Message from the State Executive Director

Welcome to the Montana State Farm Service Agency (FSA) website. FSA assists Montanas farmers and ranchers in preserving and promoting agriculture within Montana.

Best Wishes,
Randy Johnson

Online Services

For your convenience we have provided several services online. If you are new to the site and would like to obtain a USDA Service Center Customer ID and password, please **Register** now. Several online services do not require an ID and password.

USDA eAuthentication is the system used by USDA agencies to enable customers to obtain accounts that will allow them to access USDA Web applications and services via the Internet. This includes things such as submitting forms electronically, completing surveys online, and checking the status of your USDA accounts.

Please note that USDA will only accept eAuthentication Accounts from individuals.

Currently USDA eAuthentication does not have the mechanism to issue accounts to businesses, corporations or other entities.

To apply for a USDA eAuthentication Account, please visit the [Create An Account Page](#).

eForms

Why go down to your local service center - go here to find the forms you need and submit them electronically.

Online Services

What are eLDP's?

The Farm Service Agency's (FSA) electronic Loan Deficiency Payment Service (eLDP) is an Internet-based service allowing producers to request LDPs online and, in most cases, receive approval and payment by direct deposit within 48 hours. eLDPs are available to eligible producers in all 50 States and are offered as an additional option to producers requesting an LDP. LDP benefits are still available at the local FSA county office. However, eLDP services provide greater flexibility to producers who conduct business online and want to avoid travel time to and from the local FSA office.

How Do I Access the eLDP Service?

Access to the eLDP service is available to all USDA customers. In order to insure personal identity, you must first register for a **USDA eAuthentication Level 2 Account**. This process is easy and starts online by creating a user ID and password and confirming your email. The final step requires visiting a local USDA Service Center to complete the eAuthentication process.

Once you have your eAuthentication account, you can click on the 'Login' link on the top of this page and enter your user ID and password on the USDA login screen.

USDA provides eLDP services in a secure online environment that protects participants' privacy through stringent security measures. All participating customers will have an eLDP Customer Profile set up through a software application that validates their farming and crop information. Local FSA county

Part C - Producer Certification

I certify that all information entered on this form is true and correct. By completing and reviewing Part A and by signing this form the producer(s) ("Producer") hereby enters into this agreement with the Commodity Credit Corporation (CCC) with respect to the commodity described in Part B and agrees that the loan deficiency payment (LDP) rate in effect for the applicable commodity: (1) for upland cotton on the date of ginning; or (2) for all other commodities on the date of delivery to the processor, buyer, warehouse, or cooperative if the commodity is delivered directly from the field to the processor, buyer, warehouse, or cooperative. The producer further understands that with respect to the commodity described in Part B: (1) to receive payment for the commodity, a request for payment must be made at the County FSA Office where the farm records are kept; (2) that if the commodity is delivered to a farm storage, except for temporary storage or immediate drying, this agreement becomes null and void and a CCC 633 eLDP for grain, wool and mohair or CCC-Cotton AA for cotton must be requested before the producer loses beneficial interest in the commodity; (3) any false claim or statement made may lead to civil liability or criminal prosecution; (4) this eLDP may be selected for spot check and the producer will be required to provide supplemental documents to determine program eligibility; (5) this agreement remains in force until such time it is revised or terminated on or before the date of ginning for cotton or date of shearing for wool and mohair, date and delivery for unshorn lamb pelts, or date of harvest for all other requests; (6) that the producer agrees to forgo a commodity loan on the quantity requested for eLDP unless a quantity is denied eLDP due to payment limitation and that the producer may not repay or refund any eLDP amount in order to obtain a commodity loan; (7) CCC may require copies of sales contract for the production represented by this application; (8) this application is subject to determination by CCC of the Producer's eligibility to receive eLDP, and that this application and CCC's determination are subject to 7 CFR Part 1427 or 1421, as applicable; (9) CCC shall require the refund of the eLDP amount, plus interest from the date of payment if the producer is later determined by CCC to be ineligible for the eLDP; and (10) CCC shall assess liquidated damages in accordance with 7 CFR Part 1427 or 1421, as applicable, if the producer misrepresented the eligible commodity indicated above.

33. When finished click "Continue"

e-LDP

- Is your quantity of crop eligible for a CCC loan? (it must be eligible to apply for an LDP)
- Does more than one producer have an interest in the quantity for this request? (You may only apply for your share of the commodity)
- Do/Did you have beneficial interest (title, control, & risk of loss) at the time of the LDP request date? If the answer is NO, you can fill out a sold/delivered/fed LDP.
- If a verbal or written contract or option to purchase exists on the requested quantity, has an advance payment been received?
- Does the quantity requested only include your produced share for the current crop year? (You can't request an LDP on a landlord's share, even if you purchased it)
- You can only request 1 LDP per quantity; click "Yes"

Part C - Producer Certification

I certify that all information entered on this request is true and correct. By completing and reviewing Part A and by submitting this request the producer ("Producer"), hereby makes a claim for payment from the Commodity Credit Corporation (CCC) with respect to the commodity described in Part B and agrees to accept the loan deficiency payment (LDP) in effect for the applicable commodity for the county where the commodity is stored and the rate in effect as of the date of this eLDP request. The producer further understands that with respect to the commodity described in Part B (1) to receive payment for the commodity, a request for payment must be made at the County FSA Office where the farm records are kept; (2) any false claim or false statement made may lead to civil liability or criminal prosecution; (3) this eLDP may be selected for spot check and the producer will be required to provide supplemental documents to determine program eligibility; (4) that the producer agrees to forgo a commodity loan or the quantity requested for eLDP and that the producer may not repay or refund any eLDP amount in order to obtain a commodity loan; (5) CCC may require copies of sales contracts for the production represented by this application; (6) this application is subject to determination by CCC of the Producer's eligibility to receive eLDP, and that this application and CCC's determination are subject to 7 CFR Part 1421, as applicable; (7) CCC shall require the refund of the eLDP amount, plus interest from the date of payment if the producer is later determined by CCC to be ineligible for the eLDP; and (8) CCC shall assess liquidated damages in accordance with 7 CFR Part 1421, as applicable, if the producer misrepresented the eligible commodity indicated above; and (9) that maximum eligible quantity determinations must equal the yield used for determining disaster or crop insurance payments, as applicable.
