228 **Reviewing Contracts (Continued)**

**B Certification of Verbal or No Written Contract (Continued)**

CCC-491 shall be completed according to the following instructions. Producer completes entries for items 1-9C. FSA may assist with completing items 1 through 4.

Item	Instruction
1 - 4	Enter the crop year, LDP or loan number, as applicable, and the FSA State/County Code for the office where the loan/LDP is being processed.
5	Producer enters name and address.
6	Producer enters phone number.
7	Producer enters the commodity for which the loan/LDP is requested.
8	Producer enters the terms of the verbal contract about beneficial interest.
9A - C	Producer or producer's representative: <ul style="list-style-type: none"> <li>●*--signs in item 9A</li> <li>● if applicable, enters in item 9B representative's relationship to the producer</li> <li>● enters the signature date in item 9C.--*</li> </ul>
10A - C	FSA signs, enters title, and signature date.

**C Verbal Contract**

If the producer certifies to a verbal contract, the producer may be required to enter the terms and conditions of the verbal contract in the space provided on the certification in subparagraph B.

**D County Office Review**

When a contract or lease review is necessary, County Offices, **before** approving a loan or LDP for commodities subject to market loan provisions, shall:

- determine whether the requirements of beneficial interest or succession of interest are complied with
- review all options to purchase and sales contracts provided according to subparagraph A
- determine the date the producer would be considered to have lost beneficial interest
- determine whether the producer has retained beneficial interest in the commodity according to subparagraph 227 F.

For any option to purchase or sales contract on which a determination cannot be made, send a copy of the option to purchase or sales contract to the State Office for a determination according to paragraph 229.

**230 Eligible Quantity**

**A Determining Eligible Quantity**

[7 CFR 1421.8] All applicable commodity produced on eligible acreage by an eligible producer and mechanically harvested is considered eligible for loan or LDP.

**B Using Crop Appraisals**

If a producer has applied for crop insurance indemnity or NAP on the acreage related to the disaster, the crop appraisal on file **must** be used when determining the maximum eligible quantity for commodities harvested as other than grain for loans or LDP's.

**C Exception for Using Crop Appraisals**

COC's may determine maximum eligible quantity determinations by using other methods according to subparagraph 336 C.

## 230 Eligible Quantity (Continued)

**D Determining Eligible Dry Pea Quantity for Loan or LDP**

MAL's and LDP's for dry peas will be based on net weight excluding nonpea material. Nonpea material consists of foreign and other material.

Producers must submit production evidence that indicates net weight has been reduced for foreign and other material.

**Example:** Producer requested LDP on 7,000 cwt. of marrowfat peas at \$2.68 (LDP rate). The settlement sheet includes:

- the statement, "Sample contains 97.5 percent of whole broken or pieces of peas."
- dockage breakdown: small peas, 2.0 percent; splits, 1.8 percent; other material, 1 percent
- defects and foreign material breakdown: foreign material, 1.5 percent; bleached, 86.2 percent.

The quantity will be reduced by 2.5 percent (foreign and other material **only**). The producer would receive LDP for \$18,291 based on 6,825 cwt. (97.5 percent of 7,000 cwt) x \$2.68 (LDP rate).

**E Establishing Yield Estimates**

COC shall:

- \*--annually, in close proximity to harvest of price support commodities grown in the county:

- document the beginning of harvest
- determine reasonable maximum yields for each commodity based on crop and weather conditions in the county--\*

**Note:** A 3-5 year average of NASS yields could be used as a guide when establishing yields. The State Office may require a review of COC yields to determine reasonableness.

- \*--document both determinations in COC minutes--\*
- review questionable applications.

**231 Poisonous Substances and Contamination**

**A Contaminated Commodities**

[7 CFR 1421.5(c)] A producer is personally liable for any damages resulting from tendering, to CCC as loan collateral, commodities that contain:

- mercurial compounds
- toxin producing molds, such as aflatoxin
- other substances poisonous to humans or animals.

Illegally contaminated and nonmarketable commodities that test positive are **not** eligible for loan or LDP.

All contaminated commodities **must** be merchantable to be eligible.

**\*--Note:** FDA considers both unharvested commodities and harvested commodities in storage that are exposed to flood waters as not acceptable for human consumption or use in animal feed. These commodities may contain chemical contaminants, are susceptible to the development of mold and toxins, and are **not** eligible for loan or LDP.--\*

**B Acceptable Levels for Aflatoxin and Vomitoxin**

This table provides the acceptable levels for toxins.

Contaminant	Acceptable Level
Aflatoxin in corn	20 parts per billion or less.
Vomitoxin	5 parts per million or less.

See Part 5 for applicable county loan rates.

231 **Poisonous Substances and Contamination (Continued)**

**C Monitoring Corn Containing Aflatoxin**

In areas of the State where it is determined that the corn may contain aflatoxin, STC shall:

- designate affected areas each crop year, as applicable
- monitor the aflatoxin situation
- notify DAFP when the first area in the State is designated.

Producers who request farm- or warehouse-stored corn loans in the designated areas shall, **before** disbursement of the loan:

- have the corn tested for aflatoxin at the producer’s expense
- provide the County Office with the results of the aflatoxin test.

