply:
 - the land is leased on a long-term basis that COC determines requires lessee contribution including, but not limited to, wells, fences, or other maintenance and upkeep inputs
 - pasture or grazing land is leased for cash or fixed amount for an established grazing period
- previously irrigated grazing land that was not irrigated during the current production year because of lack of water for reasons beyond the participant's control

Note: Counties should use the same provisions as used under NAP for covering irrigated grazing losses.

- privately owned, cash or share leased pasture or rangeland that is used to provide grazing for covered livestock.

Livestock producers are responsible for providing documentation to COC such as, but not limited to, written leases to show that their contributions are at risk in the pastureland and grazing land for which benefits are being requested under ELAP. COC shall review and document in the COC minutes that pastureland or grazing land that is cash leased meets the eligibility criteria for leased pastureland or grazing land under ELAP.

Note: Losses because of drought or wildfires on Federally managed land for which the participant is prohibited from grazing his permitted livestock is not eligible under ELAP.

251 Livestock Eligibility (Continued)

H Ineligible Grazing Land

The following are ineligible types of grazing:

- acreage enrolled in CRP
- irrigated pastures or crops
- acreage intended for grain, such as corn, where the stocks or aftermath is grazed
- seeded small grain forage crops that are planted with the specific purpose of harvesting forage or seed

Note: Seeded small grain forage crops include the following:

- barley
 - millet
 - oats
 - rye
 - triticale
 - wheat.
- grazing land that is leased under any of the following conditions:
 - basis of weight gain
 - cost per head, per day or month

Example: Owner A has an agreement with Producer B under which Owner A pays \$.30 per day for 100 yearlings grazed on Producer B's pasture. Owner A pays only for the number of calendar days the 100 yearlings graze. Because Owner A pays only for the actual calendar days grazed, Owner A *--suffers no grazing loss, and is ineligible for ELAP.--*

- on an AUM-only basis, when the lessee incurs no additional expense for pasture maintenance, wells, fences, etc.

251 Livestock Eligibility (Continued)**I Establishing Grazing Loss Percentages**

There is no requirement for a producer to suffer a certain percentage of grazing loss to be eligible for ELAP * * *. In addition there is no requirement that STC or COC establish a minimum or maximum amount of loss to be eligible for ELAP; therefore, STC's or COC's shall not establish minimum or maximum loss percentages for ELAP. The producer will not be required to report a loss percentage to be eligible for ELAP.

J Normal Grazing Periods for ELAP

The normal grazing periods established for all pasture or grazing crop types for ELAP shall be the normal grazing periods established for all pasture or grazing crop types established for LFP according to subparagraph 171 U.

K Proof of Death

Participants must provide verifiable documentation of livestock deaths, including livestock that the participant claims died because of normal mortality. Adequate documentation must be provided that proves the death of eligible livestock occurred as a direct result of an eligible loss condition in the calendar year for which benefits are being requested, including deaths because of normal mortality.

See subparagraph 73 E for types of acceptable verifiable evidence of livestock death losses under LIP that also applies to livestock death losses under ELAP.

If adequate verifiable proof of death documentation is **not** available, including proof of death for normal mortality, the participant may provide reliable records, along with verifiable beginning and ending inventory records, as proof of death.

See subparagraphs 73 F and H for types of reliable records and proof and reasonableness of livestock inventory under LIP that also apply to livestock death losses under ELAP.

252 Livestock Payment Rates, Payment Calculations

A Payment Rates for Eligible Livestock for Grazing Losses

The daily livestock payment rates per head for eligible livestock is based, in part, on the number of pounds of corn equivalent per head, as established by FSA, determined necessary to provide the energy requirements for the specific kind/type of livestock for 1 calendar day. The following provides the daily payment rate per head by covered livestock category.

Kind of Livestock	Type	Weight Range	Daily Livestock Payment Rate Per Head	
			2008	2009
Beef	Adult	Cows and Bulls	\$.9985	\$1.3345
	Nonadult	500 pounds or more	\$.9985	\$1.3345
Dairy	Adult	Cows and Bulls	\$.9985	\$1.3345
	Nonadult	500 pounds or more	\$.9985	\$1.3345
Buffalo/Beefalo	Adult	Cows and Bulls	\$.9985	\$1.3345
	Nonadult	500 pounds or more	\$.9985	\$1.3345
Sheep	All		\$.9985	\$1.3345
Goats	All		\$.9985	\$1.3345
Deer	All		\$.9985	\$1.3345
Equine	All		\$.9985	\$1.3345
Swine		Less than 45 pounds	\$.9985	\$1.3345
		45 to 124 pounds	\$.9985	\$1.3345
		125 to 234 pounds	\$.9985	\$1.3345
	Sow	235 pounds or more	\$.9985	\$1.3345
	Boar	235 pounds or more	\$.9985	\$1.3345
Elk		Less than 400 pounds	\$.9985	\$1.3345
		400 pounds to 799 pounds	\$.9985	\$1.3345
		800 pounds or more	\$.9985	\$1.3345
Poultry		Less than 3 pounds	\$.9985	\$1.3345
		3 pounds to 7.9 pounds	\$.9985	\$1.3345
		8 pounds or more	\$.9985	\$1.3345
Reindeer	All		\$.9985	\$1.3345
Alpacas	All		\$.9985	\$1.3345
Emus	All		\$.9985	\$1.3345
Llamas	All		\$.9985	\$1.3345

B Payment Calculations for Per Acre Leased Grazing Losses, Excluding Fire

Payments for an eligible livestock producer for grazing losses, except for losses because of wildfires on non-Federal land will be calculated based on 60 percent of the lesser of:

- the total value of the feed cost for all covered livestock owned by the eligible livestock producer based on the number of days grazing was lost, not to exceed 90 calendar days of daily feed cost for all covered livestock
- the total value of grazing lost for all eligible livestock based on the normal carrying capacity of the eligible grazing land of the eligible livestock producer for the number of grazing days lost, not to exceed 90 calendar days of lost grazing.

***--Notes:** An eligible producer's payment for grazing losses will be reduced by the amount the producer has received under any other disaster program for the same loss.--*

An eligible producer will only be compensated for the number of days that grazing was lost, **not to exceed 90 calendar days in a calendar year** for the same livestock.

252 Livestock Payment Rates, Payment Calculations (Continued)

B Payment Calculations for Per Acre Leased Grazing Losses, Excluding Fire (Continued)

Important: Calculation of benefits for covered livestock will be on an animal unit basis and will require different types of livestock to be converted to an animal unit basis according to Exhibit 16.

Example 1: Producer A suffers a grazing loss in County A in 2008 because of flooding. Producer A's 100 head of adult beef cattle are unable to graze 1,000 acres of native pasture during the normal grazing period for native pasture for 30 calendar days because of the flooding. Producer A files FSA-918 in the administrative County Office by physical location county. Producer A's payment will be calculated based on 60 percent of the smaller of:

- value of feed cost of all covered livestock = number of eligible livestock converted to an animal unit basis x daily feed cost to maintain 1 animal unit per one day x number of days grazing lost (not to exceed 90 calendar days) x producer's share

100 animal units (100 adult beef cattle x 1.00 AU conversion factor) x
\$.9985 (daily cost to maintain 1 animal unit) x 30 calendar days
(number of days grazing lost) x 100 percent (producer share) =
\$2,996 (value of feed cost of all covered livestock)

- value of grazing lost based on carrying capacity of eligible grazing land = (acres of eligible grazing land/animal unit carrying capacity) x number of days grazing lost (not to exceed 90 calendar days) x daily feed cost to maintain 1 animal unit x producer's share.

1,000 acres native pasture / 5 acres per animal unit x 30 calendar days
(number of days grazing lost) x \$.9985 (daily feed cost) x 100 percent
(producer share) = \$5,991 (value of grazing lost based on carrying
capacity of eligible grazing land)

In this example, Producer A would be paid on the value of feed cost for all covered livestock calculated as follows.

60 percent x \$2,996 (value of feed cost of all covered livestock) =
*--\$1,798 (calculated payment amount) before any applicable reductions or
national payment factor--*

252 Livestock Payment Rates, Payment Calculations (Continued)

B Payment Calculations for Per Acre Leased Grazing Losses, Excluding Fire (Continued)

Example 2: Producer B suffers a 2008 grazing loss in County B because of a flood. Producer B's 1,000 head of sheep are not able to graze 1,000 acres of native pasture for 45 calendar days during the normal grazing period for native pasture because of the flood. Producer B files FSA-918 in the administrative County Office by physical location. Producer B's payment will be calculated based on 60 percent of the smaller of:

- value of feed cost of all covered livestock = number of eligible livestock converted to an animal unit basis x daily feed cost to maintain 1 animal unit per one day x number of days grazing lost (not to exceed 90 calendar days) x producer's share

250 animal units (1,000 sheep x 0.25 AU conversion factor) x \$.9985 (daily cost to maintain 1 animal unit) x 45 calendar days (number of days grazing lost) x 100 percent (producer share) = \$11,233 (value of feed cost of all covered livestock)

- value of grazing lost based on carrying capacity of eligible grazing land = (acres of eligible grazing land/animal unit carrying capacity) x number of days grazing lost (not to exceed 90 calendar days) x daily feed cost to maintain 1 animal unit x producer's share.

1,000 acres native pasture/5 acres per animal unit x 45 calendar days (number of days grazing lost) x \$.9985 (daily feed cost) x 100 percent (producer share) = \$8,987 (value of grazing lost based on carrying capacity of eligible grazing land)

In this example, Producer B would be paid on the value of grazing lost based on carrying capacity calculated as follows.

60 percent x \$8,987 (value of grazing lost based on carrying capacity) =
*--\$5,392 (calculated payment amount) before any applicable reductions or
national payment factor--*

Note: The 1,000 head of sheep were converted to an animal unit basis using the conversion chart in Exhibit 16.

252 Livestock Payment Rates, Payment Calculations (Continued)

C Payment Calculations for AUM/AU Leased Grazing Losses, Excluding Fire

Payments for an eligible livestock producer for grazing losses that occur on grazing land or pastureland, except for losses because of wildfires on non-Federal land, that is leased on an AUM/AU basis will be calculated based on 60 percent of the lesser of:

- the total value of the feed cost for all covered livestock owned by the eligible livestock producer based on the number of days grazing was lost, not to exceed 90 calendar days of daily feed cost for all covered livestock
- *--the total value of grazing lost AU's permitted to graze the eligible grazing land for the number of grazing days lost, not to exceed 90 calendar days of lost grazing.--*

Note: An eligible producer will only be compensated for the number of days that grazing was lost, **not to exceed 90 calendar days in a calendar year** for the same livestock.

The eligible livestock producer will report AU's in FSA-918, item 28. * * * If the livestock producer's lease is an AUM lease, the County Office will need to convert AUM's to AU's based on the number of animals grazing for a specific time period.

Example 1: Federal permit allows grazing 500 AUM's for 5 months.

$$500 \text{ AUM's} / 5 \text{ months} = 100 \text{ animal units.}$$

In this example the producer would enter 100 AU's in FSA-918, item 28.

Ensure that AU's for each specific animal type are converted to an AU equivalent. See Exhibit 16.

Example 2: 100 sheep x .25 AU's conversion factor = 25 AU's.

252 Livestock Payment Rates, Payment Calculations (Continued)

C Payment Calculations for AUM/AU Leased Grazing Losses, Excluding Fire (Continued)

Example 3: Producer A has 400 sheep grazing native pasture that is leased on an AU basis in County A in 2008. The 400 sheep are equivalent to 100 AU's (400 sheep x .25 AU's conversion factor). The 100 AU's are unable to graze native pasture for 45 calendar days because of flooding. The Federal permit allows grazing 80 AU's. Producer A files FSA-918 in the administrative County Office by physical location. Producer A's payment will be calculated based on 60 percent of the smaller of:

- value of feed cost of all covered livestock = number of eligible livestock converted to an animal unit basis x daily feed cost to maintain 1 animal unit per one day x number of days grazing lost (not to exceed 90 calendar days) x producer's share

100 animal units (400 sheep x .25) x \$.9985 (daily cost to maintain 1 animal unit) x 45 calendar days (number of days grazing lost) x 100 percent (producer share) = \$4,493 (value of feed cost of all covered livestock)

- value of grazing lost based on AU's permitted to graze the eligible grazing land = (AU's permitted to graze the eligible grazing land) x number of days grazing lost (not to exceed 90 calendar days) x daily feed cost to maintain 1 animal unit x producer's share.

80 AU's x 45 calendar days (number of days grazing lost) x \$.9985 (daily feed cost) x 100 percent (producer share) = \$3,595 (value of grazing lost based on carrying capacity of eligible grazing land)

In this example, Producer A would be paid on the value of grazing lost based on AU's permitted to graze the eligible grazing land calculated as follows.

