DCP/ACRE Deadlines Approach

The sign-up period for DCP and ACRE is still open. Producers are encouraged to sign up for DCP before the August 2, 2013, deadline. An even earlier deadline is for ACRE, which will end June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

[Read more about DCP and ACRE](#) or contact the FSA county office for more information, or an appointment to enroll.

CRP Sign-Up Ends June 14th

Offers for enrollment in standard Conservation Reserve Program (CRP) ends June 14, 2013. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the program can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract which is 10-15 years.

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

For more information on CRP and other FSA programs, visit the office or www.fsa.usda.gov.

2011 Supplemental Revenue Assistance Program Application Deadline

The last day to submit SURE applications for 2011 crop losses is June 7, 2013. The SURE Program provides payments to producers when crop revenues are less than the crop guarantee. The SURE Program payment is equal to 60 percent of the difference between the crop guarantee and revenue.

To determine the guarantee and revenue for the SURE Program, all crops on all farms for a producer are included in the calculation. Payments under the SURE Program are limited to \$100,000.

To be eligible for the 2011 SURE Program, producers must have crop insurance on all insurable crops. For crops that are not covered by crop insurance such as pumpkins and cucumbers, producers must have purchased Non Insured Crop Disaster Assistance Program (NAP) coverage.

For more information concerning the 2011 SURE program or other Farm Service Agency programs, contact the local FSA office or visit the Farm Service Agency website at <http://www.fsa.usda.gov>.

Payment Limitations

All payment eligibility and payment limitation provisions, including AGI limitations, are extended for the 2013 crop year, program year, and fiscal year.

All rules and requirements effective for 2012 program payments and benefits are applicable to eligible recipients of 2013 program payment and benefits. This includes the requirements of actively engaged in farming, cash-rent tenant, substantive change, minor child, and spousal provisions. Payments will continue to be limited by direct attribution to person and legal entity.

Contributions*

All partners, stockholders or members with an ownership interest in the legal entity must make a contribution, whether compensated or **not** compensated, for:

- Active personal labor,
- Active personal management,
- A combination of active personal labor and active personal management to the farming operation

Additional information on payment limitations is available at FSA county offices or online at: www.fsa.usda.gov

Crop Certification

After spring planting, producers should certify their 2013 acreage. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. For crops enrolled in programs other than NAP (Noninsured Crop Disaster Assistance Program), acreage reports are to be certified by the November 15th deadline on small grains and a July 15th deadline on all other crops.

Acreage reports on crops covered by NAP are due in the county office by the earlier of (date) for small grains and (date) for all other crops, or 15 calendar days before the onset of harvest or grazing of the specific crop acreage being reported.

Controlled Substances

Program participants convicted under federal or state law of any planting, cultivating, growing, producing, harvesting or storing a controlled substance are ineligible for program payments and benefits. If convicted of one of these offenses, the program participant shall be ineligible during that crop year and the four succeeding crop years for Direct and Counter-Cyclical payments, price support loans, loan deficiency payments, market loan gains, storage payments, farm facility loans, Non-Insured Crop Disaster Assistance Program payments or disaster payments.

Program participants convicted of any federal or state offense consisting of the distribution (trafficking) of a controlled substance shall, at the discretion of the court, be ineligible for any or all program payments and benefits:

- For up to 5 years after the first conviction
- For up to 10 years after the second conviction
- Permanently for a third or subsequent conviction.

Program participants convicted of federal or state offense for the possession of a controlled substance shall be ineligible, at the discretion of the court, for any or all program benefits as follows:

- Up to one year upon the first conviction
- Up to five years after a second or subsequent conviction.