If the test results indicate the aflatoxin level is:

- 20 parts per billion or less, the loan may be disbursed as nonrecourse, according to Part 5, as applicable, if the corn is otherwise eligible for a nonrecourse loan
- more than 20 parts per billion, a loan may be disbursed as nonrecourse using the applicable adjusted county loan rate according to paragraph 520.

**D Commodities Containing Vomitoxin**

This table provides policies and procedures for commodities containing vomitoxin.

<b>IF...</b>	<b>AND contains vomitoxin of...</b>	<b>THEN County Offices shall...</b>
producers indicate a commodity was tested	5 parts per million or less	disburse loans as nonrecourse according to Part 5, if the commodity is otherwise eligible.
	more than 5 parts per million	disburse loans as nonrecourse using the applicable adjusted county loan rate according to paragraph 520.
nonrecourse loan is delivered to CCC	5 parts per million or less	base the settlement rate on the quality of the commodity as shown on the warehouse receipt.
	more than 5 parts per million	use a zero settlement rate.

## 233 Loans Ineligible for Delivery or Forfeiture (Continued)

### D Insufficient Value or Excess Sales Price

If the settlement value was insufficient to clear the amount owed on the loan, establish the receivable in NRRS.

If the sales price exceeds the amount needed to repay principal and charges plus interest on the loan, the excess shall be for:

- recourse loans, refunded to the producer
- nonrecourse loans, retained by CCC.

## 234 Second Party Reviews

### A Reviews

A second party review of eligibility requirements for CCC-633WM's, CCC-677's, CCC-678's, and CCC-633 EZ, pages 1 through 5, as applicable, shall be performed **before** disbursement. Reviewer **must** initial CCC-677 or CCC-633WM, as applicable for farm-stored loan, CCC-678 for warehouse-stored loan, or LDP application, when review is completed.

\*--The second party reviewer shall also check that the correct loan or LDP rate is used on all bins and/or receipts on each loan or LDP. The correct rate is determined according to paragraphs 506 and 1004.--\*

**Before** a loan or LDP is issued, CCC-770 MAL or CCC-770 LDP/eLDP **must** be completed according to paragraph 23.

### B Approving Reviews

If the program technician accepts MAL or eLDP/LDP request, then he/she will **not** initial as the second party reviewer.

It is recommended that CED's in 2-person County Offices:

- initial as second party reviewer
- sign as approving official, as designated by COC.

**235 Commodities From ACRE-Elected Farms****A Commodities Harvested from ACRE-Elected Farms**

The ACRE Program reduces applicable (county, regional, or national) loan commodity rates by 30 percent if producers on a farm make the irrevocable decision to elect participation in the ACRE Program, at any time during 2009 through 2012.

Commodities harvested from an ACRE-elected farm will have a 30 percent reduction in MAL rates.

**Notes:** The applicable loan repayment option (the lesser of loan rate principal plus interest, 30-day, or alternative rate) will **not** be similarly adjusted with a 30 percent reduction to calculate the applicable CCC-determined value (PCP, regional county price, national posted price, or AWP).

\*--The loan rate used to determine LDP rates on ACRE elected farms will be reduced by 30 percent, accordingly.--\*

Commingled commodities harvested from ACRE and non-ACRE elected farms must be placed under separate loans.

Warehouse stored ACRE commodities require separate warehouse receipts.

If ACRE and non-ACRE production cannot be distinguished separately, then the entire quantity is subject to the 30 percent reduction in MAL rates.

Wool, mohair, and honey are **not** subject to ACRE provisions.

**320 Producer Requests for Redetermination of Quantity or Quality****A Requests for Redetermination**

A producer may request redetermination of quantity or quality if the producer disagrees with the:

- quantity determined
- quality determined.

**B Producer Action**

The producer shall:

- make a written request that a redetermination be made for:
  - quantity measured
  - test weight and moisture
- pay for the measurement service.

**C County Office Action**

When redetermination requests are received and producers have complied with subparagraph B, County Offices shall:

- remeasure and redetermine the quantity or quality, as applicable
- apply the test weight, combined test weight and pack factors (Exhibit 17), and moisture shrink, as applicable, on remeasurements.

**D Results of Redetermination**

County Office shall review results of redetermination. When the remeasured quantity indicates the quantity or quality determined on the initial spot check was incorrect, County Offices shall:

- refund the producer's measurement service fee collected according to subparagraph B
- remove the producer's name from the list of loan and LDP violators, if a violation had previously been determined based on the initial spot check.

**\*--321 Loan Maturity Date Acceleration and Loans Called Before Maturity**

**A Accelerating Loan Maturity Date and Calling Loans Before Maturity--\***

COC may authorize and call farm-stored loans, accelerating the maturity date on an individual basis **before** the established maturity date when necessary, to protect CCC's interest or in emergency situations.

**Examples:** Uncontrollable insect infestation.

Danger of flood or fire.

Damage to the structure or other condition that makes it unsafe to continue storage on the farm.

Involuntary loss of control of the storage structure.

