## Other USDA Agencies

### Agricultural Marketing Service (AMS)

AMS facilitates the strategic marketing of agricultural products in domestic and international markets while ensuring fair trading practices and promoting a competitive and efficient marketplace. AMS constantly works to develop new marketing services to increase customer satisfaction.

### Agricultural Research Service (ARS)

ARS is USDA's principal in-house research agency. ARS leads America towards a better future through agricultural research and information.

### Center for Nutrition Policy and Promotion (CNPP)

CNPP works to improve the health and well-being of Americans by developing and promoting dietary guidance that links scientific research to the nutrition needs of consumers.

### Economic Research Service (ERS)

ERS is USDA's principal social science research agency. Each year, ERS communicates research results and socioeconomic indicators via briefings, analyses for policymakers and their staffs, market analysis updates, and major reports.

### Food and Nutrition Service (FNS)

FNS increases food security and reduces hunger in partnership with cooperating organizations by providing children and low-income people access to food, a healthy diet, and nutrition education in a manner that supports American agriculture and inspires public confidence.

### Food Safety and Inspection Service (FSIS)

FSIS enhances public health and well-being by protecting the public from food borne illness and ensuring that the nation's meat, poultry and egg products are safe, wholesome, and correctly packaged.

### Foreign Agricultural Service (FAS)

FAS works to improve foreign market access for U.S. products. This USDA agency operates programs designed to build new markets and improve the competitive position of U.S. agriculture in the global marketplace.

### Grain Inspection, Packers and Stockyards Administration (GIPSA)

GIPSA facilitates the marketing of livestock, poultry, meat, cereals, oilseeds, and related agricultural products. It also promotes fair and competitive trading practices for the overall benefit of consumers and American agriculture. GIPSA ensures open and competitive markets for livestock, poultry, and meat by investigating and monitoring industry trade practices.

### National Agricultural Library (NAL)

NAL ensures and enhances access to agricultural information for a better quality of life.
