

UNITED STATES DEPARTMENT OF AGRICULTURE

Farm Service Agency
Washington, DC 20250

Acreage and Compliance Determinations 2-CP (Revision 15)	Amendment 81
---	---------------------

Approved by: Deputy Administrator, Farm Programs

Amendment Transmittal

A Reasons for Amendment

Subparagraph 19 C has been amended to recommend that FSA-578's be entered and maintained at the hundredths level.

Subparagraph 21 D has been amended to update policy to waive late-filed fees for 2014 crops with a final reporting date between October 1 and December 31, 2013.

Exhibit 6.5 has been amended to show crop/commodity reporting dates in sequential order for the crop year, rather than the calendar year. This amendment does not change any reporting dates.

19 Assisting Persons in Reporting Acreage (Continued)

C Calculating Acreage Measurements

County Offices shall follow these steps when the producer, operator, or owner provides specific data or acreage measurements and requests assistance.

Step	Action
1	Delineate subdivisions on the photocopy or map printed from the ArcGIS CLU Maintenance Tool.
2	Compute acreage from the ArcGIS CLU Maintenance Tool.
3	Remind the person reporting that acreages they provided: <ul style="list-style-type: none"> • are not official • cannot be guaranteed.
4	Emphasize the importance of providing an accurate acreage report on FSA-578.
5	Ensure that the producer: <ul style="list-style-type: none"> • reads and understands the certification on FSA-578 • understands that by signing and dating FSA-578, the producer is agreeing with this certification. <p>Note: See subparagraph 16 D for certification restrictions.</p>

Note: Calculated or measured acreage can be entered or maintained in tenths or hundredths.

--It is recommended that acreage on FSA-578 be entered and maintained in hundredths for higher precision and mitigation of rounding problems that may occur between acreage on FSA-578 and acreage in Farm Records. Managing acreage in tenths or-- hundredths on FSA-578 is at the discretion of the State Office, as long as the level of entry is consistent throughout the State. In cases where hundredths of acres are required, and acreage is only reported in tenths, a zero shall be added in the hundredths decimal place.

Exception: Tobacco and other specified NAP crop acreage **must** be entered in hundredths in all States.

21 Late-Filed Report of Acreage (Continued)

*--B Late-Filed FSA-578 for FAV History, NAP APH, CRP Cropping History, FSFL History, or 2008 SURE

A late-filed FSA-578 may be accepted after physical existence of the crop or crop residue is gone if the producer:

- is reporting acreage for establishing FAV history, APH data base for NAP eligibility purposes, cropping history for CRP purposes, FSFL history, or 2008 SURE--*
- provides acceptable evidence, to COC's satisfaction, to prove existence and disposition of the crop, according to subparagraph F.

C Late-Filed FSA-578 for Nursery and Aquaculture

FSA-578 filed after the reporting deadline for the ensuing nursery or aquacultural crop year may be accepted if all of the following occur:

- producer was prevented by circumstances beyond the producer's control from timely filing the report
- late-filed FSA-578 is for the inventory for the remaining months of the crop year
- late-filed FSA-578 is filed before the date of disaster, which is the basis for an application for payment.

Note: The acreage reporting date for:

- nursery is May 31
- aquaculture is September 30.

A late-filed FSA-578 shall **not** be accepted after either of the following:

- end of the crop year for which FSA-578 is required
- natural disaster occurs, which is the basis for an application for payment.

Note: The crop year for:

- nursery begins June 1 and ends May 31
- aquaculture begins October 1 and ends September 30.

Follow 1-NAP, Part 4, Section 2 for NAP Unit reporting requirements applicable to each kind of value loss crop.

21 Late-Filed Report of Acreage (Continued)

D Late-Filed Fees and Acreage Verification

A late-filed FSA-578 requires the assessment of a late-filed fee to verify and determine the crop, acreage, and use, except as provided below. The fee shall be equal to the measurement service fee according to paragraph 460. FSA-409 is required to be completed according to paragraph 461.

Exceptions: A late-filed fee will not be assessed, and completion of FSA-409 will not be required, for a late-filed acreage report if any of the following apply:

- FSA-578 is filed for a crop with a final reporting date between July 1, 2012, and September 15, 2013, inclusive
- ~~•~~FSA-578 is filed for a 2014 crop with a final reporting date between October 1 and December 31, 2013, inclusive~~--*~~

Notes: Field visits will **not** be required for crops with final reporting dates during this timeframe; however, RMA data and current year's NAIP imagery shall be used, when available, to verify and determine the crop, acreage, and use.

If CCC-576 is late-filed according to subparagraph 24 G in conjunction with the acreage report, a late-filed fee shall be assessed according to paragraph 460 for the late-filed CCC-576.

~~•~~Producers who late-file crop acreage after September 15, 2013, for a 2013 crop, or after January 15, 2014, for 2014 crops, are subject to late-filed provisions, unless other exceptions apply according to this subparagraph.

2014 crops with a final reporting date before October 1, 2013, and after December 31, 2013, are **not** excepted from late-filed provisions.~~--*~~

- COC determines the reason for the late-filed acreage report is beyond the producer's control
- the reason for the late-filed acreage report is for 1991 through 1995 FAV history, CRP cropping history, or to establish NAP APH-approved yield.

Note: Once the producer has an FAV history or APH-approved yield established, annual acreage reports are required by the final reporting date or a late-filed fee will be charged and physical evidence required.

Crop Reporting Dates Beginning July 1, 2012, for 2012 and Subsequent Crop Years

A Introduction

*--This exhibit lists FSA farm program crop reporting dates. The alignment of crop reporting dates is a cooperative effort among multiple USDA agencies.

See paragraph 18 for acreage reporting dates policy and paragraph 21 for late-filed FSA-578 policy.--*

* * *

B List of Crop Reporting Dates Beginning July 1, 2012, for 2012 and Subsequent Crop Years

*--The following table lists crop reporting dates for farm programs, including NAP. See paragraphs 18 and 21 for exceptions to acreage reporting dates and/or late-filed FSA-578 provisions, as applicable.

The following table provides crop/commodity reporting dates applicable to all States for applicable program eligibility.

Note: This list of ARD's may not be fully inclusive of every crop/commodity ARD applicable to all States.

States	Crop/Commodity	Date
All	Value-loss and controlled environment crops (except Nursery)	September 30
	CRP	July 15

--*

Crop Reporting Dates Beginning July 1, 2012, for 2012 and Subsequent Crop Years (Continued)

B List of Crop Reporting Dates Beginning July 1, 2012, for 2012 and Subsequent Crop Years (Continued)

*--The following tables provide crop/commodity reporting dates shown in sequential order (earliest to latest) for a crop year by State.

State	Crop	Date
Alabama	Apiculture, PRF/Perennial Forage, Onions	November 15
	Blueberries, Canola, Rapeseed, Fall Oats, Peaches, Fall Wheat	January 15
	Pecans, Potatoes (Planted 1/1-3/1)	March 15
	Sweet Corn, Potatoes (Planted 3/2-4/15), Tobacco, Tomatoes	May 15
	all other crops	July 15
Alaska	Perennial Forage, Fall-Seeded Small Grains	December 15
	all other crops	July 15
Arizona	Apiculture, PRF/Perennial Forage, Onions	November 15
	Apples, Grapefruit, Lemons, Oranges, Tangelos, Tangerines	January 15
	Pecans, Pistachios, Potatoes, Small Grains	March 15
	all other crops	July 15
	Grain Sorghum	August 15
Arkansas	Fall-Seeded Small Grains	December 15
	Apples, Grapes, Peaches	January 15