**B Notifying Producer**

Notify producers using the notification of a loan call letter, according to Exhibit 11, subparagraph O, that:

- the loan, or part of the loan, if applicable, is immediately due and payable because CCC's interest is not protected
- amounts due must be paid, with cash, on or before the accelerated maturity date
- commodities for nonrecourse loans may be delivered to CCC
- commodities for recourse loans, if not repaid, will be sold.

**\*--321 Loan Maturity Date Acceleration and Loans Called Before Maturity (Continued)--\*****C Action When Producer Does Not Repay**

If the producer fails to make the requested repayment by the accelerated maturity date, the County Office shall, **immediately** after the accelerated maturity date, for a:

- nonrecourse loan:
  - authorize delivery on CCC-691
  - issue demand letter according to Exhibit 11, subparagraph A, “farm-stored nonrecourse loan” and “warehouse nonrecourse loan”
  - handle delivery in the normal manner
  - record settlement according to 12-PS.
- recourse loan:
  - follow local sale procedures according to Part 8 and Exhibit 11, subparagraph A, “recourse loan” and “distress loan”
  - transfer loan from APSS using the “Transfer to Claims” option in 12-PS
  - establish a receivable in NRRS according to 64-FI to match the amount on the Transfer to Claims Report
  - issue announcement of sale according to paragraph 858
  - apply sales proceeds to the NRRS-established receivable.

**D Deducting Storage Charges**

When a nonrecourse loan is called before maturity, make a storage deduction as a separate item instead of reducing the settlement rate.

APSS will determine storage charges:

- through the loan maturity date
- when “Y” is entered in response to “Are storage charges for early delivery applicable?”
- from the appropriate offer shipping rate table.

**Exception:** County Offices shall **not** make a storage deduction when deliveries of farm-stored commodities are called by CCC under general acceleration of the loan maturity date for a particular geographic area.

**\*--321 Loan Maturity Date Acceleration and Loans Called Before Maturity (Continued)--\***

**E Additional Action**

If the loan has not been liquidated by repayment or delivered by the specified final date, County Offices shall take steps to acquire the commodity by foreclosure according to paragraph 866.

If the producer appeals the loan call, follow paragraph 20.

**322 Loan Collateral Storability Questioned**

**A Producer's Responsibility**

The producer is responsible for any loss in quantity and quality of the commodity placed under farm-stored nonrecourse or recourse loan.

CCC shall **not** assume any loss in quantity or quality for any reason.

**\*--Note:** This includes commodities under loan that are affected by flood waters. See note in subparagraph 231 A.--\*

**B Action When Collateral Storability Is Questioned**

When it is reported or determined the nonrecourse or recourse loan collateral storability is questioned, the County Office shall, as applicable:

- immediately spot-check the commodity
- draw samples of the commodity to verify the condition
- notify the producer of **all** of the following:
  - condition of the collateral, using the letter in Exhibit 11, subparagraph M
  - if the condition of the collateral can be corrected, to correct the problem within 30 calendar days
  - if the condition of the collateral **cannot** be corrected, the loan shall be called according to paragraph 321.

410 Determining Administrative Actions (Continued)

C Good Faith Not Determined or Multiple Violations Are Applicable

If COC cannot determine the producer acted in good faith when the violation occurred, or if the producer has more than 2 loan or LDP violations in the previous 24 months, COC shall:

- demand payment of liquidated damages assessed according to paragraph 412

\*--**Note:** Only STC or DAFP has the authority to waive liquidated damages when lack of good faith is determined.--\*

- for loans:
  - call the applicable loan involved in the violation
  - demand repayment of any market gain previously realized on the loan, plus interest according to subparagraph F

**Note:** If the producer repays the previously realized market gain, interest, and liquidated damages, then County Offices shall **not** send the demand letter.

- for LDP's, demand repayment of entire LDP amount plus interest.

**410 Determining Administrative Actions (Continued)****D Determining the Offense**

The number of violations during a 24-month period is used in determining the applicable offense.

**Example:** To be considered as a first offense, the producer must not have had any loan or LDP violations in the 24 months previous to the current violation.

**Notes:** If 1 or more loan or LDP violations are determined for the same producer during the same spot-check selection, and only if production evidence is provided for all loans or LDP's spot-checked, consider only 1 offense to have occurred.

A second offense may be determined if a shortage exists for any loan or LDP spot-checked when production evidence is submitted at a later date.

If the producer is a multi-county producer, County Offices shall include violations that occurred in other counties when determining the number of violations that occurred within the 24-month period.

\*--The liquidated damages penalty for **all** violations is 10 percent. Until the MAL software is moved to a web based system, enter all violations as the first offense to correctly calculate the 10 percent liquidated damages.--\*

## 412 Assessing Liquidated Damages

### A Calculating Liquidated Damages

For loan and LDP violations, calculate liquidated damages by multiplying the quantity involved in the violation times 10 percent of the loan or LDP rate.

**\*--Note:** The liquidated damages penalty for **all** violations is 10 percent. Until the MAL software is moved to a web based system, enter all violations as the first offense to correctly calculate the 10 percent liquidated damages.--\*

### B Authority to Waive Liquidated Damages

[7 CFR 1421.109] COC's may grant relief by waiving **any or all** of the liquidated damages determined according to subparagraph A when COC determines good faith and both of the following apply:

- violation occurred inadvertently, accidentally, or unintentionally
- first or second offense.

