County Executive Director:

Wayne Stickler

Program Technicians:

Janice McCallister

Becky Proctor

Pam Brooks

Farm Loan Manager:

Paul Wagner

Farm Loan Officer:

Sarah Possehn

45th CRP General Sign-Up

USDA will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the sign-up can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract (10-15 years).

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

For more information on CRP and other FSA programs, visit a local FSA service center or www.fsa.usda.gov.

DCP and ACRE Sign-up

DCP and ACRE signups for the 2013 crops are on-going. The DCP sign-up period will end on Aug. 2, 2013; and the ACRE sign-up period will end on June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

Contact the FSA county office for more information, or to make an appointment to enroll.

Marketing Assistance Loans

Marketing Assistance Loans, also referred to as Commodity Loans, are available to producers who share in the risk of producing the crop. To be eligible, you must maintain beneficial interest in the crop through the time of application. Once beneficial interest in a commodity is lost, the commodity is ineligible for loan — even if you regain beneficial interest.

Violating provisions of a marketing assistance loan may trigger administrative actions, such as assessing liquidated damages, calling the loan and denial of future farm-stored loans. The most common violations are removing or disposing of a commodity being used as loan collateral without prior authorization and providing an incorrect quantity certification.

Actively Engaged

USDA has amended the rules that govern the requirements to be 'actively engaged' in farming. These rules apply to eligibility for payments under the Direct and Counter-cyclical Program (DCP) or Average Crop Revenue Election (ACRE) program administered by FSA.

Normally the stockholder or a member of a legal entity **must** make contributions of active personal labor and/or active personal management for the farming operation. The contributions are to be performed on regular basis, must be identifiable, and separate from the contributions of others.

The exception to this rule for a stockholder or member of a legal entity only occurs when both of the following apply:

- * At least half of the interest in the legal entity is held by stockholders or members who are providing active personal labor or active personal management;
- * The total direct payments received by the legal entity and each of the members can't exceed \$40,000.

Beginning and Limited Resource Farmers

FSA assists beginning farmers and or members of socially disadvantaged groups to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- * Has operated a farm for not more that 10 years
- * Will materially and substantially participate in the operation of the farm
- * Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA
- * Does not own a farm in excess of 30 percent of the county's median size.

Additional program information, loan applications and other materials are available at your local USDA Service Center. You may visit www.fsa.usda.gov

Annual Spring Tree Sale

The Montcalm Conservation District is currently holding their annual Spring Tree Sale. They will be taking orders until the end of March with tree pickup dates scheduled for April 19th and 20th. Please call the District office at (989)831-4606 ext. 3 and they will gladly mail you a tree order form. You may also get an order form on line at www.montcalmcd.org

USDA is an equal opportunity provider and employer.
