2011 Acreage Reports due by July 15

Acreage reports must be filed for all cropland on the farm before any 2011 DCP or ACRE payments can be made or before eligibility can be established for marketing assistance loans and LDPs. Participants in CRP and NAP must also report the specific acreage for which benefits are being requested. Additionally, to be eligible for benefits under the SURE program, all crops in all counties must be reported, including non-cropland that will be hayed and/or grazed. The deadline for submitting a timely filed acreage report is July 15, 2011. Producers are reminded that filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

FSA Disaster Assistance programs available

FSA would like to remind crop and livestock producers that have recently experienced severe damage from natural disasters that FSA programs are available to assist with recovery. FSA administers several important programs that help producers recover from disaster damage and livestock deaths. Among the key programs available to address impacts from disasters are the Emergency Conservation Program (ECP), the Livestock Indemnity Program (LIP), Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP), the Noninsured Disaster Assistance Program (NAP), Supplemental Revenue Assistance Payments (SURE) Program and the Emergency Loan (EM) Program. Fact sheets for all of these programs can be found at www.fsa.usda.gov; click on Newsroom, then Fact Sheets, or on the state website at www.fsa.usda.gov/mt, under Programs.

SURE Sign-Up Continues for 2009 Crop Year, July 29 Deadline

Signup for the Supplemental Revenue Assistance Payments Program (SURE) for the 2009 Crop Year began on Jan. 10, 2011 and will end on **July 29, 2011**. To be eligible for SURE a producer must have at least a 10 percent production loss on a crop of economic significance and a policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP) for all economically significant crops. Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage. Producers that have a farming interest physically located in a county that was declared a primary disaster county by the Agriculture Secretary under a Secretarial Disaster Designation or a contiguous county and meet the above criteria are eligible for SURE. All but three counties - Carter, Fallon and Powell - were designated as a primary or contiguous disaster county in 2009. In the absence of the Secretarial Disaster Designation producers may be eligible if they suffer at least a 50% production loss on the entire SURE farm due to a natural disaster.

*****Montana FSA Newsletter Notice*****

Non-active agriculture producers must "opt-in" to receive future newsletters

Effective March 1, 2011, the Montana Farm Service Agency has issued a new newsletter policy geared toward improving FSA newsletter delivery and efficiency to the individual farmers, ranchers and agriculture community. FSA newsletters will continue to be sent to active agriculture producers as determined by the county FSA offices. No action is needed for active producers unless your household or business is receiving duplicate newsletters in which case you should inform your local county FSA office. *If you are not an "active" producer but are a landowner or are interested in continuing to receive a FSA newsletter, you must inform your local county office that you'd like to "Opt-in" and be added to the newsletter mailing list.* In addition, you can choose to receive your newsletter electronically. Each newsletter not mailed saves the agency and taxpayer \$0.39. To request the electronic newsletter be emailed to you, please contact your county FSA office

2011 COC Election Nominations

The election of agricultural producers to FSA county committee starts with the nomination of eligible candidates. To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. A copy of the form is above. Nomination forms for the 2011 election must be postmarked or received in the local USDA Service Center by close of business on Aug. 1, 2011. LAA2 (Bell Crossing South to Hamilton Heights) is up for election this year – Henry Tintzman is the incumbent. Agricultural producers who participate or cooperate in an FSA program may be nominated for candidacy for the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records. Duties of county committee members include administering farm program activities conducted by the County FSA Office, informing farmers of the purpose and provisions of the FSA programs, keeping the State FSA Committee informed of LAA conditions, monitoring changes in farm programs, participating in county meetings as necessary and performing other duties as assigned by the State FSA Committee.

Cash-rent Tenant:

A cash-rent tenant rule applies to any producer that rents land from another producer for cash or a crop share guaranteed as the amount of the commodity to be paid in rent. The rule also applies to any producer who rents land for zero dollars or who farms the land in exchange for compensation other than cash, such as controlling weeds on land not owned, or barter arrangements. Any cash-rent tenant shall be ineligible to receive payment unless the cash-rent tenant makes a significant contribution of active personal labor to the farming operation; or a significant contribution of active personal management **and** a significant contribution of equipment. A cash-rent tenant must also meet all applicable requirements to be considered “actively engaged in farming.”

