2010 Direct and Counter-Cyclical Signup

Enrollment for the 2010 Direct and Counter-Cyclical Program (DCP) has begun and will continue through **June 1, 2010**. *There are no late file provisions.* As a courtesy, we have mailed many of the 2010 contracts. If you haven't already, please return these completed forms to the county office as soon possible before June 1, 2010. If you are unsure if you've enrolled for 2010, don't hesitate – please contact the county office.

Remember to report your crop planting by June 30. Please call for an appointment.

USDA computes DCP Program payments using base acres and payment yields established for each farm. Eligible producers receive direct payments at rates established by statute regardless of market prices. For 2010, eligible producers may request advance direct payments based on 22 percent of the calculated direct payment.

SURE Program Signup

The county office would be happy to assist you with the Supplemental Revenue Assistance Program (SURE), better known as disaster assistance for the 2008 crop year. If you had crop insurance in 2008 on all crops, including forage, please contact the office so that we can run in interim report to see if you qualify. Fruit crops applications for the SURE program are pending until the county office receives further procedural clarification.

Retirement Open House

Leslie Wills, Farm Loan Manager for Ottawa and Muskegon County is retiring after 30 years of service to the USDA. An open house is being held at the Ottawa County FSA in Leslie's honor on Wednesday, June 30 from 1:00-4:00pm. Please join us to share your well wishes.

Adjusted Gross Income (AGI)

USDA has a Memorandum of Understanding with the **Internal Revenue Service** to establish an electronic information exchange process for verifying compliance with the adjusted gross income (AGI) provisions for farm programs. Written consent will be required from each producer or payment recipient for the tax review process. No actual tax data will be included in the report that IRS sends to USDA.

The agreement ensures that payments are **not** issued to producers whose AGI exceeds program limits. The limits set in the 2008 Farm Bill are \$500,000 nonfarm average AGI for commodity and disaster programs; \$750,000 farm average AGI for direct payments; and \$1 million nonfarm average AGI for conservation programs.

Participants in programs subject to average AGI rules must submit form CCC-927 (Individual) and/or CCC-928 (Legal Entity) to the Internal Revenue Service by June 15 to avoid interruption of program benefits. These forms may be obtained from local FSA and NRCS offices or online at:

<http://forms.sc.egov.usda.gov>

<http://forms.sc.egov.usda.gov>

Maintenance of DCP/ACRE Program Acres

DCP participants are required to protect all idle contract acres from erosion and weeds. Idle fields designated as "contract acres" must have a sod cover, crop residue, or volunteer grasses. Weeds are not an acceptable cover and must be mowed. Failure to control weeds on contract acres will cost you program benefits if the COC determines the producer failed to demonstrate a good faith effort to control weeds and/or erosion.

Nominations for County Committee Open June 15

County Committee (COC) members are a critical component of the operations of Farm Service Agency (FSA). They help in the delivery of FSA farm programs at a local level, as well as, work to make FSA farm programs serve the needs of local producers.

Since County Committee elections happen once a year, here is a refresher. For election purposes, counties are divided into local administrative areas, or LAAs. Each LAA contributes one producer to serve a three-year term on the Farm Service Agency county committee.

Each year, an election is held in an LAA to replace the committee member whose three-year term is expiring. Ottawa County will be holding an election for a person to represent LAA 1 which includes Allendale, Spring Lake and Crockery Townships north of the Grand River, Polkton, Chester and Wright, and portions of Tallmadge and Georgetown east of the Grand River. This position is currently held by Wayne Hecksel. Mr. Hecksel has served 9 years which is the maximum one person can serve without a break in service, so he is ineligible to run again this year.

Nominations for candidates to run for the FSA county committee election representing producers in Local Administrative Area 1 will be accepted from June 15 through August 2, 2010.

Producers who are eligible to vote in LAA 1 and who participate or cooperate in an FSA program and are of legal voting age, may be nominated to serve on the county committee.

Individuals may nominate themselves or others as candidates. Additionally, organizations representing minority and women farmers may nominate candidates. All farmers, ranchers and other agricultural producers are encouraged to participate.

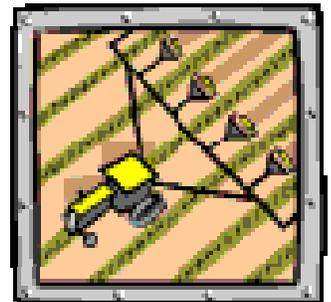

To be valid, the nomination form must be signed by the person being nominated, indicating agreement to serve if elected, and returned to the FSA county office by the close of business on August 2, or postmarked by midnight August 2, 2010.

A nomination form, FSA-669A, is included in this newsletter. More information on the elections, including nomination forms, is available at the county office or online at: <http://www.fsa.usda.gov/elections>.

Crop Reporting Time Fast Approaching

The annual reporting of acres for all crops and land uses, including failed acreage, can prevent loss of benefits for a variety of FSA programs. All cropland acres on the farm must be reported to receive benefits from the following programs:

- **Direct and Counter-Cyclical Program(DCP);**
- **Acreage Crop Revenue Election (ACRE);**
- **Marketing assistance loans and loan deficiency payments;**
- **Conservation Reserve Program (CRP);**
- **Non-insured Crop Disaster Assistance Program (NAP)**

Crop Reporting, cont. - Form FSA-578, Report of Acreage, must account for all cropland on a farm, whether idle or planted. Producers need to file their acreage reports by:

- **June 30, 2010** for fall seeded small grain crops;
- **July 15, 2010** for all crops, except fall seeded small grains.