STC's:

- shall establish written guidelines for determining when a violation occurred inadvertently, accidentally, or unintentionally
- shall ensure that COC's are following STC guidelines and making equitable determinations based on the merits and facts involved in the violation
- may grant relief on a case-by-case basis by waiving **any or all** of the liquidated damages for both good faith and lack of good faith determinations, as long as the dollar amount falls within their authority.

### C Canceling Liquidated Damages

Liquidated damages not waived cannot be canceled.

**413 Special Provisions for Unauthorized Disposition or Flagrant Incorrect Certification Cases****A COC Action**

For each violation for unauthorized disposition or flagrant incorrect certification cases, COC shall:

- submit a memorandum to SED summarizing the situation that includes **all** of the following:

- all actions COC has taken to date

**Note:** COC shall notify producer of violation according to subparagraph 401 B. An appeal hearing may be held, but do not determine good faith or waive liquidated damages until notified by SED of OIG action. COC shall notify producers of demand for payment according to subparagraphs 410 F or G when notification is received from SED.

- copies of documents about the violation, as appropriate, including a **complete** copy of the loan file
- meet with producers if they appeal, but do **not** make a good faith determination or waive liquidated damages before receiving notification from the State Office indicating OIG action

**Note:** COC shall assume good faith **cannot** be determined when notifying the producer.

- **not** make recommendation as to whether an investigation is warranted
- **not** acknowledge that an investigation may be conducted or provide any other information to anyone, including the producer, unless authorized by OIG.

## 504 Lien Searches

## A General Information

[7 CFR 1421.104] Lien searches shall be performed in the appropriate recording official's office according to State law for:

- **all** loan requests that meet the criteria in subparagraph B, **except** loans made to CMA's, DMA's, and LSA's, according to subparagraph D
- warehouse-stored collateral transferred to farm storage.

**Note:** Lien searches are **not** required for Federal and State tax liens or judgments; however, if the office is notified of either, then a search for Federal and State tax liens is **\*--required**. A Federal Tax lien listed on a lien search is considered notification, and CCC-679 is required.--\*

For multi-county producers, the loanmaking County Office shall perform or obtain lien searches at the appropriate location according to State law.

Contact the regional attorney, through the State Office:

- when assistance or advice is needed
- for assistance when any of the following conditions apply:
  - producer has farming operations in more than 1 State
  - commodity is stored in another State
  - commodity is moved to another State during the loan period.

\*--When requesting lien searches, States and counties shall follow specific search instructions from their appropriate State recording official to ensure that all liens on the requested producer are listed.--\*

504 Lien Searches (Continued)

**B Criteria for Performing Lien Searches and File UCC-1's**

County Offices shall perform lien searches and file UCC-1's according to the following.

Loan Amount / Loan Type	Perform Lien Searches		UCC-1 or Applicable Financing Statement	
	Yes	No	Yes	No
<b>&lt; \$50,000</b>				
Farm-Stored		X	X	
Warehouse-Stored		X		X
<b>= or &gt; \$50,000</b>				
Farm-Stored	X		X	
Warehouse-Stored	X			X

**Note:** If performing lien searches is a free service provided through the State, lien searches may be performed on all loans regardless of the dollar amount.

County Offices shall perform lien searches and perfect the security interest, regardless of the loan amount, if **any** of the following applies:

- producer is, at the time of the loan request, either of the following:
  - involved in a bankruptcy
  - under investigation by OIG
- producer committed a MAL/LDP violation in the current or preceding crop year
- CCC is notified by the producer, lending institution, or lienholder that a lien exists on the commodity
- aggregate loan principal for the crop year will equal or exceed \$50,000
- **STC required** additional search actions.

**Note:** County Offices shall file applicable UCC-1's required by State law, to protect CCC's security interest according to paragraph 521, regardless of MAL principal.

**C Recording UCC-1's for Chattel Mortgage Filing Date in APSS**

APSS was enhanced to **not** require filing dates of UCC-1's for loans less than \$50,000. County Offices are instructed to enter the date UCC-1 was filed in the "UCC-1 or Chattel Mortgage Filing Date" field on Screen PLA13005 for **all** loans.

**504 Lien Searches (Continued)****D When to Perform Lien Searches**

Lien searches shall be performed:

- **after** the loan request is filed and **before** the loan is approved and disbursed
- when collateral for a warehouse-stored loan is transferred to farm storage according to paragraph 617.

\* \* \*

Do **not** perform the lien searches **before** requests are filed.

Advise producers that loans **cannot** be disbursed until lien searches are completed and necessary CCC-679's are obtained according to paragraph 505.

**E Action After Lien Searches Are Performed**

When lien searches are completed, County Offices shall:

- file results of searches in applicable loan folders
- **before** loan disbursement, **require** producers to provide CCC-679's according to paragraph 505, for each lienholder discovered on lien search.

**\*--F CMA, DMA, and LSA Responsibilities**

CMA's, DMA's, and LSA's shall be reminded of their responsibility to pledge eligible commodities for CCC loan free of any liens based on their respective financial agreement.