60 percent x \$3,595 (value of grazing lost based on AU's permitted to graze the eligible land) = \$2,157 (calculated payment amount) before applying any applicable payment reductions or national payment factor--*

252 Livestock Payment Rates, Payment Calculations (Continued)

D Payment Calculations for Grazing Losses Because of Fire on Non-Federally Managed Land

Payments to an eligible livestock producer for grazing losses because of fire, on non-Federally managed land, will be compensated at a rate of 50 percent of the daily value of grazing, based on normal carrying capacity, for the number of days grazing was lost on the affected acres, not to exceed 180 calendar days during the calendar year.

Example: (number of acres affected by fire / normal carrying capacity of the specific type of grazing land or pastureland) x number of days grazing was lost (not to exceed 180 calendar days in the calendar year) x daily rate of grazing x 50 percent x producer share = payment rate = calculated payment amount for fire losses

1,000 acres / 5 acres per animal unit (normal carrying capacity) x 30 calendar days (number of days grazing was lost) x \$.9985 (daily value of grazing for 2008) x .50 percent x 100 percent (producer share) = \$2,996 (calculated
--payment amount for fire loss before applying any payment reductions or national payment factor--

E Payment Calculations for Livestock Feed Losses

*--ELAP payments for livestock feed losses will be based on 60 percent of the cost of the following, not to exceed 90 calendar days of feed costs for the eligible livestock for which feed losses were incurred:

- purchased and harvested feed or feed stuffs that was lost or destroyed because of an eligible adverse weather or loss condition
- additional feed purchased above normal quantities required to maintain eligible livestock during an eligible adverse weather or loss condition
- additional feed expenses incurred because of an eligible adverse weather or loss condition.

Notes: See subparagraph 253:

- A for determining the value of purchased forage or feed stuffs
- B for determining the value of feed or feed stuffs provided by the participant
- C for determining the value of additional feed purchased.

The amount for which an eligible livestock participant may receive for feed losses under ELAP shall be reduced by any amount received by the participant for the same or similar loss under any other program.--*

252 Livestock Payment Rates, Payment Calculations (Continued)

E Payment Calculations for Livestock Feed Losses (Continued)

***--Example 1:** In 2008, Producer A has 100 percent interest in 100 head of cattle and 200 head of buffalo. Producer A purchased 1,000 bushels of corn to feed 100 head of cattle. The feed was lost because of a hurricane. In addition, Producer A raised 100 tons of alfalfa hay to feed 200 head of buffalo. The 100 tons of hay was lost because of a flood.

Producer A timely filed FSA-918 and provided a copy of the purchase receipt for 1,000 bushels of corn showing a value of \$5,000 and provided documentation that he produced 100 tons of alfalfa hay. COC determined that the value of the hay was \$100 per ton for a total value of \$10,000.

Producer A did not receive any other compensation for the same feed losses under any other program. Compensation will be calculated as follows.

Total Feed Losses

\$5,000 (value of corn lost) + \$10,000 (value of alfalfa hay lost, as determined by COC) = \$15,000 total feed losses for purchased and harvested feed.

90-Calendar-Day Feed Costs

- 100 head of cattle (number of livestock for which the corn was intended to be fed) x 1.00 (AU Conversion Factor) x 100 percent (participant's share) x \$.9985 (daily payment rate per head) x 90 calendar days = \$8,987 (90-calendar-day feed cost for Producer A's 100 head of cattle).
- 200 head of buffalo (number of livestock for which alfalfa hay was intended to be fed) x 1.00 (AU conversion factor) x 100 percent (participant's share) x \$.9985 (daily payment rate per head) x 90 calendar days = \$17,973 (90-calendar-day feed cost for Producer A's 200 head of buffalo).
- \$8,987 (90-calendar-day feed cost for 100 head of cattle) + \$17,973 (90-calendar-day feed cost for 200 head of buffalo) = \$26,960 (calculated 90-calendar-day feed costs for Producer A's 100 head of cattle and 200 head of buffalo).

Calculated Livestock Feed Payment

\$15,000 (smaller of total feed costs or calculated 90-calendar-day feed costs for Producer A's 100 head of cattle and 200 head of buffalo) x 60 percent (payment factor) = \$9,000 calculated livestock feed payment, before a National factor, if applicable.--*

252 Livestock Payment Rates, Payment Calculations (Continued)

E Payment Calculations for Livestock Feed Losses (Continued)

***--Example 2:** Producer B has 100 percent interest in 100 head of adult beef cows. A January 2008 blizzard required Producer B to hire a bulldozer to plow a road to 100 stranded adult beef cows so that Producer B could haul feed to his stranded livestock. In addition, Producer B purchases 1,000 bushels of corn to feed the 100 head of adult beef cows. The 1,000 bushels of corn was above what Producer B would normally have purchased.

Producer B timely filed FSA-918 and provided documentation to show that the cost of the bulldozer was \$1,000. Producer B provided a copy of the purchase receipt for 1,000 bushels of corn showing a value of \$5,000.

Producer B received \$500 in compensation for the same 2008 feed losses under another program. Compensation will be calculated as follows.

Total Feed Losses

\$1,000 (cost of bulldozer) + \$5,000 (value of additional livestock feed purchased) = \$6,000 total feed losses for purchasing additional livestock feed above normal and additional feed expenses.

90-Calendar-Day Feed Costs

100 head adult beef cows (number of livestock for which 1,000 bushels of corn was fed and for which the bulldozer was hired) x 1.00 (AU Conversion Factor) x 100 percent (participant's share) x \$.9985 (daily payment rate per head) x 90 calendar days = \$8,987 (calculated 90-calendar-day feed cost for Producer B's 100 head of adult beef cows).

Calculated Livestock Feed Payment

\$6,000 (smaller of total feed costs or calculated 90-calendar-day feed costs for Producer B's 100 head adult beef cows) x 60 percent (payment factor) = \$3,600 calculated livestock feed payment.

\$3,600 (calculated livestock feed payment) minus \$500 (payment for the same feed loss received under another program) = \$3,100 net calculated livestock feed payment, before a national factor, if applicable.

Note: This example is assuming the producer did not suffer a grazing loss.--*

252 Livestock Payment Rates, Payment Calculations (Continued)

E Payment Calculations for Livestock Feed Losses (Continued)

***--Example 3:** In 2008, Producer C has 100 percent interest in 500 head of adult beef cows that were or would have been grazing 1,000 acres of fire affected pastureland. COC established a carrying capacity of the pasture land affected by fire of 2.5 acres per animal unit. Producer C purchased 5,000 bushels of corn to feed the 500 head of adult beef cows. The 5,000 bushels of corn to feed 500 head of adult beef cows was lost because of a flood.

Producer C timely filed FSA-918 and provided a copy of the purchase receipt for 5,000 bushels of corn showing a value of \$25,000.

Producer C did not receive any other compensation for the same feed losses under any other program. Compensation will be calculated as follows.

Total Feed Losses

\$25,000 (total feed losses for purchased feed intended to be fed to livestock that were or would have been grazing fire affected pastureland).

90-Calendar-Day Feed Costs

- 1,000 acres of pastureland affected by fire, divided by 2.5 acres per animal unit = 400 maximum animal units on 1,000 acres
- 400 (maximum animal units) x \$.9985 (daily payment rate per head) x 90 calendar days = \$35,946 (90-calendar-day feed cost for 500 head of adult beef cows that were or would have been grazing fire affected pastureland).

Calculated Livestock Feed Payment

\$25,000 (smaller of total feed cost or calculated 90-calendar-day feed costs for Producer C's 500 head of adult beef cows on fire affected pastureland).--*

252 Livestock Payment Rates, Payment Calculations (Continued)

***--F Payment Rates for Livestock Death Losses**

ELAP provides separate payment rates for eligible livestock owners and eligible contract growers. Payment rates for livestock owners are based on 75 percent of a fair market value, as determined by FSA, for the specific livestock category. Payment rates for livestock contract growers are based on 75 percent of the average income loss sustained, as determined by FSA, by the contract grower with respect to the dead livestock. For livestock owners and contract growers, the LIP payment rates will be used when calculating livestock death losses under ELAP. Subparagraph 42 F provides the per head payment rates, by livestock category, for eligible livestock owners, and subparagraph 42 G provides the per head payment rates, by livestock category, for eligible livestock contract growers.

G Normal Mortality Rates for Livestock Death Losses

ELAP compensates eligible livestock producers for eligible livestock death losses that occur in excess of normal mortality because of an eligible loss condition during the calendar year.

Payment for a specific kind/type and weight range of livestock will be determined by multiplying the normal mortality rate for the specific kind/type and weight range of livestock by the number of livestock of that specific kind/type and weight range in inventory at the time of the eligible loss condition and subtracting the result from the number of eligible livestock lost because of the eligible loss condition.

Example: Producer A owned 200 head of adult beef cattle on the beginning date of loss condition.

- Normal mortality is 2 percent
- 10 head were lost
- $200 \text{ head} \times 2 \text{ percent} = 4$ (loss threshold)
- $10 \text{ head lost} - 4 \text{ (loss threshold)} = 6$ head adult beef cattle eligible for payment.

The normal mortality rates established by the STC's under LIP, as provided in subparagraph 41 I, will be used when calculating ELAP livestock death losses.--*

252 Livestock Payment Rates, Payment Calculations (Continued)***--H Payment Calculation for Livestock Death Losses**

Eligible livestock producers will be compensated for eligible livestock death losses because of an eligible loss condition based on the following:

- national payment rate for each livestock category times
- number of eligible livestock that died in each category as a result of an eligible loss condition in excess of normal mortality.

Example: Producer A has 100 nonadult beef cattle, less than 400 pounds, on April 1, 2009. The normal mortality rate for nonadult beef cattle, less than 400 pounds, is 3 percent. On April 10, 2009, Producer A lost 20 nonadult beef cattle because of wolf depredation. The payment rate for nonadult beef cattle, less than 400 pounds, is \$319.44.

- 20, number of death losses because of eligible loss condition
- 0, number lost because of normal mortality
- 3, death loss threshold
- death loss threshold.

Note: Late-filed FSA-918's and FSA-930's, as applicable, for 2008 and 2009 calendar year losses shall be accepted no later than 14 calendar days after the technical correction to 7 CFR Part 760 is published in the Federal Register. 2008 and 2009 late-filed FSA-918's and FSA-930's will be accepted without requiring the producer to pay a late-filed fee.--*

--253 Determining Lost Feed Value and Additional Feed Costs*A Determining Value of Purchased Forage or Feed Stuffs**

When a participant indicates the livestock feed lost was purchased forage or feed stuffs, other than forage grazing acres, purchased by the participant, County Offices shall:

- request participant provide **original** receipts for forage or feed stuffs purchased
- validate the **original** receipts by:
 - date stamping the front of the original receipts
 - make a photocopy of the validated original receipts
 - attach the photocopy to FSA-918
 - return validated original receipts to participant.

To be considered acceptable and used to determine the value of lost feed, the feed receipt must include all of the following:

- date of feed purchase
- name, address, and telephone number of feed vendor
- type and quantity of feed purchased
- cost of feed purchased
- signature of feed vendor if the vendor does not have a license to conduct this type of transaction.

Example: The participant purchased baled hay from their neighbor. The neighbor is not a licensed vendor; therefore, the neighbor's signature is required to be on the purchase receipt.--*

***--253 Determining Lost Feed Value and Additional Feed Costs (Continued)**

A Determining Value of Purchased Forage or Feed Stuffs (Continued)

County Office shall determine the value of lost feed from purchased forage or feed stuffs, other than forage grazing acres, that was purchased by the participant, intended for use as feed for the participant’s eligible livestock, and damaged or destroyed because of an eligible adverse weather or loss condition, according to the following table.

Step	Action	Result
1	Request participant provide original receipts for purchased forage or feed stuffs intended for use as feed for the eligible livestock.	
2	Determine whether the feed purchased was feed for the eligible livestock.	
3	Determine whether the receipts provided meet all requirements to be acceptable and used to determine the value of the feed lost.	
4	Add the cost of the eligible feed purchased for the eligible livestock from all acceptable purchase receipts.	Total cost of forage or feed stuffs, other than forage grazing acres, purchased by the participant for the eligible livestock.

Example: Producer A purchased 75 big round bales of hay on January 15, 2010, to feed his eligible livestock located in the county where the eligible adverse weather or loss condition occurred. The hay cost \$3,000. Producer A indicates he lost 45 of the bales of hay because of flooding that occurred on May 1, 2010.

Producer A provides County Office original receipts for the hay purchased. The receipts meet all the requirements in this subparagraph.

