

Extension of 2008 Farm Bill for 2013

Passage of the American Taxpayer Relief Act of 2012 extended the authorization of the Food, Conservation, and Energy Act of 2008 (the 2008 Farm Bill) for many Commodity Credit Corporation (CCC) commodity, disaster, and conservation programs through 2013. The Farm Service Agency (FSA) administers these programs through our 41 FSA County Service Center Offices here in Virginia.

The extended programs include, among others: the Direct and Counter-Cyclical Payment Program (DCP), the Average Crop Revenue Election Program (ACRE), Conservation Reserve Program (CRP and CREP), Marketing Assistance Loans (MAL and LDP except for Mohair) and the Milk Income Loss Contract Program (MILC).

FSA is preparing the following actions:

- FSA will begin sign-ups for DCP and ACRE for the 2013 crops on Feb. 19, 2013. The DCP sign-up period will end on Aug. 2, 2013; the ACRE sign-up period will end on June 3, 2013. The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013 (and vice versa).
- All dairy producers' MILC contracts are automatically extended to Sept. 30, 2013. Eligible producers therefore do not need to re-enroll in MILC. Specific details regarding certain modifications to MILC will be released soon.

FSA will provide producers with information on program requirements, updates and signups as the information becomes available. Any additional details will be posted on FSA's website.