Loan and LDP Programs:

Marketing assistance loans provide producers interim financing at harvest time to meet cash flow needs without having to sell eligible commodities when market prices are typically at harvest-time lows. Marketing assistance loans are 9-month loans with the commodity pledged as collateral for the loan. Producers can settle their loan during the 9-month period by selling the commodity and repaying the principal plus accrued interest or by forfeiting the commodity to the Commodity Credit Corporation (CCC). Under certain circumstances, market loan repayment provisions specify that producers may repay loans at less than principal plus accrued interest and other charges. Alternatively, a producer who is eligible to receive a marketing assistance loan may agree to forgo the loan and instead obtain a loan deficiency payment (LDP) on their crop. LDPs allow the producer to receive a payment when the alternative repayment rate posted for a commodity is below the loan rate for that commodity. For a commodity to be eligible for a marketing assistance loan or an LDP, the producer must have beneficial interest in the commodity and meet other eligibility requirements. A producer has beneficial interest in a commodity if he or she has title to and control of the commodity. Producers may obtain marketing assistance loans or receive LDPs on all or part of their eligible production anytime during the loan availability period. The loan availability period runs from when the commodity is normally harvested (or sheared for wool and mohair) until specified dates in the following calendar year. Contact your local FSA office for more information.

Planting Fruits and Vegetables or Wild Rice:

Planting fruits, vegetables, or wild rice on base acres may adversely affect your program benefits. Please contact this office before you plant or lease land for production of fruits, including nut trees, vegetables or wild rice, to discuss acreage reporting requirements, prevention of possible violation of program provisions, payment reductions, and severe penalties.

Debarment:

Individuals convicted of a felony involving fraud in USDA programs must be permanently debarred from participation in any USDA programs with the exception of domestic food assistance programs. Debarment may be reduced to a period of not less than 10 years. In addition, these individuals can be debarred for 3 years from participation in any federal programs with limited exceptions.

Controlled Substance

Any person who is convicted under federal or state law of a controlled substance violation could be ineligible for USDA payments or benefits. Violations include planting, harvesting or growing a prohibited plant. Prohibited plants include marijuana, opium, poppies and other drug producing plants.

Annual Notice of Payment Eligibility to Producers:

USDA payments and benefits are subject to producer eligibility and limitation provisions as defined by law. FSA program benefits may not be provided to any producer until the applicable payment eligibility determinations are made. A producer will remain ineligible until all required forms for the specific situation are provided. Payment Limitation/Eligibility determinations may be initiated by the FSA County Committee or requested by the producer. Once completed, documents and forms to determine eligibility are reviewed for the year submitted. A farm operating plan (payment eligibility and payment limitation form CCC-902) is not required to be filed annually if the farming operation continues to be conducted as reflected on the farm operating plan (CCC-902), and supporting documents are on file in the County Office. However, if any changes occur that could affect an “actively engaged in farming,” “cash-rent tenant” or “average adjusted gross income” determination, producers must timely notify the County Office by filing revised farm operating plans and/or supporting documentation. Failure to do so may adversely affect the producer’s payment eligibility. All payment eligibility forms (CCC-902) submitted by a producer are subject to spot check through the End-of-Year Review process. Farming operations selected for an End-of-Year Review will be required to submit documents to verify their contributions of capital, land, equipment, labor, and management. Please contact the County Office for questions concerning documents to be submitted. Individuals, joint operations, or entities which are determined to be “not actively engaged in farming” will be ineligible for Direct and Counter Cyclical (DCP) Payments. The limitation for the following programs is per “person” per fiscal year. Under the Direct and Counter Cyclical Program (DCP) and Average Crop Revenue Election Program (ACRE), direct payments are limited to \$40,000; and counter cyclical payments and ACRE payments are limited to \$65,000; Conservation Reserve Program (CRP) payments are limited to \$50,000; Non-Insured Assistance Program (NAP) payments are limited to \$100,000. SURE will pay up to \$100,000 annually including any benefits received from LIP, LFP and ELAP.

