---

Thanks for clicking on the Alaska State Farm Service (FSA) website. I am excited to be appointed by President Obama to serve as the State Executive Director for the Alaska Farm Service Agency. I have lived here for 40 years and know that Alaska is a special place. We have conditions here that are different from our friends in the lower 48. This summer, Secretary Vilsack visited our great state. He traveled to Palmer, Bethel and Hooper Bay. He has seen it first-hand, talking to dairy farmers, vegetable growers, and other producers. Secretary Vilsack asked me to implement our programs in a way that fits our unique situations. I am committed to helping Alaska farmers and ranchers secure the greatest possible benefit from our programs, such as farm loans, disaster relief, conservation, or other available resources.

Our staff in Palmer and Delta Junction is knowledgeable and hard working. Please stop by, give us a call, or drop us an email to let us know how we can help support you, your families and your local communities.

Keep visiting our website for more information and updates!

Sincerely,

Danny Consenstein, State Executive Director
