DCP & ACRE Sign-up Deadline is JUNE 1

Sign-up for the 2011 Direct and Counter-Cyclical Payment (DCP) Program and Average Crop Revenue Election (ACRE) Program will continue until June 1, 2011. For DCP Enrollment, FSA urges producers to contact the County FSA office ASAP to complete their 2011 DCP. Eligible producers receive direct payments at rates established by statute regardless of market prices. For 2011, eligible producers may request to receive advance direct payments based on 22 percent of the direct payment. The Average Crop Revenue Election Program (ACRE) Option provides a safety net based on state revenue losses and acts in place of the price-based safety net of counter-cyclical payments under DCP. A farm's payment is based on a revenue guarantee calculated using a 5-year average state yield and the most recent 2-year national price for each eligible commodity. An ACRE payment is issued when both the state and the farm have incurred a revenue loss. In exchange for participating in ACRE, a farm's direct payment is reduced by 20 percent, and marketing assistance loan rates are reduced by 30 percent. The decision to enroll in the ACRE Program is irrevocable. The owner of the farm and all producers on the farm must agree to enroll in ACRE. Once enrolled, the farm shall be enrolled for that initial crop year and will remain in ACRE through the 2012 crop year. Visit www.fsa.usda.gov/dcp or contact the local FSA county office for additional information on the ACRE program.

2009 SURE Sign-up Deadline is JULY 29

Signup for the SURE program for the 2009 Crop Year began on Jan. 10, 2011 and will end on **July 29, 2011**. To be eligible for SURE a producer must have at least a 10 percent production loss on a crop of economic significance and a policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP) for all economically significant crops. Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage. Producers that have a farming interest physically located in a county that was declared a primary disaster county by the Agriculture Secretary under a Secretarial Disaster Designation or a contiguous county and meet the above criteria are eligible for SURE. All but three counties - Carter, Fallon and Powell - were designated as a primary or contiguous disaster county in 2009. Last fiscal year, Montana administered more than \$36 million in SURE funding for the 2008 crop year. In the absence of the Secretarial Disaster Designation producers may be eligible if they suffer at least a 50% production loss on the entire SURE farm due to a natural disaster.

Nomination Form for County FSA Committee Election: Below is a nomination form for the 2011 County Committee Election that will be held in early November to Dec. 5, 2011. Persons nominated should actively participate in the operation of a farm or ranch and be well qualified for committee work. A producer is eligible to be a County FSA committee member if the producer resides in the Local Administrative Area (LAA) that is up for election. Check with the county office to determine if you or the nominee is eligible. Duties of county committee members include administering farm program activities conducted by the County FSA Office, informing farmers of the purpose and provisions of the FSA programs, keeping the State FSA Committee informed of LAA conditions, monitoring changes in farm programs, participating in county meetings as necessary and performing other duties as assigned by the State FSA Committee. Completed and signed form(s) must be delivered to the FSA County Office or postmarked no later than Aug. 1. Questions: call or visit the county office.

2011 Prevented Planting Final Report Date

If you intended to plant crops/acres this spring and were prevented from planting due to a natural disaster, you must file a CCC-576, Notice of Loss, within 15 calendar days of the final planting date for the crops/acres with FSA. The final planting date for most crops in Glacier County is May 31, 2011. If you were prevented from planting insurable crops then please report to your crop insurance agent also. If a request for prevented planting is not filed within 15 calendar days of the final planting date, it is considered late filed and will require a minimum of \$46 to have an on-site inspection completed to determine that the natural disaster condition was evident. If the disaster condition that prevented the crop from being planted is no longer apparent, then the FSA-576 will be denied and no benefits will be applicable. If you have insured crops that were prevented planted then you may be required to provide proof that you filed for prevented planting credit with crop insurance. The COC may also request that you provide receipts or invoices showing you had inputs (seed, chemical, fertilizer, etc.) available to plant the acres claimed as prevented to establish your intent of planting. It is important that the FSA-576 be timely filed and approved for a possible 2011 crop disaster program (SURE) or for acreage history credit. Approved preventive planted acreage may also be eligible for ACRE payments.