Farm Loans for Minority Groups:

FSA can make direct and guarantee loans to groups considered as minorities under USDA definition. These groups include women, African Americans, American Indians, Alaskan Natives, Hispanics, and Asian Americans and Pacific Islanders. Funds can be used to buy and operate family-sized farms and ranches. Individuals and entities primarily and directly engaged in farming and ranching on family-sized operations may apply. A family-sized farm is considered to be one that a family can operate and manage itself. Applicants must meet all requirements for FSA’s regular farm loan program assistance. Contact the FSA office for exact criteria. Repayment terms for direct operating loans depend on the collateral securing the loan and usually run from 1 to 7 years. Interest rates for direct loans are set periodically according to the Government’s cost of borrowing. Repayment terms for direct farm ownership loans are up to 40 years. Interest rates for guaranteed loans are established by the lender. Applications for direct loans are made through the local FSA office. Applications for guaranteed loans are made with the lender.

Change in Direct Deposit Account:

The Debt Collection Act of 1996 mandates that payments from FSA be directly deposited into a producer’s checking or savings bank account. It is important that any change in the producer’s account such as type of account, bank mergers, routing number or account numbers be provided to the county office promptly to avoid possible payment delay.

Thousands of Montana FSA participants urged to submit consent forms to IRS to maintain eligibility for 2009 and future years' program benefits

Roughly 5,000 Montana agricultural producers and members of entities who participated in USDA Farm Service Agency (FSA) programs in 2009 and 2010 who have not submitted consent forms to the Internal Revenue Service (IRS) are urged to do so now or they will not receive future USDA program benefits. Producers who fail to submit the consent forms to the IRS can be required to repay full program benefits received indirectly or directly since 2009, Montana FSA Acting State Executive Director Richard "Dick" Deschamps said in a statewide news release on June 3.

The consent form authorizes IRS to calculate a payment recipient's average adjusted gross income (AGI) and provide FSA an indicator of whether the payment recipient's average AGI meets or exceeds the limitation amounts for FSA programs. Producers who participated in 2009, 2010, and/or 2011 FSA programs subject to AGI had to certify compliance with AGI rules on form CCC-926. As part of the compliance process, individuals must submit consent form CCC-927 to the IRS and legal entities must submit consent form CCC-928 to the IRS, which are available at county FSA offices and online on the state FSA website at www.fsa.usda.gov/mt. The form became a requirement for payment eligibility beginning with the 2009 crop year, however many program participants have not complied with this requirement. On Oct. 6, 2010, a letter was mailed to participants who certified AGI compliance who have not submitted consent forms for 2009 and 2010. The deadline to submit the forms to IRS for 2011 was June 1st, 2011.

"For 2009, 2010 and 2011, the deadline has passed, but individuals and legal entities, including members of entities, regardless of whether they received program benefits directly or indirectly, who have not submitted the form to IRS for any of these years, need to do so immediately in order to avoid a demand for refund of program payments and benefits received," Deschamps. "Even if these producers do not normally file federal income taxes, they must still submit the appropriate CCC-927 or CCC-928. If you're unsure if you have submitted the appropriate form, you can contact your local county FSA office to see if you're on the list."

FSA is aware that in some instances such as Native American participants with little federally reportable income, or individuals and entities that are members of participating entities and have little or no IRS-reportable income on their own, who may not file federal taxes and may have had their CCC-927 or CCC-928 rejected by the IRS as a result. If individuals filed CCC-927 or CCC-928 and it was rejected because of lack of income data, please contact your FSA county office and provide them with a copy of the rejected form and IRS letter. For more info, contact your FSA county office.