If CMA, DMA, or LSA has pledged the commodity offered or to be offered for loan to obtain a line of credit, CMA, DMA, or LSA shall provide CCC-679 that is:--\*

- completed according to subparagraph 505 D
- signed by the applicable lending institution.

**G Paying Lien Search Fees**

Issue payment using the online payment web-based application for the lien search fees.

## 504 Lien Searches (Continued)

**H Lien Search and Filing Fees Paid by Producers**

\*--To decrease the lag time between a loan request and loan disbursement, producers may--\* pay for lien search and filing fees with a negotiable document made out to the applicable recording office using checks, cashier's checks, or money orders.

The producer is responsible for any charges resulting from insufficient funds for returned checks. If payment is made by cashier's check or money order, the producer is responsible for the applicable service fees. Producer-paid charges shall **not** be deducted from the loan proceeds.

**Note:** County Offices shall advise producers that paying the lien search and filing fees may decrease the lag time between a loan request and loan disbursement, but does not guarantee faster fund disbursement.

County Offices shall continue to process UCC-1's in the normal manner and attach the producer's check to UCC-1 when submitting UCC-1 for filing.

## 505 CCC-679's

**A Obtaining CCC-679's**

CCC-679's shall be obtained by the producer or CMA, DMA, or LSA, as follows:

- **before** loan disbursement

- for IRS Federal tax liens, if the producer certifies that the lien exists.

CCC-679's are **not** required for unrecorded liens **unless** the County Office has received actual notice of a lien from the lienholder.

**Note:** Notice of Levy received from IRS is considered evidence of a lien; therefore, CCC-679 **must** be sent to IRS.

CCC-679 shall be obtained from CMA, DMA, or LSA, according to 1-CMA, when CMA, DMA, or LSA informs the County Office that a lien is present.

**Note:** Lienholder may sign CCC-679 and FAX to the County Office.

## 525 Measurement Service for Loans or LDP's (Continued)

**F Applying Certain Factors to Loan and LDP Quantities**

Apply, to loan and LDP quantities, test weight factor, combined test weight and pack factors, and moisture shrinkage factor, as applicable. Use the following:

- combined test weight and pack factors to determine the measured quantity of barley, corn, oats, grain sorghum, soybeans, and wheat
- test weight and pack factors to determine the measured quantity for oilseeds, **except** soybeans
- as applicable, moisture shrinkage factors, according to Exhibit 12, when determining the measured quantity for:
  - oilseeds, **except** soybeans (subparagraph B)
  - all other commodities, including soybeans and ear corn (subparagraph A).

Do **not** apply the combined factors to any of the following:

- grain not stored in a structure
- corn and grain sorghum exceeding the maximum STC moisture levels
- cracked, rolled, or crimped shelled or ear corn.

For soybeans, the net weight and net bu. shall be the gross weight minus the weight of the foreign material exceeding 1 percent.

Exhibit 17 provides the combined test weight and pack factor tables for commodities that match calculations in APSS. When determining quantity using the combined test weight and pack factors in Exhibit 17, County Offices shall:

- enter the measurements in APSS on Screen PLB12000 in the normal manner; APSS calculates measurements using all columns in Exhibit 17
- remind producers they **must** verify the measurements and are responsible for the entire loan amount.

\*--Exhibit 75 provides the combined test weight and pack factors for pulse crops. The factors in columns 2 through 4 of the tables match the combined test weight and pack factors used in APSS when calculating quantity. For larger structures, the last 3 columns have been developed but are not equal to the combined test weight and pack factors used in APSS.--\*

**525 Measurement Service for Loans or LDP's (Continued)****F Applying Certain Factors to Loan and LDP Quantities**

\*--When determining quantity using the combined test weight and pack factors for pulse crops in Exhibit 75, County Offices shall:

- enter the determined test weight when entering the measurement in APSS on Screen PLB12000 in the normal manner
- manually compute the quantity using the last 3 columns of Exhibit 75 for larger structures, as applicable
- enter the manually calculated quantity on Screen PBL12000 in the field, "If measured quantity is not used, enter the weighted quantity."--\*

**526 Additional Storage Structure Designation for Loans****A Designating Additional Structures**

538, 539 (Reserved)

**540 Requesting Warehouse-Stored Loans (Continued)****E Handling Charges**

Beginning with the 2008 crop year, producers must provide acceptable documentation specifying that all in-handling charges have been provided for or paid before either of the following:

- a warehouse-stored loan will be disbursed for the commodity
- recording a settlement of a forfeited farm-stored loan.

Acceptable documentation includes either of the following:

- prepaid in-handling charges recorded directly on the warehouse receipt
- certification signed by the warehouse operator with the following language:

“Arrangements for the payment of all in-handling charges have been made by the depositor of the commodity covered by the receipts numbers (*insert receipt numbers*). No lien will be asserted by the warehouse operator against Commodity Credit Corporation or any subsequent holder of the warehouse receipt for in-handling charges.”

**Notes:** A loan disbursement can be offset to provide for charges other than in-handling, if the warehouse receipt indicates in-handling charges have been provided for or paid.

If using rice EWR's, the prepaid in-handling indicator **must** be set to “**Y**” to indicate in-handling charges have been provided for or paid for the quantity to be eligible for a warehouse-stored MAL.