Livestock Indemnity Program

The Livestock Indemnity Program (LIP) provides assistance to eligible livestock owners and contract growers for eligible livestock deaths in excess of normal mortality due to an eligible adverse weather condition. For 2011 losses, producers must file a notice of loss *the earlier of* 30 calendar days of when the loss of livestock was apparent to the participant or October 31, 2011. A notice of loss can be reported to the office by phone, fax, or e-mail. To be considered eligible, livestock must have died between January 1 and October 1, 2011, AND a FSA field visit must be made to determine cause of death. An Application for Payment may be filed at any time in 2011, but must be filed no later than 30 calendar days after the end of the calendar year in which the loss of livestock occurred. Please contact the office for additional eligibility requirements. A list of eligible livestock is available at www.fsa.usda.gov/mt.

Current USDA Settlements and Non-Judicial Claims Process:

Native American Farmers & Ranchers Settlement Agreement

If you are a Native American who was denied a Farm Loan or Loan Servicing by the USDA between Jan. 1, 1981 and Nov. 24, 1999, you may be eligible for benefits from a Class Action Settlement. To request a Claims Package or for more information, call 1-888-233-5506 or visit www.IndianFarmClass.com.

Non-Judicial Claims Process for Hispanic & Women Farmers & Ranchers

If you believe that USDA improperly denied farm loan benefits to you between 1981 and 2000 because you are Hispanic, or because you are female, you may be eligible to apply for compensation. To register your name to receive a claims packet, call the Farmer and Rancher Call Center at 1-888-508-4429 or visit: www.farmerclaims.gov.

NRCS NEWS - Soil or Gravel Removal and Other Land Changes

— Caution - you wish to plant an agricultural commodity on any land where any soil or gravel has been removed, please work with the local NRCS and FSA offices in advance to avoid the possibility of any non-compliance and loss of benefits. If you are scheduled to install any conservation practices through an NRCS program, where the practice is buried in the soil this summer:

Please ensure:

- Call 811 before you dig. Write the ticket number down and provide to NRCS.
- Obtain the proper permits and easements.
- Follow the approved designs and specifications.

To be eligible for USDA benefits, all producers planting agricultural commodities on predominantly highly erodible fields are required to do so according to the provisions of an acceptable conservation system/plan to ensure adequate residue exists. The NRCS can assist you in developing an approved conservation system/plan, if applicable, for the farm. Call NRCS (338.3153-Browning/873-4292-Cut Bank) when/before you start!

The Sign-up Deadline for 2012 NRCS programs (EQIP, WHIP & CSP) is June 1st, 2011 contact our Browning or Cut Bank office for more information!!

IMPORTANT REMINDERS THAT CAN COST YOU \$:

SODBUSTING – Breaking native grass (sod) requires some extra paperwork that should be completed before putting a plow to the ground. You must stop into FSA and complete an AD-1026 along with a plan as to how you intend to break the land and bring it into crop production. If you have already plowed up the field, call FSA/NRCS **BEFORE YOU PLANT IT!** NRCS will take the information you provide and determine if you will have any issues with HEL compliance before you seed the field.

NON-Compliance with Highly Erodible Provisions (HEL) will make you ineligible for payments and loans from FSA!

WETLANDS- With our wet start to this spring many potholes are full of water. As these wet areas dry up they can be farmed under natural conditions, although **YOU CANNOT** put a new drain or other man made drainage to remove the water from the wet area, doing so can make you ineligible for any USDA Farm programs, even if you do not plant the wetland. If you have a problem with wet areas please contact the NRCS office to discuss your options **BEFORE** you do ANYTHING!

*****Montana FSA Newsletter Notice *****

Non-active agriculture producers must "opt-in" to receive future newsletters

Effective March 1, 2011, the Montana Farm Service Agency has issued a new newsletter policy geared toward improving FSA newsletter delivery and efficiency to the individual farmers, ranchers and agriculture community. FSA newsletters will continue to be sent to active agriculture producers as determined by the county FSA offices. No action is needed for active producers unless your household or business is receiving duplicate newsletters in which case you should inform your local county FSA office. If you are not an "active" producer but are a landowner or are interested in receiving or continuing to receive a FSA newsletter, you must inform your local county office that you'd like to "Opt-in" and be added to the newsletter mailing list. In addition, you can choose to receive your newsletter electronically. Each newsletter not mailed saves the agency and taxpayer \$0.39.

To request an electronic newsletter be emailed to you, please contact the county FSA office.