County Offices determines the value of the lost feed to be \$1,800 as follows:

$$\$3,000 \text{ (total cost of all hay) divided by } 75 \text{ (total number of bales purchased) } \times 45 \text{ (number of bales of hay lost) } = \$1,800.$$

Note: The value of feed lost in the amount of \$1,800 would be entered in FSA-918, item 44.--*

***--253 Determining Lost Feed Value and Additional Feed Costs (Continued)**

B Determining Value of Forage or Feed Stuffs Produced by Participant

County Office shall determine the value of lost feed from forage or feed stuffs, other than forage grazing acres, that were mechanically harvested, intended for use as feed for the participant’s eligible livestock, and damaged or destroyed because of an eligible adverse weather or loss condition, according to the following table.

Step	Action	Result
1	Request participant provide all the following: <ul style="list-style-type: none"> • verifiable evidence of either or both of the following: <ul style="list-style-type: none"> • participant had the ability to produce the kind and amount of forage or feed stuffs claimed lost, such as equipment, seed receipts, fertilizer purchase receipts, FSA-578’s • participant paid for the production of the forage or feed stuffs claimed lost, such as custom harvest costs • any evidence that supports the amount of the forage or feed stuffs claimed produced, such as weight tickets, acres and yields, processing receipts. 	
2	Determine whether the feed produced was feed intended for use as feed for the participant’s eligible livestock.	
3	Determine a value of the forage or feed stuffs produced based on the fair market value of the forage or feed stuffs before the eligible adverse weather or loss condition.	
4	Add the determined value of all forage and feed stuffs lost.	Total cost of forage and feed stuffs, other than forage grazing acres, produced by participant for eligible livestock.

--*

--253 Determining Lost Feed Value and Additional Feed Costs (Continued)*B Determining Value of Forage or Feed Stuffs Produced by Participant (Continued)**

Example: Producer A produced 55 big round bales of hay before the flood in March 2010. Producer A produced the hay to feed to his 40 dairy cows. Producer A indicates he lost 40 of the bales of hay because of the flood.

Producer A provides evidence that he has the ability to harvest the kind of hay he claimed lost. He also provides the average weight of the bales of hay produced. - COC obtains information indicating the value of the type of hay produced by Producer A before the flood.

Based on the information submitted by Producer A, the information about the value of the type of hay fed, and COC's knowledge of the value of the hay produced, COC determines the total value of the hay lost to be \$1,000.

Note: The value of feed lost in the amount of \$1,000 would be entered in FSA-918, item 40.

C Determining Value of Additional Feed Costs

When a participant indicates additional feed costs were incurred, above normal quantities, required to maintain eligible livestock during an eligible adverse weather or loss condition, until additional livestock feed becomes available, the County Office shall:

- request the participant provide **original receipts or summary purchase receipts** for forage or feed stuffs that:
 - is **purchased** by the participant as part of the participant's normal business operation for the time of the eligible adverse weather or loss condition for the **year immediately preceding the calendar year** for which additional feed costs are being claimed--*

--253 Determining Lost Feed Value and Additional Feed Costs (Continued)*C Determining Value of Additional Feed Costs (Continued)**

- was **purchased** by the participant for the timeframe of the eligible adverse weather or loss condition for the **calendar year** for which additional costs are being claimed to feed the participant's eligible livestock

Example: Producer B claims that he suffered feed losses resulting from the additional cost of purchasing additional livestock feed, above normal quantities, to maintain eligible livestock during an eligible adverse weather or loss condition. Producer B normally purchases 100 bales of hay as part of his normal business operation to feed his adult beef cows. Producer B indicated that because of a flood in May 2009, he had to purchase 140 bales of hay to feed his adult beef cows during the flood. Producer B must provide original or summary purchase receipts for the hay he purchased in 2008 and 2009 to feed his livestock during the timeframe of the flood.

- validate the **original receipts** or the **summary purchase receipt from the vendor** by:
 - date stamping the front of the original receipts or summary purchase receipts from the vendor
 - make a photocopy of the validated original receipts or summary purchase receipts from the vendor
 - attach the photocopy to FSA-918
 - return validated original receipts or summary purchase receipts to participant.—*

***--253 Determining Lost Feed Value and Additional Feed Costs (Continued)**

C Determining Value of Additional Feed Costs (Continued)

To be considered acceptable and used to determine the value of the additional feed costs, the feed receipts or summary feed purchase receipts **must** include all of the following:

- date of feed purchase
- name, address, and telephone number of feed vendor
- type and quantity of feed purchased
- cost of feed purchased
- signature of feed vendor if the vendor does **not** have a license to conduct this type of transaction.

Example: The participant purchased baled hay from their neighbor. The neighbor is **not** a licensed vendor; therefore, the neighbor’s signature is required to be on the purchase receipt.

County Offices shall determine the value of a participant’s additional feed costs, other than forage grazing acres, purchased by the participant as part of the participant’s normal business operation, intended for use as feed for the participant’s eligible livestock, according to the following table.

Step	Action	Result
1	Request the participant provide original receipts or summary purchase receipts for the forage or feed stuffs that were purchased by the participant for the timeframe of the eligible adverse weather or loss condition for the: <ul style="list-style-type: none"> • year immediately preceding the calendar year for which additional feed costs are being claimed • calendar year for which additional costs are being claimed to feed the participant’s eligible livestock. 	
2	Determine whether the feed purchased above normal quantities was feed that was fed to maintain livestock in the county where the eligible adverse weather or loss condition occurred.	

--*

***--253 Determining Lost Feed Value and Additional Feed Costs (Continued)**

C Determining Value of Additional Feed Costs (Continued)

Step	Action	Result
3	Determine whether the receipts provided meet all requirements to be acceptable and used to determine the value of the additional feed costs.	
4	Add the cost of the eligible feed purchased for the timeframe of the eligible adverse weather or loss condition for the year immediately preceding the calendar year for which additional feed costs are being claimed from all acceptable purchase receipts.	Total cost of forage and feed stuffs, other than forage grazing acres, purchased by the participant for the timeframe of the eligible adverse weather or loss condition for the year immediately preceding the calendar year for which additional feed costs are being claimed.
5	Add the cost of the eligible feed purchased for the timeframe of the eligible adverse weather or loss condition for the calendar year for which additional costs are being claimed to feed the participant's eligible livestock.	Total cost of forage or feed stuffs, other than forage grazing acres, purchased by the participant for the timeframe of the eligible adverse weather or loss condition for the calendar year for which additional costs are being claimed to feed the participant's eligible livestock.
6	Subtract the result in step 4 from the result in step 5.	This is the value of the participant's additional feed costs. Note: If the value is negative, in FSA-918, item 44 ENTER "0".

Example: Producer C purchased 70 bales of hay in the spring 2009, at a total cost of \$2,800, to feed his 100 adult beef cows. Producer C claims that he purchased additional hay in the spring 2009 above what he normally would have purchased because of the flood that occurred in April 2009. Producer C purchased 50 round bales of hay in the spring 2008, at a total cost of \$2,000, to feed his adult beef cows. Producer C provides County Office original receipts for the hay he purchased in spring 2008 and 2009. The receipts meet all requirements in this subparagraph. COC determines that additional feed purchased in 2009 is because of the flood that occurred in spring 2009.

County Office determines the value of the additional feed cost incurred in 2009 by Producer C to be \$800 as follows:

\$2800 (total cost of hay purchases in spring 2009) minus \$2,000 (total cost of hay purchases in spring 2008) = \$800.

Note: The value of additional feed costs in the amount of \$800 would be entered in FSA-918, item 43.--*

254-260 (Reserved)

Section 4 Honeybee Eligibility Criteria**261 Honeybee Eligibility****A Eligible Producer**

An eligible honeybee producer is a producer that has a risk in the honey production, pollination, or honeybee breeding operation for producing honey, pollinating, or breeding honeybees for commercial use as part of a farming operation on the beginning date of the eligible adverse weather or eligible loss condition.

B Eligible Honeybees

Eligible honeybees include bees housed in a managed hive and used for honey production, pollination, or honeybee breeding. Eligible honeybees do **not** include wild, feral honeybees, leaf cutter bees, or other bee species that are not used for producing honey, pollinating, or breeding honeybees.

C Eligible Honeybee Losses

For honeybee losses to be eligible, the honeybee colony must meet the following conditions:

- be maintained for producing honey, pollinating, or breeding honeybees for commercial use in a farming operation on the beginning date of the eligible adverse weather or eligible loss condition
- be physically located in the county where the eligible adverse weather or eligible loss conditions occurred on the beginning date of the eligible adverse weather or eligible loss condition
- be a honeybee colony in which the participant has a risk in honey production, pollination, or honeybee breeding farming operation on the beginning date of the eligible adverse weather or eligible loss condition
- be a honeybee colony for which the producer had an eligible loss of a honeybee colony, ~~in excess of 17.5 percent normal honeybee colony mortality rate, honeybee hive, or~~ honeybee feed; the feed must have been intended as feed for honeybees.

--261 Honeybee Eligibility (Continued)*D Eligible Honeybee Feed Losses**

For honeybee feed losses to be eligible, the honeybee producer must have:

- suffered a loss of purchased or harvested feed that was intended as feed for the honeybees that was damaged because of an eligible adverse weather or loss condition
- incurred the loss in the county where the eligible adverse weather or loss condition occurred.

Eligible feed losses also includes additional feed purchased above normal quantities to sustain honeybees for a short period of time until additional feed becomes available because of an eligible adverse weather or loss condition.

Eligible honeybee participants must provide verifiable documentation of purchased feed intended as feed for honeybees that was lost or additional feed purchased above normal quantities to sustain honeybees for a short period of time until additional feed becomes available because of an eligible adverse weather or eligible loss condition. To be considered acceptable documentation, the participant must provide original feed receipts and each feed receipt must include the following:

- date of feed purchase
- name, address, and telephone number of feed vendor
- type and quantity of feed purchased
- cost of feed purchased
- signature of feed vendor if the vendor does not have a license to conduct this type of transaction.--*

261 Honeybee Eligibility (Continued)

D Eligible Honeybee Feed Losses (Continued)

Eligible honeybee participants must provide verifiable documentation of harvested feed intended as feed for honeybees that was lost because of an eligible adverse weather or eligible loss condition. COC shall determine the value of the harvested feed and document in the COC minutes the type of feed produced and how the value of the harvested feed was determined. Acceptable documentation may include, but is not limited to, the following:

- weight tickets
- truck scale tickets
- contemporaneous diaries used to verify that the crop was stored with the intent to feed the crop to honeybees
- custom harvest documents that clearly identify the amount of feed produced from the applicable acreage.

Documentation must clearly identify the acreage from which the harvested feed was produced.

Example 1: Producer A purchased 1,000 pounds of sugar to feed eligible honeybees at a cost of \$500. A 2008 flood destroyed the purchased feed. Producer A files FSA-930 and provides documentation to support the feed purchase and cost. The feed purchased to feed the eligible honeybees that was lost because of the flood is an eligible feed loss under ELAP and is eligible to be compensated at the rate of 60 percent of the producer's actual cost as follows.

\$500 (cost of purchased feed that was lost) x 60 percent = \$300 (payment
*--amount for feed lost before applying payment reductions or national
factor)--*

Example 2: An unexpected blizzard hits County A on March 1, 2008. Producer A purchases 200 pounds of sugar because of the blizzard at a cost of \$200 to feed eligible honeybees to sustain the honeybees for a short period of time. The cost of purchasing the sugar is an additional feed cost that Producer A does not normally incur and is an eligible cost under ELAP. Producer A is compensated at a rate of 60 percent of the cost of the feed purchased as follows.

\$200 (cost of purchased feed above normal) x 60 percent = \$120 (payment
*--for additional feed purchased above normal before applying payment
reductions or national factor)--*

261 Honeybee Eligibility (Continued)

E Eligible Honeybee Physical Losses

*--For honeybee colony or hive losses to be eligible, the honeybee producer must have:

- suffered a physical loss of honeybee colonies, in excess of the normal mortality rate for honeybee colonies of 17.5 percent, or honeybee hive because of an eligible adverse--* weather or loss condition
- incurred the loss in the county where the eligible adverse weather or loss condition occurred.

*--Notes: Losses because of controllable conditions, such as varroa mites, is not an eligible cause of loss.