Other references for offsets are found in paragraphs 30, 547, and 548.

**F Storage Charges**

Do not require producers to prepay storage charges. However, the producer must make arrangements for storage charges through the maturity date of the warehouse-stored loan.

Keep proof of prepaid storage in the producer's loan folder.

## 540 Requesting Warehouse-Stored Loans (Continued)

**G Storage Not Paid Through Maturity of Loan**

If the warehouse receipt does **not** show the storage has been paid through maturity of the loan, the warehouse operator shall provide either of the following:

- an endorsement prepared and signed by the warehouse operator on the warehouse receipt or applicable KC-350 (Grain) or KC-350 (Oilseed) indicating storage charges have been prepaid through maturity
- \*--the attached statement cross-referenced to the warehouse receipt and signed by the warehouse operator.--\*

**Example:** “Storage arrangements have been made by the depositor of the grain covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against CCC or any subsequent holder of the warehouse receipt for the storage charges that accrued **before** the date forfeited to CCC.”

\*--**Note:** Do **not** disburse the loan if the warehouse operator fails to provide a **signed--\*** endorsement or statement.

The County Office shall reduce the loan rate to reflect storage through maturity date of the loan, **only** if the loan is forfeited and storage charges had not been prepaid through maturity.

**Note:** County loan rates will no longer be reduced at loanmaking to account for unpaid storage charges through maturity.

If a reduction is made, the reduction is computed through APSS by multiplying the daily storage rate times the number of days; round the result to the nearest tenth of a cent.

The number of days is determined by the later of the following dates through the maturity date:

- date the commodity was received in the warehouse
- date storage charges started
- date from which storage was provided.

**Note:** For policy on peanuts, see applicable LP and PS notices.

**Part 7 Repayments, Releases, and Loan Maturity**

**Section 1 General Provisions**

<b>CCC-681-1</b> (09-17-99)	<b>U.S. DEPARTMENT OF AGRICULTURE</b> Commodity Credit Corporation	Form Approved – OMB No. 0560-0087
<b>AUTHORIZATION FOR DELIVERY OF LOAN COLLATERAL FOR SALE</b>		
<i>(Privacy Act and Public Burden Statement on Reverse)</i>		
<b>NOTIFICATION OF CCC'S SECURITY INTEREST</b>		
This notification is made pursuant to Section 1324 of the Food Security Act of 1985. Commodity Credit Corporation (CCC) has a perfected security interest in the entire quantity of the commodity specified in Part A, which has been pledged as collateral for the CCC loan number identified in Item 5. A copy of this loan agreement may be obtained at the address identified in Item 9. CCC's security interest has not lapsed and will not lapse until the earlier of the date specified in the financing statement executed by the producer or until written notification is given to the buyer by CCC that such interest has lapsed. CCC will waive its security interest with respect to the buyer identified in Item 10 only if such buyer remits payment payable to the "Commodity Credit Corporation" at the address indicated in Item 9 by the final date to repay as shown in Item 12. The amount of such payment is calculated by multiplying the repayment rate per unit by the quantity of commodity purchased not to exceed the quantity identified in Item 4. The repayment rate must be obtained from the County FSA Office indicated in Item 9. Any amount in excess of the amount required to repay the quantity of commodity actually purchased or in excess of the quantity shown in Item 4 will be refunded to buyer if Item 11 has been completed by the producer.		
CCC has previously obtained lien waivers from all major lienholders who claim an interest in the commodity identified in Part A which were superior to CCC. In the event that CCC has failed to obtain a lien waiver from a superior lienholder and the buyer is obligated to make a payment to such lienholder for the purchase of the commodity, CCC agrees to be subject to the actual dollar value of such lien if 1) payment was made solely to CCC because Item 11 is initialed and dated by one of the debtors; 2) the lien is established to be legally superior to CCC's interest; 3) the buyer fully cooperates with CCC's investigation of such other lien by supplying CCC with all requested information; and 4) the buyer lacks any affirmative defenses with respect to such lien. CCC will pay the actual dollar value of the lien, but not any collateral costs incurred by the buyer including, but not limited to, legal fees, court fees, interest, or penalties, unless otherwise authorized by law.

**PART B – BUYER'S INSTRUCTIONS FOR CALCULATING REPAYMENT AMOUNT**

**14. METHOD OF CALCULATION**

THE BUYER SHALL CALCULATE THE AMOUNT due CCC by multiplying the repayment rate, per unit, times the quantity of commodity delivered and purchased, not to exceed the quantity identified in block 4. If the amount calculated exceeds the sales proceeds, the entire sales proceeds shall be submitted. A check payable to "Commodity Credit Corporation" shall be provided to the address shown in block 9 to be received on or before the fifteenth calendar day after the date shown in block 12. Documentation showing the quantity purchased on the date(s) such quantity was received must accompany the repayment.

The repayment rate can be based on the date of repayment, the "locked in" repayment rate, or principal plus applicable interest. Any quantity delivered after loan maturity must be repaid at principal plus interest only.

## Section 6 Calculating Market Loan Repayment Rates

## 783 General Information

## A CCC-Determined Value

CCC-determined value is the lesser of the following:

- 30-calendar-day PCP
- alternative PCP
- announced rates, as applicable to other commodities.

