Posted Error for LDP Rate for Mohair

Approved by: Acting Deputy Administrator, Farm Programs

1 Incorrectly Posted LDP Rate for Mohair

A Background

The LDP rate for mohair was incorrectly posted at \$0.65 to the PSD web site on October 18, 2006. This error resulted in an underpayment of \$0.23 to mohair LDP's processed in APSS on October 18, 2006.

The correct LDP rate of \$0.88 has since been posted to the PSD web site. However, LDP's processed in APSS on October 18, 2006, at the incorrect LDP rate must be corrected.

Note: No action is required for mohair LDP's processed through eLDP software on October 18, 2006, because the eLDP software contained the correct LDP rate.