Loss of income from pollinator contracts because of CCD is not an eligible loss under ELAP.--*

* * *

For eligible honeybee colony and honeybee hive losses, the participant must * * * provide:

•*--proof of beginning and ending inventory of honeybee colonies and honeybee hives on the beginning date of the eligible adverse weather or eligible loss condition, such as--* any of the following:

- a report of acreage (colonies reported)
- loan records
- private insurance documents
- property tax records
- sales and purchase receipts
- State colony registration documentation
- chattel inspections

•*--proof of good management practices as established by COC, such as, but not limited to documentation to substantiate that the producer provided the following:

- adequate feed for honeybee colonies
- preventative treatment for varroa mites and disease
- other proper maintenance practices

• any additional documentation the producer may have, such as State health certifications for varroa mite or nosema levels reflecting the lack of mites or disease.--*

* * *

261 Honeybee Eligibility (Continued)

*--F CCD

In addition to the documentation required in subparagraph E, to be eligible for honeybee colony losses because of CCD, the eligible producer must provide documentation to support that the loss was because of CCD. Acceptable documentation of proof of CCD includes:

- for 2008 and 2009 calendar year losses, the producer's self-certification that the loss of honeybees was because of CCD and documented by the existence of at least 3 of the following 5 identified symptoms of CCD:
 - loss of live adult bee populations in hives
 - rapid decline of adult bee population, leaving brood poorly or completely unattended
 - absence of dead adult bees inside the hive and outside the entrance of the hive
 - absence of robbing of collapsed colonies
 - at the time of collapse, varroa mite and nosema populations are **not** at levels known to cause economic injury or population decline
- for 2010 and 2011 calendar year losses, third party certification that the loss of honeybees was because of the existence of at least 3 of the 5 symptoms of CCD.

Third party certifications of 2010 and 2011 honeybee colony losses because of CCD may be acceptable when the third party certifies to **all** of the following:

- specific details about how the third party has knowledge of the honeybee colony loss
- the affiliation of the third party

Note: The third party must be an independent source who is **not** any of the following:

- affiliated with the farming operation
- hired hand
- "family member" defined as a person to whom a member in the farming operation or their spouse is related as lineal ancestor, lineal descendant, sibling, or spouse.--*

261 Honeybee Eligibility (Continued)***--F CCD (Continued)**

- telephone number and address of the third party
- the loss of honeybees was because of the existence of at least 3 of the 5 symptoms of CCD provided in subparagraph A.

COC shall review third party certifications and determine **all** of the following:

- documents provided as evidence of honeybee inventory are acceptable
- honeybee inventory is reasonable based on documents provided
- claimed losses are reasonable
- third party is a reliable source in a position to have knowledge of loss.

G Payment Rates

The payment rates for 2008 and 2009 honeybee colonies and hives are based on the average fair market values of honeybee colonies and/or hives in calendar year 2008 and 2009. FSA has established the following average fair market values for 2008 and 2009 honeybee losses:

- \$60 per honeybee colony
- \$200 per honeybee hive.

H Normal Mortality Rate for Honeybee Colony Losses

ELAP compensates eligible honeybee producers for eligible honeybee colony losses that occur in excess of normal mortality because of an eligible adverse weather or loss condition during the calendar year. FSA has established a normal mortality rate for honeybee colony losses of 17.5 percent.--*

261 Honeybee Eligibility (Continued)

***--I Payment Calculation for Honeybee Colony Losses**

Payments for eligible honeybee producers for honeybee colony losses will be based on 60 percent of the result of multiplying:

- the result of subtracting:
 - number of honeybee colonies lost because of an eligible adverse weather or loss condition, minus
 - loss threshold (beginning inventory times 17.5 percent normal mortality rate)
- times \$60, average fair market value per honeybee colony.

Example: Producer A files FSA-930 for honeybees lost to CCD. Beginning inventory was 100 colonies of bees. Producer A's ending inventory was 50 colonies which equates to 50 colonies lost. Compensation would be calculated at 60 percent of the average fair market value established for honeybee colonies, \$60, for the number of colonies lost in excess of normal mortality as follows.

- Beginning inventory is 100 colonies.
- Normal mortality is 17.5 percent.
- 50 colonies were lost.
- $100 \text{ colonies} \times 17.5 \text{ percent} = 17.5$ (loss threshold).
- $50 \text{ colonies lost} - 17.5$ (loss threshold) = 32.5 colonies eligible for payment.
- $32.5 \text{ colonies} \times \60 (average fair market value) $\times 60$ percent = \$1,170 (calculated payment amount for lost honeybee colonies before applying payment reductions or national factor).--*

261 Honeybee Eligibility (Continued)**J Payment Calculation for Honeybee Hive Losses**

Payments for eligible honeybee producers for honeybee hive losses will be based on 60 percent of the result of multiplying:

- number of honeybee hives lost because of an eligible adverse weather or loss condition, times
- \$200, average fair market value per honeybee hive.

Example: Producer B files FSA-930 for honeybee hives lost because of a tornado. Beginning inventory was 20 hives. Producer B's ending inventory was 15 hives which equates to 5 hives lost. Compensation would be calculated at 60 percent of the average fair market value established for honeybee hives, \$200, for the number of hives lost as follows.

5 hives x \$200 (average fair market value) x 60 percent = \$600 (calculated payment amount for lost honeybee hives before applying payment reductions and national factor).--*

*--Section 5 Farm-Raised Fish Eligibility Criteria

271 Farm-Raised Fish

A Eligible Farm-Raised Fish Producer

An eligible producer of farm-raised fish is a producer of any aquatic species that is propagated and reared in a controlled environment, according to subparagraph B, that is being maintained for commercial use as part of the producer's farming operation. Under ELAP, catfish and crawfish are considered farm-raised fish for eligible feed losses.

For the farm-raised fish owner to be considered eligible, the owner must have:

- owned or leased property with readily identifiable boundaries
- had control of the waterbed, the ground under the specific type of water and not just control over a column of water
- provided purchased or produced feed to the farm-raised fish.

Example: The farm-raised fish owner leased the right to grow finfish in the aquatic facility for the applicable growing period.

B Controlled Environment

See paragraph 233 for the definition of controlled environment.

All portions of the aquatic environment must have been under the control of the farm-raised fish owner. Control means the farm-raised fish owner must have implemented the following practices.

- **Flood Prevention**, including, but not limited to, the following:
 - placing the aquacultural facility in an area not prone to flood
 - in the case of raceways, devices or structures designed for the control of water level.
- **Growing media** providing an aquatic medium that:
 - provides nutrients necessary for the production of the farm-raised fish
 - protects the farm-raised fish from harmful species or chemicals.--*

--271 Farm-Raised Fish (Continued)*B Controlled Environment (Continued)**

- **Fertilization or feeding** to obtain expected production results. Evidence of this practice must be provided by the producer at the request of COC. COC must be satisfied that the producer had an adequate supply of vitamins, minerals, or chemicals designed for the control of water quality and application equipment.
- **Irrigation and water quality.** Farm-raised fish owners should have had systems and practices in place to ensure that the farm-raised fish had adequate, quality water or aquatic medium. This includes having equipment designed to control the chemical balance and oxygenation of water. Therefore, COC shall consider the following:
 - whether the source of water is adequate to ensure continued growth and survival of the aquacultural species even in the event of severe drought

Note: Natural sources of water, such as rainfall, is not an eligible means for providing an adequate source of water to ensure continued growth and survival of the aquacultural species.

- whether the aquacultural facility sustained losses in previous years because of water shortages or water supply interruption. If so, list corrective actions that have been taken.

C Eligible Farm-Raised Fish

Farm-raised fish must have been:

- placed in the aquacultural facility by the farm-raised fish owner and must not be growing naturally in the facility

Note: Species indigenous to the facility are not eligible.

- stocked or seeded on property described in subparagraph B
- stocked or seeded in containers, wire baskets, net pens, or similar device designed for the protection and containment of the seeded aquacultural species.

Eligible farm-raised fish, for feed loss, are any aquatic species that are propagated and reared in a controlled environment to be harvested for sale as part of a commercial farming operation. Alligators and turtles are not considered an aquatic species, but are reptilian species, and are not eligible as farm-raised fish under ELAP. Any other species not determined to be an aquatic species are also not eligible under ELAP.--*

271 Farm-Raised Fish (Continued)

D Eligible Farm-Raised Fish Feed Losses

An eligible farm-raised fish producer may receive payments for farm-raised fish feed losses because of an eligible adverse weather or eligible loss condition, based on 60 percent of the producer's actual replacement cost for the farm-raised fish feed that was:

- damaged or destroyed because of an eligible adverse weather or eligible loss condition
- intended as feed for the eligible farm-raised fish.

Example: An eligible farm-raised fish producer purchased 1,000 pounds of feed for eligible farm-raised fish at a cost of \$2,000. The producer lost all of the purchased feed because of an eligible weather or eligible loss condition. The producer filed a notice of loss and provided documentation verifying the type of feed purchased and the cost. The ELAP payment would be calculated as follows.

$$\begin{aligned} & \$2,000 \text{ (cost of feed that was lost)} \times 60 \text{ percent} = \$1200 \text{ (amount of ELAP} \\ & \text{*--payment before applying payment reductions or national factor).--*} \end{aligned}$$

E Eligible Farm-Raised Fish Physical Losses

Physical losses of farm-raised fish include losses of game fish (stockers) and bait fish (not raised as food for food fish) only. Physical losses of all other aquatic species are covered under NAP and are not eligible under ELAP. An eligible producer of farm-raised game or sport fish may receive payments for death losses of farm-raised fish because of an eligible *--adverse weather or eligible loss condition, based on 60 percent of the average fair market value established by State Offices according to subparagraph G of the game or sport fish--* that died.

* * *

271 Farm-Raised Fish (Continued)

***--F Payment Calculation for Farm-Raised Fish Death Losses**

Payments for eligible farm-raised fish producers for farm-raised fish death losses will be based on 60 percent of the result of multiplying:

- the number of farm-raised fish that died because of an eligible loss condition, times
- average fair market value for the lost farm-raised fish, as established by STC in subparagraph G.

Example: An eligible producer of game fish suffered a death loss of 500 game fish because of an eligible adverse weather or eligible loss condition. STC establishes an average fair market value of \$100 for the type of game fish lost. The ELAP payment would be calculated as follows.

\$100 (average fair market value) x 500 (game fish lost) x 60 percent =
\$30,000 (ELAP payment for death of game fish before applying payment reductions or national factor).

G Average Fair Market Values

State Offices shall establish average fair market values for the different types of bait and/or game fish farmed in the State.

STC's shall use the best available information when establishing average fair market values. Sources of information may include, but are not limited to, the following:

- NASS
- National Institute of Food and Agriculture, formerly known as CSREES
- Rural Development
- County Agricultural Commissioner's Office
- local markets
- COC's knowledge
- prices in similar areas
- other reliable sources, such as universities, AMS Market News, and buyers.--*

271 Farm-Raised Fish (Continued)

H Documentation of Feed Losses or Physical Losses for Farm-Raised Fish

Eligible producers of farm-raised fish that suffer feed losses or death losses, because of eligible adverse weather or loss conditions, will be required to provide documentation of the date feed was purchased, type and quantity of feed purchased, and the cost of feed purchased. Documentation will also be required to verify the type and cost of game fish or sport fish that are purchased to replace death losses.

Documentation may include, but are not limited to, any combination of the following:

- acreage reports for NAP (surface acres of water)
- loan records
- private insurance documents
- property tax records
- sales and purchase receipts
- chattel inspections
- sales receipts.

272-280 (Reserved)

*--Section 6 Payment Limitations and Reductions

281 Payment Rates, Limitations, and Reductions**A Funding**

The Secretary is authorized to use up to \$50,000,000 per calendar year from the Disaster Trust Fund to provide emergency relief to eligible producers of livestock, honey bees, and farm-raised fish to aid in the reduction of losses because of disease, adverse weather, or other conditions, as determined by the Secretary that are not covered under LIP, LFP, or SURE.

Since the funding level has a cap, FSA will accept applications on a calendar year basis and issue payments by calendar year. If approval of all eligible applications for payment in a calendar year would result in expenditures in excess of the amount available for that calendar year, the available funds for that calendar year will be prorated by a national factor to reduce the total expected payments to the amount available for the calendar year.

B 2008 Payment Limitation

For 2008, no “person”, as defined and determined under the provisions of 7CFR Part 1400, as in effect for 2008, may receive more than \$100,000 total under ELAP, LFP, LIP, and SURE combined.

For 2008, determine “persons” according to 1-PL.

If a “person” determination for the participant for 2008 has:

- already been made for 2008 for which FSA-918 or FSA-930 has been submitted, use the same “person” determination for ELAP purposes
- **not** been made for 2008 for which FSA-918 or FSA-930 has been submitted, COC shall:
 - obtain CCC-502 from the participant
 - make a “person” determination and notify participant according to 1-PL.

Notes: Actively engaged and cash-rent tenant provisions do **not** apply.

The amount of any payment for which a participant may be eligible under ELAP, LIP, LFP, and SURE, ELAP may be reduced by any amount received by the participant for the same or any similar loss from a different source.--*

--281 Payment Rates, Limitations, and Reductions (Continued)*C 2009 and Subsequent Years Payment Limitation**

For 2009 and subsequent years, no person or legal entity, excluding a joint venture or general partnership, as determined by the rules in 7 CFR Part 1400, may receive, directly or indirectly, more than \$100,000 per program year total under ELAP, LFP, LIP, and SURE combined. For this purpose, both indirect and direct benefits are counted by attribution. In the case of a legal entity, the same payment is attributed to the direct payee in the full amount and those that have an indirect interest to the amount of the interest.