CCC-determined value is the amount used to determine the following:

- LDP rates
- market loan repayment rates.

**\*--Note:** CCC-determined value shall **not** be adjusted for ACRE. However, the loan rate used to determine the LDP rate is the result of the ACRE adjustment, as applicable.--\*

## B LDP Rate

The LDP rate is determined by the amount the applicable commodity loan rate exceeds the CCC-determined value according to paragraph 1004.

## C Market Loan Repayment Rate

The market loan repayment rate is the lesser of the following:

- loan rate plus interest
- the 30-day-calendar method, as explained in subparagraph 785 B
- the alternative method, as explained in subparagraph 785 C that is either of the following:
  - 5-calendar-day method for wheat, feed grains, soybeans, canola, flaxseed, and oil and nonoil sunflower seed

**Note:** The repayment rate for **nonoil** sunflowers (confectionary type) will occur at the lesser of the following:

- loan rate plus interest
- the oil sunflower seed repayment rate.
- alternative repayment method for pulse crops and other oilseeds, peanuts, wool, and mohair.

**Notes:** The repayment rates are **not** crop year specific and, as an example, apply to all outstanding 2010 crop MAL's and 2011 MAL's and LDP's.

Complete market loan repayments according to paragraph 715 and Section 4.

## 784 Terminal Market Rates and County Differentials

### A Terminal Market Rates

County Offices are assigned 1 or 2 terminal markets for each commodity by KCCO. The terminal market rates are used to determine the CCC-determined value.

### B Rate Announcement

Terminal market rates are announced to the extent possible:

- daily, for canola, feed grains, flaxseed, soybeans, sun flowers, and wheat
- Friday, for oilseeds **except** canola, flaxseed, soybeans, and sun flowers.

Market rates are announced to the extent possible:

- Friday, for pulse crops
- Tuesday, effective at 12:01 a.m. Wednesday, for peanuts, wool, and mohair.

\* \* \*

All terminal market rates and market rates are in effect until the next rate change is announced.

**Example:** The rate announced on Friday for wheat will be used for all nonworkdays until the next announcement of the rates on the first workday, as applicable.

### C Daily Market Rates

The terminal market rates are downloaded from KCCO and posted to [www.fsa.usda.gov/FSA/webapp?area=home&subject=coop&topic=rpt](http://www.fsa.usda.gov/FSA/webapp?area=home&subject=coop&topic=rpt); scroll down and CLICK “Market Prices”.

KCCO maintains and archives market prices for public use at [www.fsa.usda.gov/FSA/webapp?area=home&subject=coop&topic=rpt](http://www.fsa.usda.gov/FSA/webapp?area=home&subject=coop&topic=rpt); scroll down and CLICK “Archived Market Prices”.

The “Daily Market Rates” display all of the following:

- date of posting
- individual terminal market price closings from previous day
- commodity
- footnotes for adjusting terminal market prices for certain commodities.

## Section 1 General Provisions

## 1000 Basic Provisions

## A Definition of LDP's

## B General Provisions

LDP's:

- will be processed through eLDP web site by the County Office or producer
- **Note:** LDP's can be processed through APSS **only** with authorization from PSD.
- will be issued by EFT or check, as applicable, subject to assignment
- are subject to administrative offset according to 58-FI
- shall be subject to AGI requirements

**\*--Notes:** CCC-931 is required after CCC-633 EZ is filed. See current AGI policy for additional information.

For the 2012 crop year, CCC-931 must **not** be a version dated before 12-7-11.

A valid AGI certification is on file according to 4-PL, Part 6 for each applicable crop year.--\*

- **must** be approved when all eligibility requirements are met
- **cannot** be canceled or repledged once a request has been made or disapproved
- **Note:** LDP requests disapproved because the requested quantity exceeded the maximum eligible commodity may be approved if the producer provides acceptable production according to paragraph 230.
- **cannot** be repaid to request a subsequent loan or LDP on the same quantity
- are **not** subject to commodity assessments
- are subject to spot check according to Part 3
- will be paid when approved

**1000 Basic Provisions (Continued)****B General Provisions (Continued)**

- are subject to the 30 percent loan rate deduction when calculating the LDP rate for commodities produced from an ACRE-elected farm

**\*--Notes:** The base loan rate **must** be reduced by 30 percent **before** applying PCP for any commodity produced on an ACRE-elected farm.

Currently in the eLDP software, there is **not** a report available to determine if County Offices are accurately indicating if the quantity for LDP is from an ACRE-elected farm.--\*

- exceeding \$100,000 requires the applicant to comply with lobbying disclosure requirements (paragraph 28).

Lien searches and lien waivers are **not** required.

**C Producer and CMA Eligibility Requirements**

Producers and approved CMA's for their members, applying for LDP, must:

- meet eligibility requirements in Part 2, as applicable
- agree to forgo obtaining a loan for the quantity on which LDP is requested.

**D Storage Requirements**

[7 CFR 1421.200] Approved storage requirements are waived for LDP's.

**E LDP Numbers**

LDP numbers will be assigned by both APSS and the Web. The number assigned by eLDP will be provided from an external site for eLDP's processed by both County Offices and producers.

