Farm Loan Officer:

Lynn Patrick

Program Technician:

Karen Ueberroth

CRP Sign-Up Starts May 20th

USDA will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the program can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract which is 10-15 years.

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

For more information on CRP and other FSA programs, visit a local FSA service center or www.fsa.usda.gov.

Farm Record Change

Remember to provide all changes to your farm records to the local FSA office for the current crop year. If you are changing your operation entity type, adding or dropping cropland or farms, or adding entities to your operation, contact the FSA county office to update your file.

[Read more about DCP and ACRE](#) or contact the FSA county office for more information, or an appointment to enroll.

DCP/ACRE Sign-Up Continues

The sign-up period for DCP and ACRE are still open. Producers are encouraged to sign up for DCP before the Aug. 2, 2013, deadline. An even earlier deadline is for ACRE, which will end June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in

2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

[Read more about DCP and ACRE](#) or contact the FSA county office for more information, or an appointment to enroll.

Crop Reporting

After spring planting, producers should certify their 2013 acreage. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. For crops enrolled in programs other than NAP (Noninsured Crop Disaster Assistance Program), acreage reports are to be certified by the **June 1, 2013** deadline on small grains and a **July 15, 2013** deadline on all other crops.

Acreage reports on crops covered by NAP are due in the county office by the earlier of **June 1, 2013** for small grains and **July 15, 2013** for all other crops, or 15 calendar days before the onset of harvest or grazing of the specific crop acreage being reported.

COC Election Nominations

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to ALL farmers and ranchers. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture (USDA).

County committee members are a critical component of the operations of FSA. They help deliver FSA farm programs at the local level. Farmers and ranchers who serve on county committees help with the decisions necessary to administer the programs in their counties. They work to ensure FSA agricultural programs serve the needs of local producers.

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

The COC nomination period runs from June 17, 2013 through August 1, 2013. The nomination form is available at USDA Service Centers and [online](#).

For more information contact your local FSA office.

Online Data Tool for Public

The USDA Race, Ethnicity, and Gender Program Statistics query tool, known as REGStats, is the official new tool of the United States Department of Agriculture (USDA) for making program application and participation rate data available to the public on the Internet.

The REGStats website provides summary information about the number of individuals and entities that apply for, and receive, federal assistance from four USDA agencies or mission areas – the Farm Service Agency (FSA), the Natural Resources Conservation Service (NRCS), Rural Development (RD), and the Risk Management Agency (RMA).

The information available in REGStats includes the number of applicants and recipients, by fiscal year, for USDA programs available to agricultural producers and landowners, categorized by race, ethnicity, and gender.

Summary totals may be obtained nationally, or by state and county for the 50 states, as well as the U.S. territories.

Visit the online site: <http://www.regstats.usda.gov>

Guaranteed Loan Program

The Farm Service Agency loan limit for the Guaranteed Loan Program has increased to \$1,302,000. The limit is adjusted annually based on data compiled by the National Agricultural Statistics Service.

The lending limit increases every year according to an inflation index. The maximum combined guaranteed and direct farm loan indebtedness has increased to \$1,602,000.

As a reminder, the one-time loan origination fee charged on FSA guaranteed farm ownership and operating loans is 1.5 percent of the guaranteed portion of the loan.

Producers should contact their local FSA County Offices with questions about farm loans.

Rural Youth Loans

The Farm Service Agency makes loans to rural youths to establish and operate income-producing projects in connection with 4-H Clubs, FFA and other agricultural groups. Projects must be planned and operated with the help of the organization advisor, produce sufficient income to repay the loan and provide the youth with practical business and educational experience. The maximum loan amount is \$5000.

For more information you can stop by your FSA county office. Our staff can help with preparing and processing the application forms.