A determination of “persons” as defined by rules in effect for 2008 and prior years is not required for 2009 and subsequent years. However, CCC-901 will be required for legal entities to determine members of legal entities for direct attribution purposes.

Note: Direct attribution provisions in 4-PL apply for 2009 and subsequent years.

D 2008 AGI Provisions

In applying the limitation on average AGI for 2008, an individual or entity is ineligible for payment under ELAP if the individual’s or entity’s average AGI exceeds \$2.5 million for 2007, 2006, and 2005 under the provisions in 7 CFR Part 1400 in effect for 2008.

Note: The AGI provisions of 1-PL are applicable for 2008 ELAP.

E 2009 and Subsequent Years AGI Provisions

For 2009 through 2011, the average AGI limitation provisions in 7 CFR Part 1400 about persons or legal entities, excluding joint ventures and general partnerships, with an average adjusted gross nonfarm income as defined in 7 CFR 1400.3 that exceeds \$500,000 will not be eligible for benefits under ELAP.

Note: The AGI provisions of 4-PL are applicable for 2009 and subsequent years.

F Payment Reductions

The amount of payment for which a contract grower or eligible participant of livestock, honey bees, or farm-raised fish may receive under ELAP shall be reduced by any amount received by the participant or contract grower for the same or similar loss under any other program.--*

***--282 General Payment Information**

A Assignments and Offsets

For ELAP, County Offices shall:

- accept assignments according to 63-FI
- apply offsets according to 58-FI.

B Issuing Payments to Deceased Individuals, Closed Estates, and Dissolved Entities

ELAP payments for FSA-918's or FSA-930's involving deceased individuals, closed estates, or dissolved entities shall be made according to the following, provided all other eligibility requirements are met.

IF the participant is...	AND FSA-918 or FSA-930 is signed by an authorized representative of the...	THEN payments shall be issued...
an individual who died before FSA-918 or FSA-930 was filed	deceased according to subparagraph 242 O	to any of the following, as applicable, using the ID number of the participant: <ul style="list-style-type: none"> • the deceased individual • the individual's estate • the heirs, based on OGC determination, according to 1-CM, Part 26.
an estate that closed before FSA-918 or FSA-930 was filed	estate according to subparagraph 242 O	
an entity that dissolved before FSA-918 or FSA-930 was filed	dissolved entity according to subparagraph 242 O	using the ID number of the participant.
an individual who dies, is declared incompetent, or is missing after filing FSA-918 or FSA-930		to eligible payees executing FSA-325 according to 1-CM, paragraph 779.

Note: FSA-325 is only used when it is requested that a payment earned by a deceased, missing, or incompetent program participant be issued in a name other than that of the deceased, missing, or declared incompetent program participant.--*

***--282 General Payment Information (Continued)**

C 2008 Payment Eligibility Requirements

A participant must meet all the following for 2008 calendar year losses before a payment shall be issued:

- CCC-502 on file and “person” determination according to 1-PL
- AD-1026 on file according to 6-CP
- not be in violation of fraud provisions, including FCIC fraud provisions according to 1-CM and 3-PL
- compliance with:
 - average AGI provisions according to 1-PL
 - controlled substance provisions according to 1-CM.

Note: See subparagraph:

- E for information about AD-1026
- 281 B for information about CCC-502.

County Offices shall record determinations for the applicable criteria in the web-based eligibility system according to 3-PL.--*

--282 General Payment Information (Continued)*D 2009 and Subsequent Years Payment Eligibility Requirements**

A participant must meet all the following for 2009 and subsequent calendar year losses before a payment shall be issued:

- CCC-901 on file for legal entities according to 4-PL
- AD-1026 on file according to 6-CP
- not in violation of fraud provisions, including FCIC fraud provisions, according to 1-CM and 3-PL (Rev. 1)
- compliance with:
 - average AGI provisions according to 4-PL
 - controlled substance provisions according to 1-CM.

Note: See subparagraph:

- E for information about AD-1026
- 281 C for information about CCC-901.

County Offices shall record determinations for the applicable criteria in the web-based eligibility system according to 3-PL (Rev. 1).--*

--282 General Payment Information (Continued)*E Conservation Compliance Provisions**

AD-1026 applicable to the year for which ELAP benefits are requested must be on file for the participant according to 6-CP.

If AD-1026 applicable for the year for which ELAP benefits are requested is:

- already on file for the participant, and affiliates, if applicable, it is not necessary to obtain a new AD-1026 for ELAP
- not on file for the participant, and affiliates, if applicable, County Offices shall obtain a completed AD-1026 applicable to the year for which ELAP benefits are requested.

If a new AD-1026 is required to be filed, payments may be issued to eligible participants upon signing in AD-1026, item 12. It is not necessary to withhold payments pending NRCS HEL or WC determinations. The continuous certification statement on AD-1026 requires participants to refund program payments if an NRCS determination results in the discovery of a HEL/WC violation.

F Prevention of Improper Payments

IPIA requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. County Offices shall take all steps necessary to ensure that program and payment eligibility requirements have been met before issuing any payments.

G Definition of Improper Payment

OMB defines an improper payment as any payment that should **not** have been issued or was issued in an incorrect amount under statutory, contractual, administrative, or other legally applicable requirement.--*

283-293 (Reserved)

294 Applying for Benefits

A Application Process

To apply for ELAP, in addition to submitting an application for payment at the appropriate time, the participant that suffered eligible livestock, honey bee, or farm-raised fish losses must provide a notice of loss in the FSA administrative County Office by physical location for losses that occurred:

- during calendar years 2008 and 2009 before September 11, 2009, no later than December 10, 2009
- on or after September 11, 2009, the earlier of 30 calendar days:
 - of when the loss is apparent to the participant
 - after the end of the calendar year in which the loss occurred.

A notice of loss is part of the application process. Notice of loss shall be submitted on applicable FSA-918 or FSA-930. Multiple notices of loss may be filed during the calendar year as livestock, honey bee, and farm-raised fish losses occur because of eligible adverse weather or eligible loss conditions. Producers that suffer multiple losses during the calendar year may file multiple notices of loss and multiple applications for payment.

In addition to the notice of loss, a participant must submit a completed application for payment on the applicable FSA-918 or FSA-930 no later than either:

- 30 calendar days after the end of the calendar year in which the loss occurred
- December 10, 2009, for losses that occurred during 2008 calendar year.

Applications for payment are completed on a calendar year basis. Other documentation is required for a completed application.

Eligible producers will file the applicable FSA-918 or FSA-930 based on the type of
 -livestock, honey bees, or farm-raised fish losses suffered by the eligible producer in the calendar year in which benefits are being requested.--

Example 1: Producer A is an eligible producer of adult beef cattle and suffers a grazing loss because of flooding. Producer A would file FSA-918 for the applicable livestock feed losses.

Example 2: Producer B is an eligible producer of adult beef cattle and honey bees and suffers a grazing loss for the livestock because of flooding and a physical loss of honey bees because of colony collapse disorder. Producer B would file 2 separate applications, FSA-918 for the livestock feed losses and FSA-930 for the physical loss of the honey bees.

--295 Notice of Loss*A Filing Notice of Loss**

Participants must file a notice of loss on FSA-918 for eligible livestock losses or FSA-930 for eligible losses of honey bees or farm-raised fish in their administrative County Office by physical location the earlier of 30 calendar days:

- of when the loss is apparent to the participant
- after the end of the calendar year in which the eligible loss occurred.

For 2008 and 2009 calendar year losses that occurred before September 11, 2009, the participant must provide a notice of loss on the applicable FSA-918 or FSA-930 in the FSA administrative County Office by physical location no later than December 10, 2009.

A notice of loss may be filed by the participant or participant's representative by 1 of the following alternative methods:

- telephone
- FAX
- e-mail.

Note: The participant is not required to sign the notice of loss if 1 of the alternative methods is used. However, the employee accepting the "notice of loss" shall enter the method by which the "notice of loss" was filed in FSA-918, item 10A or FSA-930, item 8A if the participant or participant's representative did not sign.

Example: Producer A suffered a grazing loss because of flooding on October 1, 2009. Producer A telephones County Office on October 13, 2009, and reports that he has suffered a grazing loss because of flooding that occurred on October 1, 2009. County Office enters "phone" in FSA-918, item 10A as the method for which the "notice of loss" was reported.--*

--296 Application for Payment*A Filing Application for Payment**

To apply for ELAP benefits, eligible participants shall file a manual application for payment on the applicable FSA-918 or FSA-930, according to paragraph 298 or 299, in **their administrative County Office** by physical location until the automated software becomes available. When the automated software becomes available, then an automated application for payment shall be filed.

Note: A minor child is eligible to file FSA-918 or FSA-930, if all eligibility requirements are met.

In addition to the notice of loss required in paragraph 295, eligible participants that suffer livestock, honey bee, or farm-raised fish losses shall file an application for payment no later than:

- 30 calendar days after the end of the calendar year in which the eligible losses for livestock, honey bees, or farm-raised fish occurred
- December 10, 2009, for livestock, honey bee or farm-raised fish losses that occurred during calendar year 2008.

For 2008 calendar year livestock, honey bee or farm-raised fish losses, the participant must complete an application for payment no later than December 10, 2009. However, for 2009 and subsequent years, if an eligible participant suffers eligible livestock, honey bee, or farm-raised fish losses because of eligible adverse weather or eligible loss conditions, the **eligible participant shall be encouraged** to complete an application for payment within 30 calendar days of when the loss was apparent; however, the application for payment must be completed no later than 30 calendar days after the end of the calendar year of when the loss occurred.

For 2008 calendar year livestock, honey bee, or farm-raised fish losses, the application for payment must be signed and dated by the participant by December 10, 2009, to be considered timely filed. For 2009 and subsequent calendar year livestock, honey bee, and farm-raised fish losses, the application for payment must be signed and dated by the participant no later than 30 calendar days after the end of the calendar year of when the loss occurred. There are **no** late-filed provisions for ELAP according to paragraph 241.

Note: A notice of loss must be on file for an application for payment to be filed.

State and County Offices shall not use unapproved forms, worksheets, applications, or other documents to obtain or collect the data required from participants to complete FSA-918 or FSA-930 according to subparagraph 231 E.--*

--296 Application for Payment (Continued)*A Filing Application for Payment (Continued)**

FSA-918's and FSA-930's for ELAP will be based on the following:

- administrative county (physical location county)
- calendar year
- participant.

At any point when 1 of these items is different, it will require a separate FSA-918 or FSA-930 to be filed.

Producers can file multiple applications for payment within 1 calendar year.

FSA-918's or FSA-930's shall be filed by eligible participants in **their administrative County Office by physical location county**. The administrative County Office is the County Office designated by FSA to:

- handle official records
- issue payment to eligible livestock, honey bee, or farm-raised fish producers
- make determinations.

A participant's administrative County Office is generally the County Office where the participant's farm records are maintained. FSA has provisions in 2-CM and 3-CM that will allow farms to be transferred to other counties; therefore, some farms may be administratively located in a county where the farm is not physically located.

ELAP applications will be filed in the farm's administrative county by physical location county.

Example: Producer A has an interest in farm 1 administered in County A that is physically located in County B. County B is administered out of County A. Producer A suffers a grazing loss on the land physically located in County B. Producer A goes to County A and files FSA-918 for the grazing loss suffered in County B.--*

--296 Application for Payment (Continued)*B Signing and Certifying FSA-918 or FSA-930**

When signing FSA-918, item 61A, or FSA-930, item 19A the participant is:

- applying for ELAP benefits for the participant listed on FSA-918, item 5 or FSA-930, item 5
- certifying **all** of the following as applicable:
 - information provided on FSA-918 or FSA-930, as applicable, is true and correct
 - claimed livestock, honey bees, or farm-raised fish losses on FSA-918 or FSA-930, as applicable, are eligible according to paragraphs 242
 - all supporting documentation provided are true and correct copies of the transactions reported
 - an eligible grazing loss, feed loss, or physical loss occurred, as applicable, because of an eligible adverse weather or loss condition
 - the physical location of the:
 - claimed livestock, honey bees, or farm-raised fish on the beginning date of the eligible adverse weather or eligible loss condition
 - participant's current livestock, honey bee, or farm-raised fish inventory
 - the names of all other producers that have an interest in the claimed livestock, honey bees, or farm-raised fish including their share
 - authorizing FSA officials to:
 - enter upon, inspect, and verify all applicable livestock, honey bees, or farm-raised fish, acreage, colonies, or pond acres, in which the participant has an interest for the purpose of confirming the accuracy of the information provided
 - review, verify, and authenticate all information provided on FSA-918 and/or FSA-930 and supporting documents
 - contact other agencies, organizations, or facilities to verify data provided by a participant from such agencies, organizations, or facilities--*

--296 Application for Payment (Continued)*B Signing and Certifying FSA-918 or FSA-930 (Continued)**

- acknowledging that:
 - failure to provide information requested by FSA is cause for disapproval of FSA-918 or FSA-930
 - providing a false certification to FSA is cause for disapproval of FSA-918 or FSA-930, and is punishable by imprisonment, fines, and other penalties.

