Entering CCC-633 EZ Date in eLDP Customer Profile

Approved by: Acting Deputy Administrator, Farm Programs

1 Entering CCC-709 and CCC-633 EZ Date

A Background

Notice LP-1997 provided information about CCC-633 EZ, Loan Deficiency Payment (LDP) Agreement and Request. For crop year 2005, producers may file CCC-709 and/or CCC-633 EZ, Page 1 to indicate their intentions for field direct quantities.

The eLDP customer profile captures the date CCC-709 is filed for a specific crop. The CCC-709 date is used later in the application process to validate that field direct quantities may not be entered before the CCC-709 date entered in the customer profile.

Software enhancements will not be made for the 2005 crop year to accommodate for a separate CCC-633 EZ, Page 1 date field. The CCC-709 date entry field has been changed to "709/633 EZ approval date". The field will be used for both CCC-709 and CCC-633 EZ.

For crop year 2005 **only**, County Offices will enter either the CCC-709 or CCC-633 EZ, Page 1 date in the customer profile.

B Purpose

This notice informs State and County Offices about entering CCC-709 and CCC-633 EZ dates in the customer profile.
