

**For:** State and County Offices and CMA’s, DMA’s, and LSA’s

**Web-Based Alternative Delivery Partner Process Beta Test**

**Approved by:** Deputy Administrator, Farm Programs

**1 Overview**

**A Background**

CCC authorizes producers to request MAL’s and LDP’s through FSA County Offices, or CMA’s, peanut DMA’s, and LSA’s. Currently, the approved cooperatives do **not** have direct access to producer information maintained by FSA.

The existing process for delivering producer eligibility information is titled, “CMA Process”. CMA Process uses a secure File Transfer Protocol to transfer producer-eligibility information requested by CMA, DMA, or LSA based on the submitted producers ID’s. The eligibility request files are uploaded by CMA, DMA, and LSA to the Kansas City FSA office using their unique ID and passwords.

The Kansas City FSA office and PSD have developed a web-based eligibility process titled, “Alternative Delivery Partner Process”. The Alternative Delivery Partner Process uses data currently handled through various FSA web-based systems. Phase II of the software development includes beta testing the software by all CMA's, DMA's, and LSA's. The Alternative Delivery Partner Process will operate concurrent with the existing CMA Process during the beta test. Alternative Delivery Partner Process will eventually replace the existing CMA Process.

**B Purpose**

This notice outlines the requirements and provides instructions for the Alternative Delivery Partner Process to all CMA's, DMA's, and LSA's.

<b>Disposal Date</b>	<b>Distribution</b>
December 1, 2013	State Offices; State Offices relay to County Offices, CMA’s, DMA’s, and LSA’s

## Notice CMA-129

### 2 Alternative Delivery Partner Process Implementation

#### A Release Date

The Alternative Delivery Partner Process beta test is scheduled to be available to all CMA's, DMA's, and LSA's on **May 15, 2013**.

#### B Alternative Delivery Partner Process Beta Test

The Alternative Delivery Partner beta test will be available to receive input files and process the files on a twice weekly batch process basis. CMA's, DMA's, and LSA's shall:

- submit 2012 producer eligibility files until June 12, 2013
- submit complete files for all producers between May 15, 2013, and June 12, 2013
- discontinue submitting 2012 eligibility requests after June 12, 2013.

#### C Alternative Delivery Partner Process Features

During the beta-testing phase, the web-based Alternative Delivery Partner Process will run concurrent with the existing CMA Process. Existing users of CMA Process will continue to receive downloads in the current and existing manner.

After the beta test is complete and the Alternative Delivery Partner Process is fully implemented, it will include the following enhancements:

- eligibility input file (MB1) can be submitted by CMA's, DMA's, and LSA's daily and processed nightly
- output file (MB3 and MB5) will be available the following workday.

#### D Eligibility Determinations

The Alternative Delivery Partner Process will include the following features:

- eligibility determinations for single and multi-member entities based on the descriptions in Exhibit 1
- eligibility checks for entities based on the entity types and criteria described in Exhibits 2 and 3
- rules for eligibility criteria based on the values described in Exhibit 4
- eligibility data extracted from the applicable FSA systems using the following Web services:
  - ACRE
  - AGI
  - CARS
  - compliance
  - NPS
  - SCIMS
  - subsidiary.

## Notice CMA-129

### 3 CMA, DMA, and LSA Action

#### A Accessing the Alternative Delivery Partner Process

CMA's, DMA's, and LSA's will access the web-based Alternative Delivery Partner Process in the same manner as the existing CMA Process. For the beta test, the resulting output files will have a "Beta" indicator in the filename. CMA's, DMA's, and LSA's shall:

- monitor and review the beta-test files
- provide comments, concerns, and feedback to PSD on the results of the Alternative Delivery Partner Process by e-mail to the contacts listed in subparagraph 4 B during the beta test period.

#### B Alternative Delivery Partner Process File Layout

The Alternative Delivery Partner Process (MB1) submission, MB5, and Summary Report (MB3) processing will follow the existing CMA Process processing schedule. The:

- MB1 file layout is unchanged according to 1-CMA, paragraphs 237 and 238
- MB5 file is modified to include additional information included in Exhibit 4
- MB3 report associated with the processing result will be generated similar to the report in Exhibit 5.

#### C Software Modifications

All CMA's, DMA's, and LSA's shall ensure that their MAL/LDP systems are able to use the eligibility data provided through the Alternative Delivery Partner Process by modifying their existing automated systems to comply with the requirements included in this notice.

### 4 State Office Action and Contacts

#### A State Office Action

State Offices shall relay the contents of this notice to all approved CMA's, DMA's, and LSA's.