Note: Participants who receive assistance must keep records and supporting documentation for 3 years following the end of the year in which the application for payment was filed.

C Signature Requirements

All participants' signatures **must** be received no later than:

- December 10, 2009, for 2008 calendar year applications for payment
- 30 calendar days after the end of the calendar year in which the losses occurred for 2009 and subsequent calendar years applications for payment.

Neither STC nor COC has authority to approve late-filed FSA-918 or FSA-930.

Follow 1-CM for signature requirements.

Important: 1-CM, Part 25 provides signature requirements for general partnerships. County Offices shall see 1-CM for signature requirements for general partnerships.

Notes: General partnerships must have a permanent tax ID number to receive any FSA payment. FSA payments shall not be issued to the individual members of a general partnership.

FSA payments may be issued to:

- a joint venture with a permanent tax ID number
- the individual members of a joint venture, using the individual member's ID numbers, when the joint venture does not have a permanent tax ID number.--*

***--296 Application for Payment (Continued)**

D Printing and Reviewing FSA-918 or FSA-930

Once the automated system becomes available, all manual FSA-918's or FSA-930's shall be loaded into the automated system. After all information is entered into the automated system, County Offices shall:

- print an automated FSA-918 or FSA-930
- attach the manual FSA-918 or FSA-930 to the applicable automated FSA-918 or FSA-930
- conduct a second party review of all data on the automated FSA-918 or FSA-930 to ensure that all data is the same on both the manual and automated FSA-918 or FSA-930.

Important: The individual conducting the second party review shall not be the same individual who entered the data into the automated system.--*

--296 Application for Payment (Continued)*E Supporting Documents**

All supporting documents **must** be completed by the participant and on file in the County Office:

- no later than December 10, 2009, for 2008 calendar year losses
- no later than 30 calendar days after the end of the calendar year for which benefits are requested for 2009 and subsequent calendar year losses
- before FSA-918 or FSA-930 may be approved.

Supporting documents include, but are not limited to, the following:

- CCC-901 applicable for 2009 and subsequent calendar years
- AD-1026 applicable for 2008, 2009, 2010, or 2011 calendar year
- CCC-526 or other acceptable document according to 1-PL to determine compliance with average AGI provisions for 2008 calendar year
- CCC-926, or other acceptable document according to 4-PL to determine compliance with AGI provisions for 2009 and subsequent calendar years
- proof of death documentation
- copy of contract growers contracts
- copy of insurance documents to show that risk management purchase requirements have been met
- copies of cash or share lease agreements to show risk in grazing lands.--*

--297 Acting on FSA-918 or FSA-930*A Approving FSA-918 or FSA-930**

COC or CED **must** act on **all** completed and signed FSA-918's or FSA-930's submitted.

Note: CED's may delegate approval authority to program technicians for routine cases. Program technicians shall **not** be delegated authority to disapprove any FSA-918 or FSA-930. Delegation must be documented in the COC minutes.

Important: DD review of initial FSA-918's or FSA-930's **must** be completed according to subparagraph 297 D before FSA-918's or FSA-930's may be approved or disapproved.

FSA-918 or FSA-930 shall be approved or disapproved as certified by the participant. When more than 1 type of livestock, honey bees, or farm-raised fish is claimed on FSA-918 or FSA-930, FSA-918 or FSA-930 shall be approved or disapproved based on all livestock, honey bees, or farm-raised fish claimed. However, COC does have authority to make adjustments to certain information reported on FSA-918 or FSA-930 when documentation warrants making adjustments.

Example: Jim Brown executes FSA-918 that includes 100 adult beef cows reported in item 16. COC has documentation that only 98 adult beef cows meet the eligibility requirements as eligible livestock in inventory on the beginning date of the eligible flood. In this case, on FSA-918, item 18, COC can enter "98" for adult beef cows and then approve FSA-918 for the 98 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 2 adult beef cows not used in the calculation for ELAP benefits.--*

--297 Acting on FSA-918 or FSA-930 (Continued)*A Approving FSA-918 or FSA-930 (Continued)**

Before approving FSA-918 or FSA-930, COC or CED **must**:

- ensure that **all** program eligibility requirements are met
- be satisfied with **all** the following:
 - livestock, honey bees, or farm-raised fish claimed are eligible livestock, honey bees, or farm-raised fish according to paragraphs 242 and 251
 - risk management purchase requirements have been met or a waiver has been approved
 - all forage information entered on FSA-918 meets the eligibility requirements according to paragraphs 242 and 251
 - participant is an eligible producer according to subparagraph 242 I
 - reasonableness of the number and type of livestock, honey bees, or farm-raised fish claimed
 - location of participant's current livestock, honey bee, or farm-raised fish inventory is physically located to conduct spot checks
 - all signature requirements are met.

Note: See subparagraph B when:

- COC or CED questions any data provided by participant
- disapproving FSA-918 or FSA-930.--*

--297 Acting on FSA-918 or FSA-930 (Continued)*B Disapproving FSA-918 or FSA-930**

COC or CED **must** act on all completed and signed FSA-918's or FSA-930's submitted.

Note: CED's may delegate approval authority to program technicians for routine cases. Program technicians shall **not** be delegated authority to disapprove any FSA-918 or FSA-930.

Important: DD review of initial FSA-918's or FSA-930's must be completed according to subparagraph D before FSA-918's or FSA-930's may be approved or disapproved.

FSA-918 or FSA-930 shall be approved or disapproved as certified by the producer. When more than 1 type of livestock, honey bees, or farm-raised fish is claimed on FSA-918 or FSA-930, FSA-918 or FSA-930 shall be approved or disapproved based on all livestock, honey bees, or farm-raised fish claimed. However, COC does have authority to make adjustments to certain information reported on FSA-918 or FSA-930 when documentation warrants making adjustments.

Example: Jim Brown executes FSA-918 that includes 100 adult beef cows reported in item 16. COC has documentation that only 98 adult beef cows meet the eligibility requirements as eligible livestock in inventory on the beginning date of the eligible flood. In this case, in FSA-918, item 18, COC can enter "98" for adult beef cows and then approve FSA-918 for the 98 eligible adult beef cows. Jim Brown would be provided appeal rights according to 1-APP for the 2 adult beef cows not used in the calculation for ELAP benefits.

If it is determined that any information provided on FSA-918 or FSA-930 is not reasonable or is questionable, additional verifiable documentation or evidence shall be requested from the participant, in writing, provided. Other agencies, organizations, or facilities may be contacted to verify information provided by participants.

Important: See subparagraph C when contacting other agencies, organizations, or facilities to verify information provided by participants.

Exception: COC's shall **not** require tax records; however, participant may voluntarily provide tax records.

If all program eligibility requirements are **not** met, it is determined that the information on FSA-918 or FSA-930 or any additional supporting documentation provided by participant is **not** accurate or reasonable, then the following actions shall be taken:

- disapprove FSA-918 or FSA-930
- notify participant of disapproval
- provide participant applicable appeal rights according to 1-APP
- thoroughly document reason for disapproval in COC minutes, if disapproved by COC.--*

--297 Acting on FSA-918 or FSA-930 (Continued)*C Verifying Data With Other Agencies, Organizations, or Facilities**

When contacting agencies, organizations, or facilities to verify data provided by a producer, the County Office shall be specific in the information requested. The request should include, but is not limited to, the following:

- participant's name and address
- animal kind and type
- why the request is being made
- what information is being requested.

D DD Review and Report of Initial FSA-918's or FSA-930's

DD's shall review the first five FSA-918's and FSA-930's submitted, for eligible losses, in each Service Center before approval. The review shall include the following:

- ensuring that FSA-918's or FSA-930's are submitted by participant and County Office
- signature requirements, including power of attorney, are met
- no State or County Office developed forms, worksheets, applications, or other documents are being used to obtain or collect the data required from participants
- supporting data required for payment eligibility is properly completed and on file, such as CCC-502, CCC-901, CCC-926, AD-1026, and accurate subsidiary and SCIMS data.

Within 10 workdays of completing the review, DD shall provide a written report to SED describing the review findings, including a list of errors discovered, and the overall status of the implementation of ELAP in the County Office.

DD review of the initial FSA-918's and FSA-930's and supporting documentation submitted is critical to ensuring ELAP is being administered according the procedures provided in this handbook and the regulations in 7 CFR Part 760, Subparts B and C.

Reviewing the initial FSA-918's and FSA-930's and supporting documentation in a timely manner:

- identifies possible weaknesses in the administration of ELAP that may be resolved by additional training, clarified procedures, or modified software
- prevents numerous participants from being impacted by erroneous ELAP administration
- allows corrections to be made in a timely manner before erroneous payments are issued.--*

51	<p>Enter the number of livestock that died because of normal mortality on or after the date of the first loss condition in item 7.</p> <p>Example: Producer A has a 100 percent ownership interest in 100 head of adult beef cows that are lost because of an eligible loss condition. The producer had not previously incurred a loss of adult beef cows in inventory for this particular kind/type and weight range of livestock because of an eligible loss condition. On October 11, 2009, Producer A enters “100” in item 49 and “10” in item 50. No entry would be made in item 51 because this is the first loss for this kind/type and weight range of livestock for which a loss in normal mortality has not occurred on or after the date of the first loss condition.</p> <p>On October 15, 2009, Producer A loses 2 adult beef cows to normal mortality. Producer A revises FSA-918 by entering “2” in item 51 and provides documentation to the County Office to support livestock deaths because of normal mortality.</p>
52	<p>COC shall enter the adjusted inventory, if applicable.</p> <p>Notes: An entry is only required when COC determines an inventory different than the inventory certified to by the producer in item 49.</p> <p>The producer shall be provided applicable appeal rights according to 1-APP if an entry is entered in item 52.</p>
53	<p>COC shall enter the adjusted number of livestock lost because of an eligible loss condition, if applicable.</p> <p>Notes: An entry is only required when COC determines the number of eligible livestock lost because of an eligible loss condition is different than the number of livestock certified to by the producer as lost because of the eligible loss condition in item 50.</p> <p>The producer shall be provided applicable appeal rights according to 1-APP if an entry is entered in item 53.</p>

*--353 State and County Selection

A Overview

If users click “**Add or Edit Application**” on the LFP Main Menu, the following State and County Selection Screen will be displayed. Users must select an administrative State, county, and year to process FSA-925’s.

Users also have the option of selecting the “Nationwide Customer Service” link from the left navigation menu on the LFP Main Menu. This allows users to take FSA-925’s for a producer from any Service Center nationwide (see paragraph 368 for more information on Nationwide Customer Service access).

The screenshot displays the USDA Farm Service Agency Livestock Forage Program (LFP) interface. At the top, the USDA logo and 'United States Department of Agriculture' are visible, along with 'Farm Service Agency' and 'Livestock Forage Program (LFP)'. A navigation bar includes links for 'LFP Home', 'About FSA', 'Help', 'Contact Us', 'Exit LFP', and 'Logout of eAuth'. The main content area is titled 'State and County Selection' and features a 'Select Administrative State/County' section. This section contains two dropdown menus: 'State-County' (set to 'Mississippi-Coahoma') and 'Year' (set to '2009'). Below these are 'Cancel' and 'Continue' buttons. A left-hand 'LFP Menu' sidebar lists various options, including 'Sign Up', 'Approve Applications', 'COC Representative', 'Electronic Approval', 'Main Menu', 'Reports', 'Nationwide Customer Service', 'State County Selection', 'Blank FSA-925', 'LFP Estimated Report', and 'LFP Home Page'. The user's role is identified as 'County Admin'. At the bottom, the screen ID is 'LTSignUp522' and the last modified date is '03/30/2010 11:14 AM'. A 'Back to Top' link is also present.

B Action

Use the drop-down menus to select the applicable:

- administrative State/county
- year.

CLICK “**Continue**”, the Producer Search – Application Status Screen will be displayed.--*

***--354 Producer Search – Application Status Screen**

***--355 Physical Location State and County Selection Screen**

A Overview

FSA-925's are recorded in a producer's administrative County Office by physical location. The following Physical Location State and County Selection Screen allows the user to select the physical location where the loss occurred.