**F Filing LDP's**

LDP's shall be maintained in 1 of the following:

- a separate LDP file for **each** request received
- LDP file for **each** producer
- LDP file for **each** producer by commodity.

See subparagraph H for an example of a County Office checklist for determining eligibility and processing an LDP request.

**G LDP Amount Reported to IRS**

• (Recourse loans)

You were previously notified on **(date of initial notification letter)** of a potential problem regarding your **(year)**-crop **(commodity type)** loan **(number)** and the possibility of accelerating the maturity date **(maturity date)**. Based upon **(enter pertinent facts considered by the COC)**, the County Committee has determined to accelerate the maturity date to **(30 days from the date of this letter.)** The only option available on or before the loan maturity date is to repay the principal and charges, plus interest, with cash.

Interest will continue to accrue until the amount due is repaid. The following apply if the loan is not repaid by **(maturity date)**:

- foreclosure proceedings will begin
- the collateral will be sold to the highest bidder
- the amount due will be recorded for offset from any FSA or CCC payment due you.

Please indicate your intentions on the enclosed sheet, and sign, date, and return to the address shown above on or before **(maturity date)**. **(Select the applicable indication response to be enclosed.)**

Make your check payable to “*Commodity Credit Corporation*” and send it to this office at the address shown above. If you are unable to pay the debt in full now, you may qualify to establish a mutually acceptable repayment agreement and pay in installments. To find out if you qualify for installment payments, submit a written request to this office and include information about your income, expenses, assets and liabilities.

Principal or LDP Amount	Interest	Liquidated Damages (at 10 percent)
Market Gain	Other charges Paid by CCC	Total Amount

The amount shown above has been recorded for offset from any FSA, CCC or other Federal Agency payment, which may be due you.

If a debt is not paid within the next 30 calendar days, the debt will be past due and a receivable will be established on a debt record. Late payment interest will accrue on the debt at the rate of \_\_\_\_% per annum from the date of this letter until the debt is paid in full or otherwise resolved. FSA will waive late payment interest on the debt (or any part of the debt) that is paid in the next 30 calendar days. If the matter is not resolved within 90 calendar days from the date of this letter, an additional 3% interest will be assessed on the unpaid balance on the debt retroactively from the date of this letter.

If payment in full or arrangements to pay the debt in full are not made within 60 calendar days from the date of this letter, the debt will be transferred to the Financial Services Center (FSC) in Kansas City for further handling. If the debt remains unresolved, FSC will refer the delinquent debt to the Department of Treasury for collection and inclusion in the Treasury Offset Program (TOP). The Department of Treasury will collect the debt by offset of any eligible Federal or State payments, including any income tax refund, to which you may be entitled.

**\*--O Notification Letter for Accelerating Loan Maturity, Loan Call or Refund of Entire LDP--\***  
**(Continued)**

Because this debt may be collected by offset of your Federal income tax refund, you may present evidence that all or part of the debt is not past due or legally enforceable. To do so, submit to this office within 60 calendar days from the date of this letter a written explanation of your position that the debt or part of the debt is not past due or legally enforceable, and include documentation to support your position. Also, if the debt is not resolved within the next 30 calendar days, information about this debt, including your name, address, taxpayer identification number, debt amount, date of delinquency, debt status, history of the debt, and the program under which the debt arose, may be disclosed to credit reporting agencies after 60 calendar days from the date of this letter.

Further actions may be taken by this Agency and the Department of Treasury to collect the delinquent debt if it is not resolved. The collection actions are authorized under Federal law and regulations, including the Debt Collection Improvement Act of 1996 (DCIA). Additional actions that may be taken to recover the debt include:

- Assessment of interest, administrative costs, and penalties
- Administrative garnishment of wages
- Referral of the debt to private collection agencies and Treasury-designated collection centers
- Referral of the debt to Agency counsel or Department of Justice for litigation
- Reporting the debt to Internal Revenue Service if the debt, or any portion of the debt, is discharged.

We are required under Federal law to refer the debt to the Department of Treasury for collection when the debt is 180 calendar days delinquent. However, the debt may be referred to the Department of Treasury sooner than 180 calendar days.

Our records do not indicate that you have filed for bankruptcy protection. If you filed for bankruptcy, please notify this office as soon as possible so that we may update our records to reflect the bankruptcy, and proceed to resolve this debt in accordance with bankruptcy procedures.

**(Insert the applicable appeal language for reconsideration to COC. Appeal to STC, alternate dispute resolution, and appeals to NAD according to 1-APP, paragraph 14.)**

Please contact this office at the address shown above if you have any questions. We want to work with you to resolve this debt and to discuss repayment options, if necessary. If your debt is paid or otherwise resolved quickly, it will not be referred to the Department of Treasury for collection, nor will it be reported to credit reporting agencies.

**Test Weight and Pack Factor for Pulse Crops**

**A Chickpeas**

Use the following test weight factors to determine the measured quantity for large and small chickpeas.

**Note:** The factor equals the actual test weight divided by the standard test weight, rounded to decimal places.

Standard test weight for large and small chickpeas is 58 lbs. per bu.