The screenshot displays the USDA Farm Service Agency Livestock Forage Program (LFP) interface. At the top, the USDA logo and 'United States Department of Agriculture Farm Service Agency' are visible on the left, and 'Livestock Forage Program (LFP)' is on the right. A navigation bar contains links for 'LFP Home', 'About FSA', 'Help', 'Contact Us', 'Exit LFP', and 'Logout of eAuth'. On the left side, there is an 'LFP Menu' with a 'Sign Up' section listing various options like 'Approve Applications', 'COC Representative', and 'State County Selection'. The main content area is titled 'Physical Location State and County Selection' and includes the following fields and options:

- Year:** 2009
- State:** Mississippi
- County:** Coahoma
- Producer:** (empty field)
- Location State-County:**
 - Mississippi-Adams
 - Mississippi-Coahoma
- Buttons: **Back**, **Cancel**, **Next**

At the bottom left, the screen ID is 'LTSignUp500' and the last modified date is '03/30/2010 11:1:4 AM'. A 'Back to Top' link is located at the bottom right.

B Action

Select the applicable physical location State and county. **CLICK “Next”**, the Disaster Selection Screen will be displayed.--*

***--356 Disaster Selection Screen**

A Overview

The following Disaster Selection Screen allows users to select the type of disaster for which the producer is applying.

The screenshot shows the USDA Farm Service Agency Livestock Forage Program (LFP) interface. At the top, it displays the USDA logo and the text "United States Department of Agriculture Farm Service Agency" and "Livestock Forage Program (LFP)". Below this is a navigation bar with links: "LFP Home", "About FSA", "Help", "Contact Us", "Exit LFP", and "Logout of eAuth".

On the left side, there is an "LFP Menu" box containing the following items: "Role: County Admin", "Sign Up", "Approve Applications", "COC Representative", "Electronic Approval", "Main Menu", "Reports", "Nationwide Customer Service", "State County Selection", "Blank FSA-925", "LFP Estimated Report", and "LFP Home Page".

The main content area is titled "Disaster Selection". It contains the following fields and options:

- Year:** 2009
- State:** Mississippi
- County:** Coahoma
- Producer:** (empty field)
- Location:** (empty field)
- State:** Mississippi
- County:** Adams

Below these fields is a "Disaster Selection" section with two radio button options: Fire and Drought. At the bottom of the form are three buttons: "Back", "Cancel", and "Save and Continue".

At the bottom left of the page, it says "Screen ID: LFSignUp523" and "Last Modified: 03/30/2010 11:14 AM". At the bottom right, there is a "Back to Top ^" link.

G Prompt Payment Due Dates

LIP payments are subject to the Prompt Payment Act. A prompt payment interest penalty payment is owed if the LIP payment is issued more than 30 calendar days after:

- date producer signs a properly completed FSA-914 and provides all supporting documentation required to issue the payment
- all OGC referrals are completed
- participant appeals are finalized.

See 61-FI for additional information on handling prompt payment interest penalties.--*

--451 Payment Limitation*A Payment Limitation Amount**

The payment limitation for LIP is \$100,000. The \$100,000 payment limitation is shared with the following programs:

- ELAP
- LFP
- SURE.

Note: See paragraph 42 for payment limitation rules as they apply to 2008 LIP.

B Effect of Average AGI Provisions on Payment Limitation for Entities

If a member of an entity is not eligible because of average AGI provisions, the payment limitation for the entity is reduced by the ineligible member's ownership share in the operation.

Example: ABC Corporation has 2 members, each with a 50 percent share. Member 1 does **not** meet average AGI provisions. The corporation has a \$100,000 payment limitation, but since Member 1 does **not** meet average AGI provisions, the payment limitation for the corporation is reduced by 50 percent and the maximum payment that can be issued to the corporation is \$50,000.

Note: Other payment eligibility provisions, such as conservation compliance, fraud, etc., do **not** affect the payment limitation for the entity because average AGI is the **only** payment eligibility that is checked for members of entities.--*

***--452 Payment Eligibility**

A Determining Payment Eligibility

The payment process reads the web-based eligibility system for the applicable year associated with FSA-914, to determine whether a producer or member of a joint operation is eligible to be paid. If the producer or member is ineligible to be paid, then the individual or entity will be listed on the Nonpayment Register with the applicable message. Eligibility flags **must** be updated **before** the producer or member can be paid. These flags should accurately reflect COC determinations.

B Eligibility Values

The following identifies web-based eligibility determinations that apply to LIP and how the system will use the web-based subsidiary eligibility data for payment processing.

Eligibility Determination	Value	Eligible for LIP
AD-1026	Certified	Yes
	Not Filed	No
	Good Faith Determination	Yes
	COC Exemption	Yes
	Awaiting Affiliate Certification	No
	Affiliate Violation	No

C Eligibility Condition Priority

If a producer has multiple invalid subsidiary eligibility conditions, **only** the highest priority ineligible condition will be printed on the Nonpayment Register. The following is the priority of conditions.

Priority	Condition
1	Fraud
2	Conservation Compliance
3	Controlled Substance
4	AD-1026
5	Person (2008 Only)

--453 Funds Control*A eFunds Account**

Funding for LIP has been established in eFunds with LIP “2569”. State Office specialists with access to eFC Program Group Code “app.fsa.efc.grp.PECD.REGULAR” will automatically have access to LIP “2569”.

As a rule, the National Office grants authority to the regular eFC Program Group to **no** more than 2 State Office employees. This authority allows State employees to control the State reserve and move funds between County Offices.

As a result of changes in personnel, State Offices may require a change to the employees with eFunds authority. State Offices should e-mail requests to add and/or remove employees to **all** of the National Office contacts listed in subparagraph B. The e-mail request should include the following information for each employee:

- employee name
- eAuthentication user ID.

Note: If the request increases the number of employees to more than 2, ensure that the employee whose authority should be removed is included.

B eFund Allotments

Initial allotments will be provided to each State’s reserve. State Offices will be responsible for moving allotment amounts to County Offices through the funds control process. If additional funds are required, State Offices shall contact the National Office to request additional allotments by sending an e-mail to **all** of the following:

- **sandy.bryant@wdc.usda.gov**
- **tina.nemec@wdc.usda.gov**
- **steve.peterson@wdc.usda.gov**
- **lenior.simmons@wdc.usda.gov.--***

460 Overview

A Supporting Files for Integrated Payment Processing

The LIP payment process is a web-based integrated process that reads a wide range of information from other program determinations and values to determine whether a payment should be issued, the amount of the gross payment, reductions, and net payment amount. For payments to be calculated correctly, all supporting files **must** be updated correctly, including the following.

Type of Information	How Information Is Used for Payment Processing	Source
FSA-914 Data	To compute the payment amount for the producer.	Web-Based LIP Application Software
Payment Eligibility Information	To determine whether the producer and members of a joint operation (for 2009 and future) are eligible for payment for the year in which FSA-914 was filed.	Web-Based Eligibility System
General Name and Address Information	To determine the producer’s business type and general name and address information.	SCIMS
Entity and Joint Operation Information	To determine the following for the year in which FSA-914 is filed: <ul style="list-style-type: none"> • member contribution value • substantive change value • for 2008-2011 LIP, members and members share of the following: <ul style="list-style-type: none"> • general partnership • joint ventures • entities (starting with 2009 LIP). 	Entity and Joint Operation Control County Mainframe Record
Combined Producer Information	To determine whether the LIP producer or members of entities or joint operations are combined with other producers to ensure that the payment limitation is controlled properly.	Combined Producer System
Available Payment Limitation	To determine payment limitation availability.	Payment Limitation System
Financial Related Information	Calculated payment information is provided to NPS. Determined overpayment amount is provided to NRRS.	NPS or NRRS

B Actions To Be Completed Before Issuing Payments

The following provides actions that must be completed **before** issuing payments. COC, CED, or designee shall ensure that the actions are completed.

Step	Action
1	Ensure that FSA-914 has been approved and approval date has been recorded in the system according to paragraph 102.
2	Ensure that: <ul style="list-style-type: none"> • AD-1026 is on file for the applicable year for producers seeking benefits • eligibility information is recorded in the web-based eligibility system.
3	Ensure that the following is on file for legal entities: <ul style="list-style-type: none"> • CCC-502 for 2008 LIP, according to 1-PL • CCC-901 for 2009-2011 LIP, according to 4-PL.
4	For producers seeking benefits, ensure that that certification information is recorded in the web-based eligibility system and that the following is on file: <ul style="list-style-type: none"> • CCC-526 for 2008 LIP, according to 3-PL • CCC-926 for 2009-2011 LIP, according to 3-PL (Rev. 1).
5	Ensure that all eligibility determinations have been updated according to the determinations made by COC for producers and members of joint operations. Note: For 2008 LIP, according to 3-PL; for 2009-2011 LIP, according to 3-PL (Rev. 1).
6	Ensure that the joint operation and entity files are updated correctly for the applicable year (2-PL).
7	Ensure that member contribution and substantive change values are updated according to 4-PL. Note: Applies to 2009-2011 LIP only.
8	Ensure that combined producer files are updated correctly for the applicable year. Note: For 2008 LIP, according to 3-PL; for 2009-2011 LIP, according to 3-PL (Rev. 1).
9	Ensure that all adjustments to payment limitation have been updated for the producer or member. Note: For 2008 LIP, according to 3-PL; for 2009-2011 LIP, according to 3-PL (Rev. 1).
10	Ensure that all assignments and joint payment requests have been updated in NPS if CCC-36, CCC-37, or both that are filed for 2008-2011 LIP.

--461 Payment Calculations for LIP*A LIP Payment Rates**

Payment rates have been established by DAFP for eligible livestock owners and eligible contract growers. See the following subparagraphs for LIP payment rates:

- 42 F, for livestock owners
- 42 G, for eligible livestock for livestock contract growers.

B LIP Payment Calculation Variables

The LIP payment calculation will be based on a number of variables, such as the following:

- number of head lost, in excess of normal mortality
- if the livestock were contracted or owned
- payment rate, based on head lost
- share
- other compensation.

Notes: Head lost is the number of livestock that fit a category consisting of kind, type, and weight range.

There may be multiple calculations per FSA-914 because of these varying elements.

Initially, LIP payments are computed separately for contracted and owned livestock. After a total for each is determined, the contracted and owned livestock determinations are added together for a total LIP payment. Subparagraph C provides the method to calculate LIP payments.

C LIP Payment Calculation

LIP payments are calculated by:

- number of head lost, **times**
- payment rate, **times**
- share, **minus**
- other compensation and reductions.--*

***--462 Computing Payments and Overpayment Amounts**

A Payment and Overpayment Amounts

The LIP payment process is an integrated process that reads a wide range of files to determine the payment and overpayment amount. The following is a high-level processing sequence to calculate LIP payments for producers.

Step	Action
1	Payment is triggered according to subparagraph 462 B.
2	Determine if there is an unsigned payment for the producer in NPS, and if so, cancel the payment in NPS.
3	Determine the gross payment amount for the producer according to subparagraph 461 C.
4	Determine if the producer is an entity or joint operation, and if so, obtain member information.
5	Determine if the producer and/or members are eligible for payment.
6	Provide the following to the direct attribution process for producer: <ul style="list-style-type: none"> • gross payment amount • 1 reason producer is ineligible because of subsidiary eligibility provisions, if applicable.
7	Direct attribution will determine the following: <ul style="list-style-type: none"> • reduction amounts • payment limitation availability • net payment or overpayment amount • reasons for nonpayment or overpayment.
8	All net payment and overpayment amounts will be totaled to determine the net payment for the farm and producer.
9	Determine if eFunds are available for the payment.
10	Provide the payment or overpayment amount, as applicable, to either of the following: <ul style="list-style-type: none"> • NPS • NRRS.
11	Update the Nonpayment Register with applicable information.
12	Update the Payment History with applicable information.

--*

***--462 Computing Payments and Overpayment Amounts (Continued)**

B Triggering Payments

Payments will be “triggered” through events that occur throughout the system. As a result, processing will now be “behind the scenes” for the most part. Calculations and determinations will occur during the evening and nighttime hours without user intervention. The following is an explanation of the types of triggers that will occur during payment processing.

Trigger	Description
Initial	When payment software is released, a process will automatically run to determine all FSA-914’s that are approved for payment. This will initiate the process described in subparagraph A and does not require any County Office user interaction. The following will occur automatically: <ul style="list-style-type: none"> • payments will be sent to NPS for certification and signature • overpayments will be sent to NRRS.
Primary	Subsequent payments will be initiated when County Office users approve FSA-914. Entering COC approval date initiates the payment process for the selected FSA-914’s.
Secondary	Payments that cannot be issued during any payment process are sent to the Nonpayment Report. If a condition causing the producer to be on the Nonpayment Report is corrected, the payment will be triggered to reprocess to determine if the payment can be issued. <p>Note: See forthcoming 9-CM for information on the Nonpayment Report.</p>
Tertiary	The payment system will periodically recalculate all payments.

***--463 FSA-914E, Estimated Calculated Payment Report**

A Background

FSA-914E, Estimated Calculated Payment Report, is a computer-generated report that prints a summarized estimated calculated payment amount for a producer based on data currently loaded in FSA-914.

B Description of FSA-914E, Estimated Calculated Payment Report

The following information will be displayed on FSA-914E, Estimated Calculated Payment Report.

Field	Description	FSA-914 Item
Calendar Year	Year associated with FSA-914 that was filed by the affected producer.	2
Program Name	Defaults to "Livestock Indemnity Program".	
State	State as selected.	
County	County as selected.	3
Producer Name and Address	Name and address of the producer associated with the selection.	5
Application Number	FSA-914 number.	
Application Status	Status of FSA-914 as follows: <ul style="list-style-type: none"> • "Enrolled" • "Approved" • "Disapproved". 	28
Owner/Grower Designation	Designates whether the producer is a owner or grower of the livestock.	13
Livestock Kind	Kind of livestock.	14
Livestock Type/Weight Range	Type and weight range of livestock.	
Adverse Weather Event No.	Number for the adverse event from FSA-914.	12
Beginning Inventory	Beginning inventory entered on FSA-914.	15 or 18
Normal Mortality Rate (%)	Normal mortality rate for the livestock kind/type and weight range.	
Normal Mortality	Beginning Inventory times Normal Mortality Rate (%) for the livestock kind/type/weight range.	
Number Loss To Normal Mortality	The number lost to normal mortality.	17 or 20
Net Loss Threshold	Normal Mortality minus Number Loss To Normal Mortality.

Field	Description	FSA-914 Item
Number Lost to Adverse Weather	Number lost to adverse weather. Note: If the normal mortality for 1 disaster event exceeds the loss threshold, the difference can be used in future losses.	16 or 19
Remaining Normal Mortality	Determined by the calculation of eligible inventory.	
	IF the eligible inventory is...	THEN the Remaining Normal Mortality is...
	greater than zero	zero.
	zero	zero.
a negative number Note: If the normal mortality for 1 disaster event exceeds the loss threshold, the difference can be used in future losses.	becomes a positive of the determined negative number.	
Eligible Inventory	Normal Mortality minus Number Loss To Normal Mortality.	
Payment Rate	Payment Rate for the applicable livestock kind/type/weight.	
Calculated Payment Amount	Eligible Inventory times the Payment Rate.	
Calculated Owner Payment	Total of all Calculated Payment Amounts for the "Owner" Livestock Kind line items	
Other Compensation	Amount of monetary compensation entered on FSA-914 for contract growers only . Note: Other compensation is subtracted from calculated Contract Grower Payment only .	23
Calculated Contract Owner Payment	Total of all Calculated Payment Amounts for the "Grower" Livestock line items.	
Reductions	Amount entered for compensation from other disaster programs for the same livestock losses.	24
Total Payment	Calculated Owner Payment plus Calculated Contract Grower Payment minus Other Compensation minus Reductions.	
Calculation Explanation	Provides an explanation of the calculated fields.

The following is an example of FSA-914E, Estimated Calculated Payment Report, that will be displayed.

Coahoma Mississippi FSA-914E	United States Department of Agriculture Farm Service Agency 2008 Livestock Indemnity Program Estimated Calculated Payment Report	Date: 05/25/2010 Page: 01 of 01
Ina A. Farmer 1111 Street Any City, MO 11111		Application Number: 304 Application Status: Approved

Owner/ Grower	Livestock Kind	Livestock Type/Weight Range	Adverse Weather Event No	Beginning Inventory	Normal Mortality Rate (%)	Normal Mortality	Number Lost To Normal Mortality	Net Loss Threshold	Number Lost To Adverse Weather	Remaining Normal Mortality	Eligible Inventory	Payment Rate (\$)	Calculated Payment Amount (\$)
O	Chickens	Chicks	1	2,500	10.00 %	250	250	0	1,500	0	1,500	\$ 0.19	\$ 285

	Calculated Owner Payment:	\$ 10,485
	Other Compensation:	
	Calculated Contract Grower Payment:	\$ 0
	Reductions:	
	Total Payment:	\$ 10,485

Calculation Explanation:

- Normal Mortality is determined by: Beginning Inventory times Normal Mortality Rate for the Livestock Kind/Type/Weight Range.
- Net Loss Threshold is determined by: Normal Mortality minus the number lost due to normal mortality.
 Note: For additional loss to the same inventory, the Net Loss Threshold is determined by: Remaining Normal Mortality (from previous initial event) minus the number of lost due to normal mortality.
- Eligible Inventory is determined by: Number Lost to Adverse Weather minus Net Loss Threshold.
 Note: If the calculation is:
 - Greater than zero, then the remaining normal mortality is zero.
 - Zero, the remaining normal mortality is zero.
 - A negative number, the eligible inventory is zero and the negative number is made positive and is the remaining normal mortality.
- The calculated Payment amount is determined by the Eligible Inventory times the payment rate.

DISCLAIMER: The payment data reflected on this report includes estimated payment amounts and may vary due to changes in livestock losses, share, producer program eligibility, and payment limitation. The distribution of this report does not in any way obligate FSA to disburse the payment amounts reflected.

The link to FSA-914E, Estimated Calculated Payment Report, is accessed from the LIP Main Menu. To access the LIP Main Menu, go to http://fsaintranet.sc.egov.usda.gov/fsa/FSAIntranet_applications.html and under the “Production Adjustment & Disaster Programs”, CLICK “**LIP – Livestock Indemnity Program**”

Note: See paragraph 92 for complete instructions on accessing the LIP Main Menu.

B LIP Reports Menu

Take the following action to access FSA-914E, Estimated Calculated Payment Report, from the LIP Reports Menu:

- from the LIP Main Menu CLICK “**Reports**” to access the LIP Reports Menu
- under the Reports Menu, CLICK “**LIP Estimated Report**”.

C Example of LIP Reports Menu

The following is an example of the LIP Reports Menu that will be displayed.

The screenshot displays the USDA Farm Service Agency Livestock Indemnity Program (LIP) interface. At the top, it identifies the user as a County Admin and Nationwide Customer Service representative. The main navigation menu on the left includes options like 'LIP Main Menu', 'Sign Up', and 'LIP Estimated Report', which is currently selected. The central 'LIP Reports' section features dropdown menus for 'Program Year', 'State' (set to Mississippi), and 'County' (set to Coahoma). A list of report categories is shown with radio buttons, where '1. Summary Report' is the active selection. Below the list, there are input fields for 'Start Date' and 'End Date', and buttons for 'Cancel' and 'Create Report'. The footer contains technical details like 'Screen ID: LI08Signup700' and a 'Back to Top' link.

--466 General Provisions for Canceling Payments*A Canceling Payments**

After payment processing has been completed, County Offices shall review the NPS Payment Worklist to ensure that the correct payments have been generated. The user should complete the following if an error is determined:

- payment should **not** be signed in NPS
- condition causing the incorrect payment should be corrected.

B User Intervention

User intervention is **not** allowed for the cancellation process. If the condition causing the incorrect payment is corrected, the system will automatically cancel the unsigned payment and recalculate the payment amount owed.

If the payment amount is determined to be incorrect and the payment has been signed in the NPS System, the payment can **no** longer be canceled. The producer will be underpaid or overpaid after the condition causing the incorrect payment has been corrected.--*

***--467 General Provisions for Overpayments**

A Overview

Overpayments will be determined during the LIP payment calculation process. See paragraphs 462 for information on transferring overpayments to NRRS.

Note: See 67-FI for handling overpayments in NRRS.

B Overpayments Due Dates

Overpayments can occur for a number of reasons and County Offices are **required** to take necessary action to collect overpayments. The following table lists situations that may cause overpayment and the overpayment due dates.

Time of Determination	Situation	Overpayment Due Date
Anytime.	Payment was issued to the wrong producer.	Immediately
After something affecting the payment amount is changed on FSA-914.	Payment was issued and later something occurred that changed the amount on FSA-914.	Immediately
After producer misrepresentation is determined.	Producer received a LIP payment and COC determined that the producer misrepresented their interest on FSA-914.	Immediately
After payment limitation is exceeded.	It is determined that payments have been issued exceeding the producer's effective payment limitation amount.	Immediately
After an eligibility value changes that makes the producer ineligible for payment.	Producer's eligibility value changed that makes the producer ineligible for payment.	Immediately
Anytime FSA-914 is canceled.	FSA-914 was canceled after payments were issued to the producer.	Immediately.

--468 Charging Interest*A Introduction**

Program interest shall be charged on all 2008-2011 LIP overpayments to producers when the:

- producer becomes ineligible after payments have been issued
- COC determines fraud, scheme, or device for the producer.

B When Program Interest Applies

A producer will be charged program interest if COC determines that the producer is ineligible for payment. Reasons for ineligibility include, but are **not** limited to, the following:

- erroneously or fraudulently represented any fact affecting a determination
- knowingly adopted a scheme or device that tends to defeat the purposes of LIP
- misrepresented their interest and subsequently received a 2008-2011 LIP payment
- does **not** meet commensurate contribution requirements for “person”
- does **not** meet conservation compliance provisions
- does **not** meet controlled substance provisions.

Program interest for ineligible producers shall be charged from the date of disbursement. The system will compute this interest when the overpayment is transferred to NRRS.

C When Not to Charge Interest

Interest shall **not** be charged if the producer:

- is not determined to be ineligible as defined in subparagraph B
- returns a check without being cashed
- refunds the payment voluntarily.--*

Producer Notification of Spot Checks of LIP

Applicants for LIP shall be provided the following information at the time the application for payment is filed.

The Farm Service Agency (FSA) will be conducting spot checks of Livestock Indemnity Program (LIP) applications submitted by producers. All data provided on the application, and all supporting data provided by the producer is subject to spot check and verification by FSA. Inaccurate producer certification or data, or failure to provide verifiable data to support certifications, may result in denial or refund of program benefits, plus interest. In addition, provisions of criminal and civil fraud statues may be applied.

Data that may be spot checked includes, but are not limited to, the following:

1. Number/kind/type/weight range of livestock claimed on FSA-914.
2. Number of livestock in inventory before and after the eligible adverse weather events.
3. Verification of documents used as proof of death of livestock claimed on FSA-914.
4. Verification of cause of death of livestock claimed on FSA-914.
5. Ownership of livestock claimed on FSA-914.
6. Verification that livestock were maintained for commercial use as part of a farming operation.
7. Compliance with average Adjusted Gross Income provisions.
8. Verification of monetary compensation received from contractors for contract growers.

Documents and information that may be requested or provided to verify producer certifications include but are not limited to the following:

1. Copies of purchase receipts for livestock claimed.
2. Copies of sale receipts of livestock.
3. Copies of corporate charter or bylaws, partnership agreements, trust agreement, last will and testament, estate documents, court orders of appointment or other documents providing evidence of authority to act on behalf of another.
4. Documents providing evidence that livestock claimed were maintained for commercial use as part of a farming operation.
5. Copies of tax records indicating a farming operation.
6. Certifications from tax accountants.
7. Copies of veterinary records.
8. Copies of loan documents, settlement sheets, and bank records.

A Improper Payments

IPIA requires Federal agencies to evaluate programs to determine whether internal controls are sufficient to prevent improper payments. County Offices shall take all steps necessary to ensure that program and payment eligibility requirements have been met before issuing any payments.

OMB defines an improper payment as any payment that should **not** have been issued or was issued in an incorrect amount under statutory, contractual, administrative, or other legally applicable requirement.

B CCC-770 ELIG 2002

CCC-770 ELIG 2002 shall be completed according to 3-PL for each producer before a 2008 LIP payment is issued to the producer using the manual payment process.

C CCC-770 ELIG 2008

CCC-770 ELIG 2008 shall be completed according to 3-PL (Rev. 1) for each producer before a 2009 LIP payment is issued to the producer using the manual payment process.

D When to Complete FSA-770 LIP's

FSA-770 LIP shall be completed:

- according to subparagraph E before a LIP payment is issued to the producer using the manual payment process
- for each year the producer files FSA-914.

Example: Producer A files FSA-914 for calendar years 2008 and 2009. FSA-770 LIP shall be completed for calendar years 2008 and 2009.

County Offices shall ensure that applicable FSA-770 LIP's are completed before issuing LIP payments.

Important: FSA-770 LIP was developed by the National Office and is the only authorized checklist for LIP. County Offices shall **not** use locally or State-developed checklists for administering LIP.

FSA-770 LIP does **not** negate STC, SED, State Office, DD, COC, CED, and County Office responsibility for administering all provisions applicable to LIP.--*
